PASADENA...

What is Pasadena? To some it is a meaningless word. To others it is the location of the famous Rose Parade and Rose Bowl. But to us, those who attended Blair, Pasadena is a place of many memories.

Pasadena was where we stayed in the growing years of our lives. We formed relationships, slowly learning how to interact with one another through our many mistakes. We were educated, making a solid foundation upon which to build our futures. We discovered what we liked and who we really were.

In our activities, we uncovered the uniqueness of our city. There was so much that was special about Pasadena: its history, its fame, and its diverse opportunities. But, above all, Pasadena was our home, and we will remember it as such.

How Do You Spell Relief?

1983

*Seniors we are and proud of it.
Diplomas are all that we covet.
High school was tough;
But we did our stuff;
And now that we're done, we do love it.*

1985

*No longer freshmen are we.
We look down on them with great glee.
Fun is our game;
Sophomore's our name;
We're the cream of the crop, wait and see.*

1984

*Juniors have one year to go.
Academics were our biggest woe.
Fund-raisers went great;
Our class is first rate;
Next year will be neat, we know.*

1986

*Our earlies days weren't so sunny.
Cuz seniors thought torture was funny.
They picked on us;
And, boy, did we fuss,
But laughed at their need for more money.*

*"Friendship is a single soul
dwelling in two bodies."*

(Aristotle)

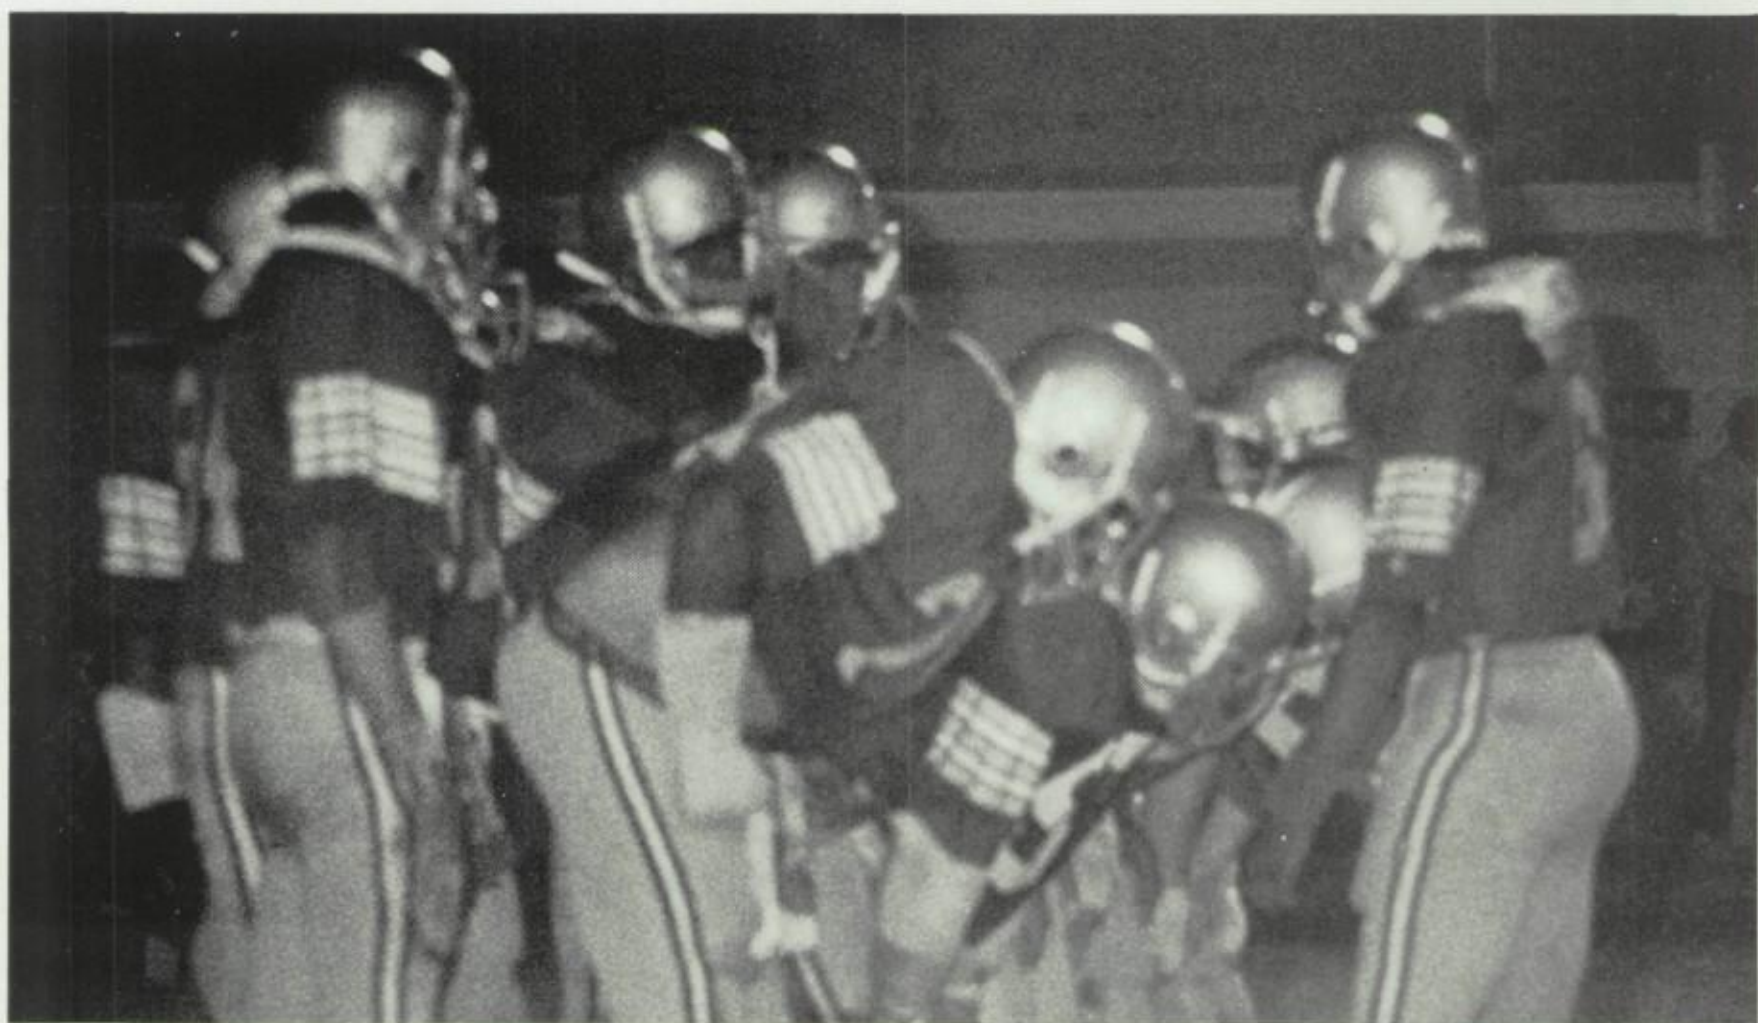

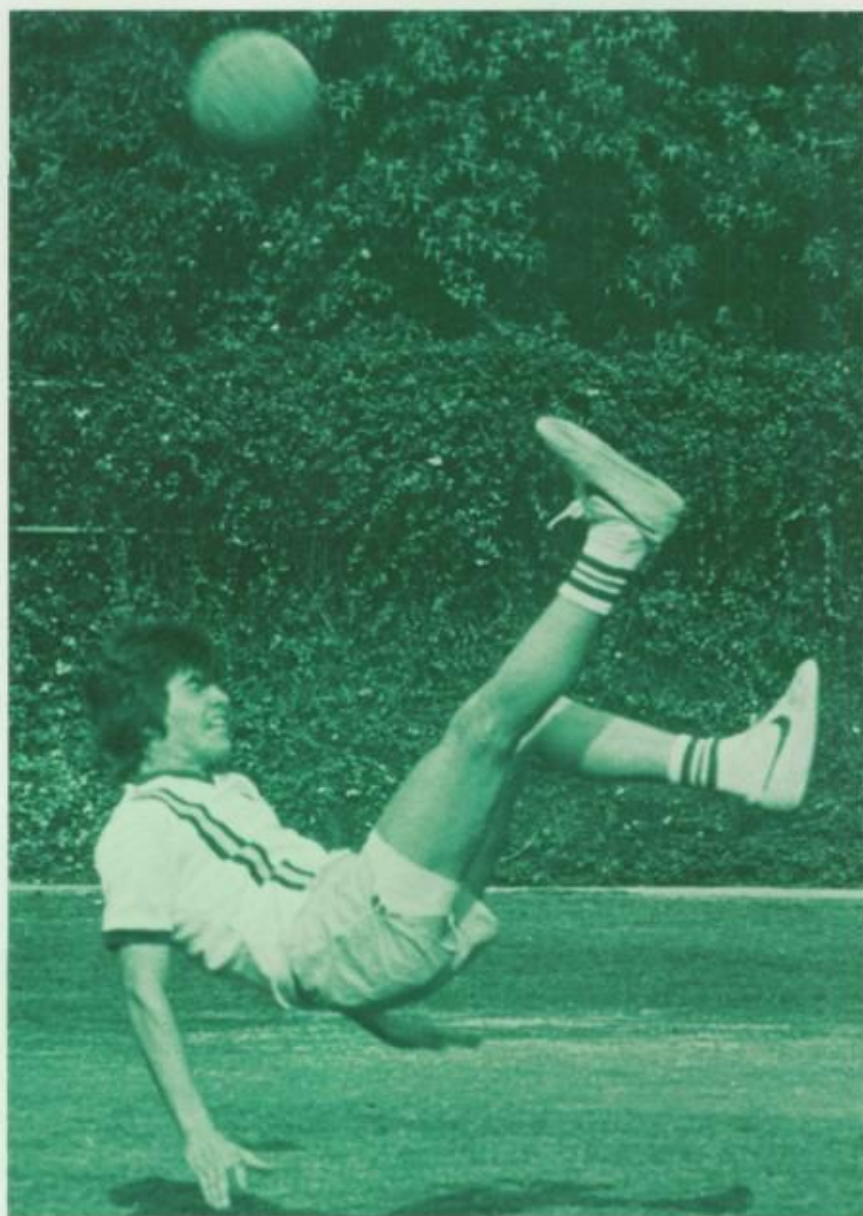

What was school all about? Was it the four hours nightly of homework? Was it the endless exams for which we prepared so diligently? Was it the completion of the Proficiency, SAT, Achievement, and Advanced Placement tests? No, the long-lasting effect of our stay at Blair was the friendships we made and will keep forever.

Going through the hard times was only made bearable by friends. The tears, the laughter; the joy, the sorrow; the fights, the reconciliation. That's what friendship is all about. We've shared these feelings and remember the moments. When asked about the good times in high school we recall the incredible football games, the beautiful Homecoming, the spirited assemblies, the fantastic Prom, the solemn Baccalaureate, and the joyful Graduation. It was friends that made these events memorable. We may not remember the tests, the trials, and the homework, but we will always cherish the friendships.

C.I.F.

If there was one thing for which the 1983 students of Blair will be remembered, it was the all-around success of its athletic department. Blair had not one, not two, but four teams go to the C.I.F. playoffs.

Under the guidance of Herb Robinson, the football team qualified for post-season play for the third consecutive year. Ray Skinner, Harry Johnson, Dave Aebersold, and Andy Provence were integral parts of the team.

Despite a depleted bench, Pete Cohen's waterpolo team became the first in Blair's history to reach the third round of C.I.F. Jan Sherry, Jo Wade, and Greg Wade were the leaders.

Finding the recent change in leagues advantageous, the basketball team, under Jim Hennacy, was easily eligible for the post-season tournament. With Glenn Jackson and Darren Underwood at the helm, the team had a banner year.

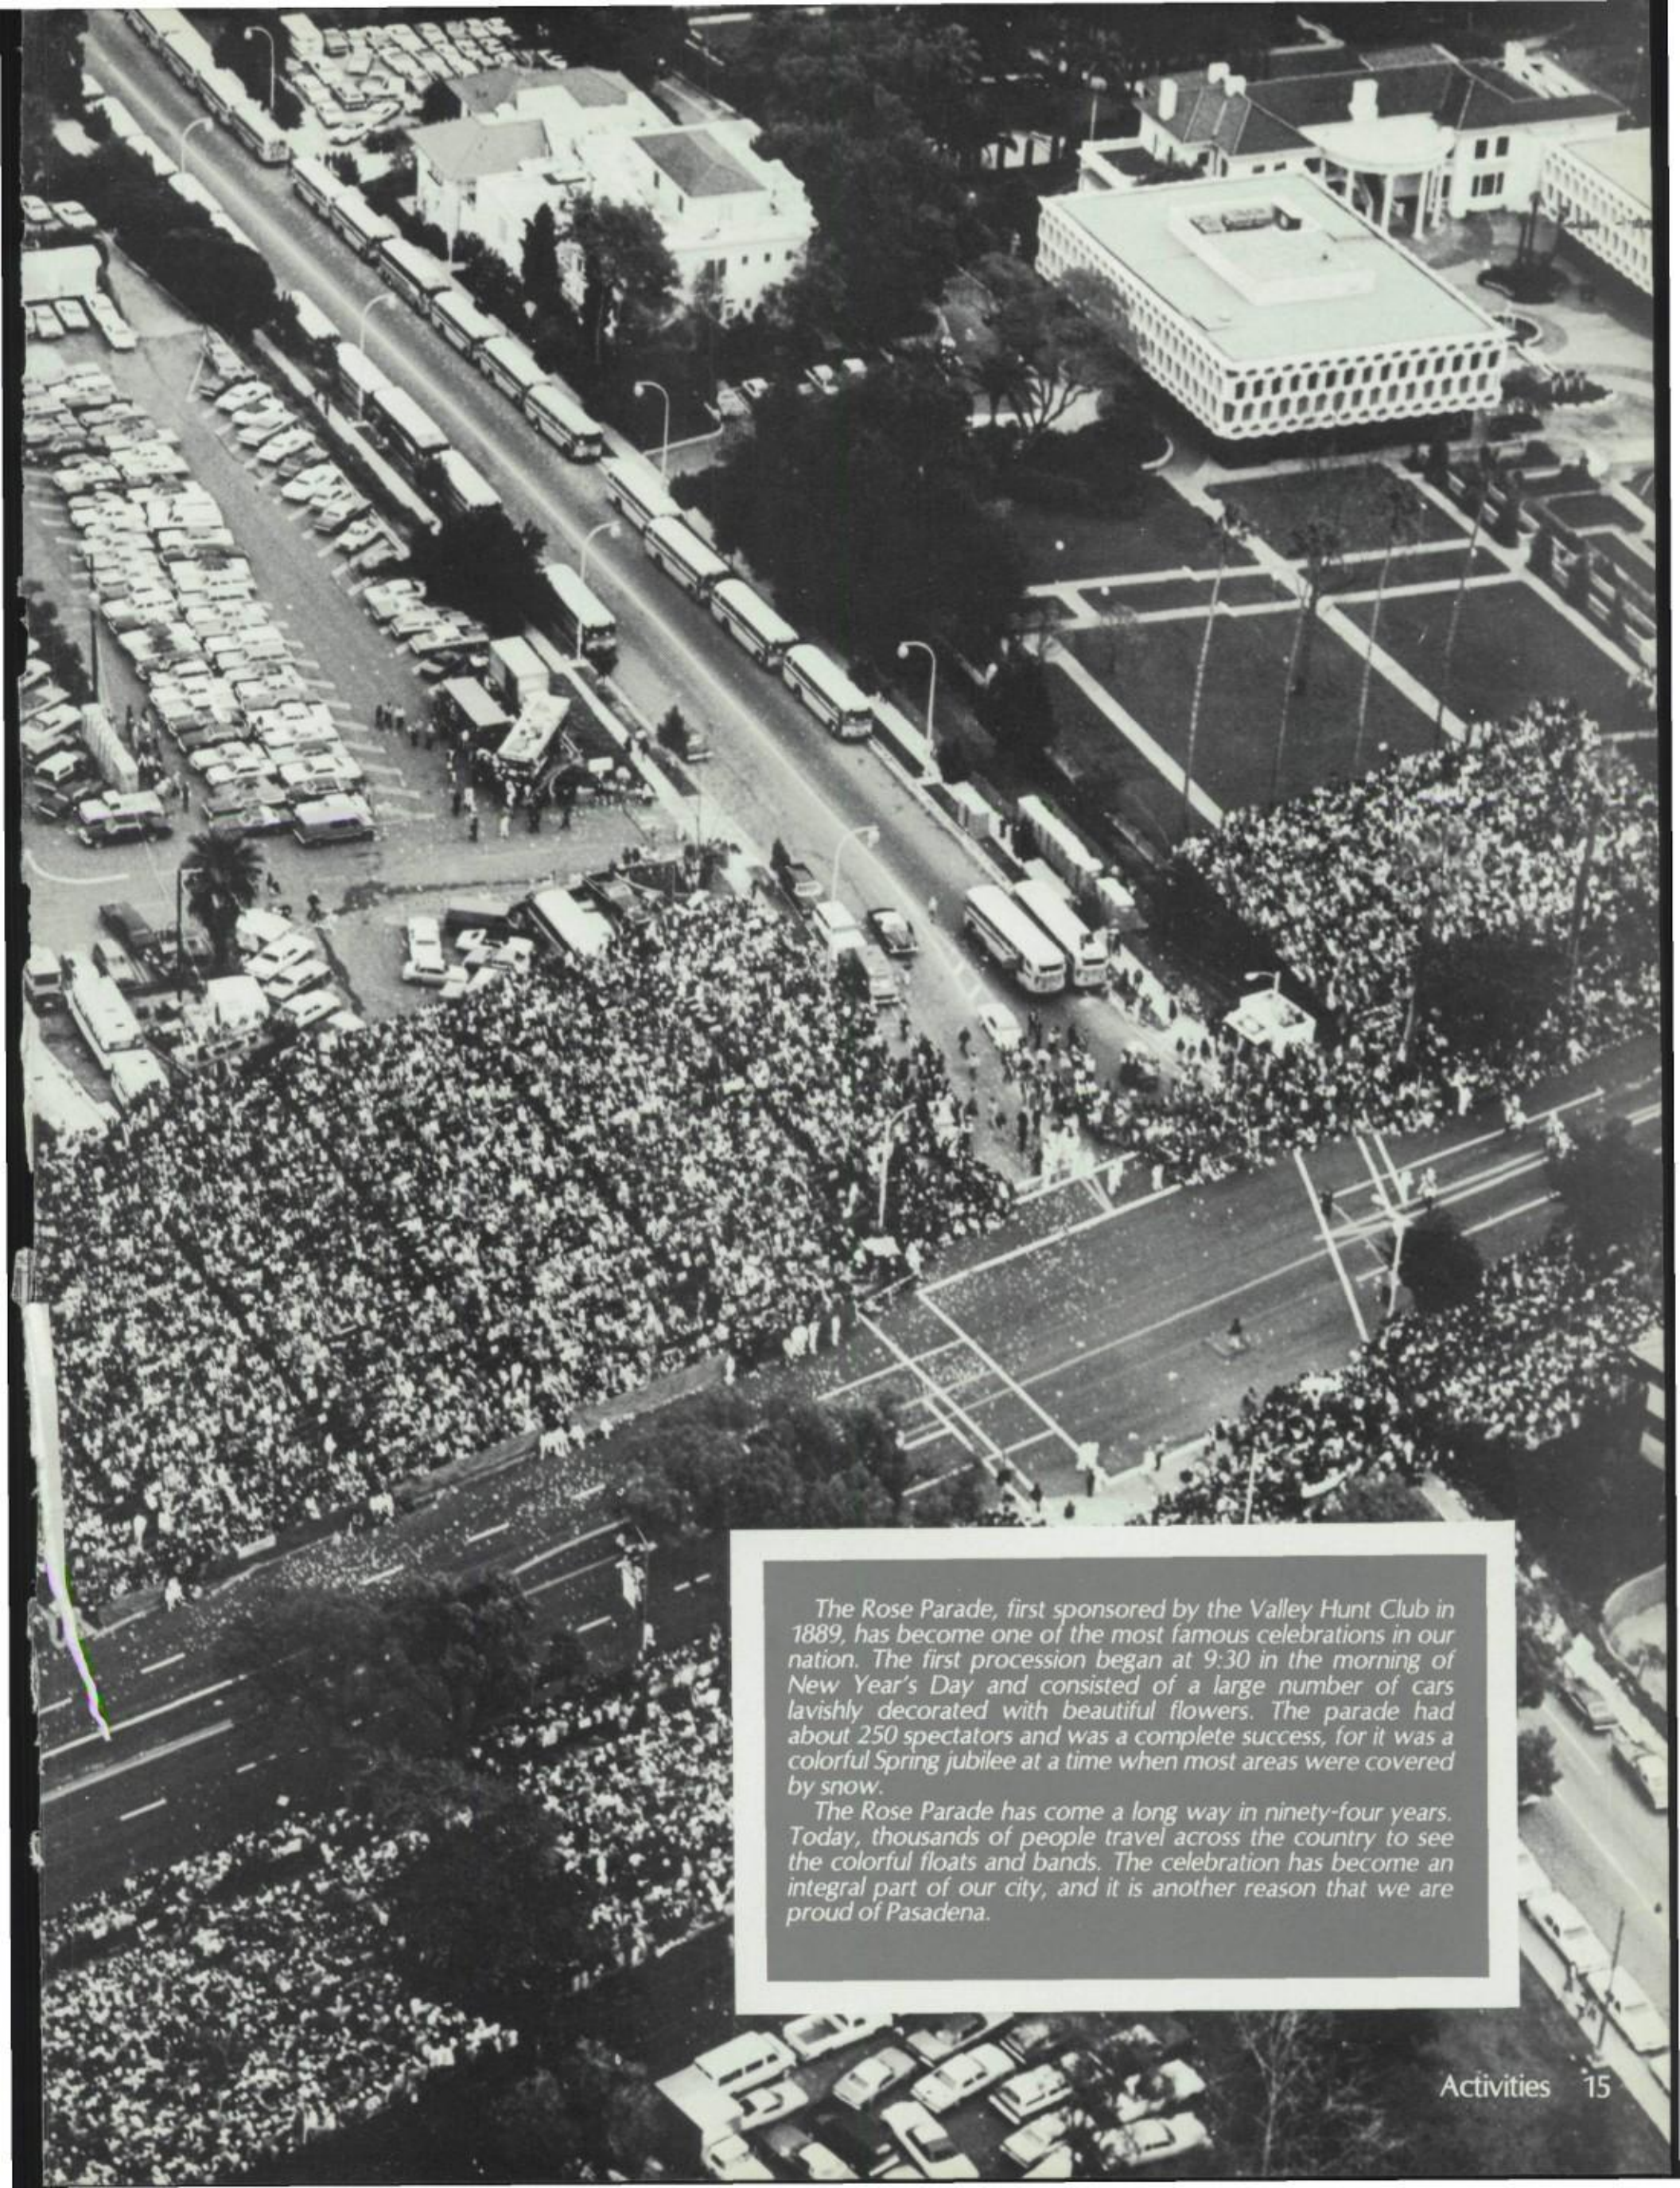

Coach Ty Gaffney molded a young and inexperienced team into a top contender, rolling easily into a playoff berth. Faustino Ramos, Sam Puffinberger, and Mike Miele were key factors in the team's success.

Combine these accomplishments with some superb performances by individuals on the track and swim teams, and it appears obvious that Blair more than left its mark in the California Inter-scholastic Federation.

"Creativity is merely a plus name for regular activity . . . any activity becomes creative when the doer cares about doing it right, or better."

(John Updike)

The Rose Parade, first sponsored by the Valley Hunt Club in 1889, has become one of the most famous celebrations in our nation. The first procession began at 9:30 in the morning of New Year's Day and consisted of a large number of cars lavishly decorated with beautiful flowers. The parade had about 250 spectators and was a complete success, for it was a colorful Spring jubilee at a time when most areas were covered by snow.

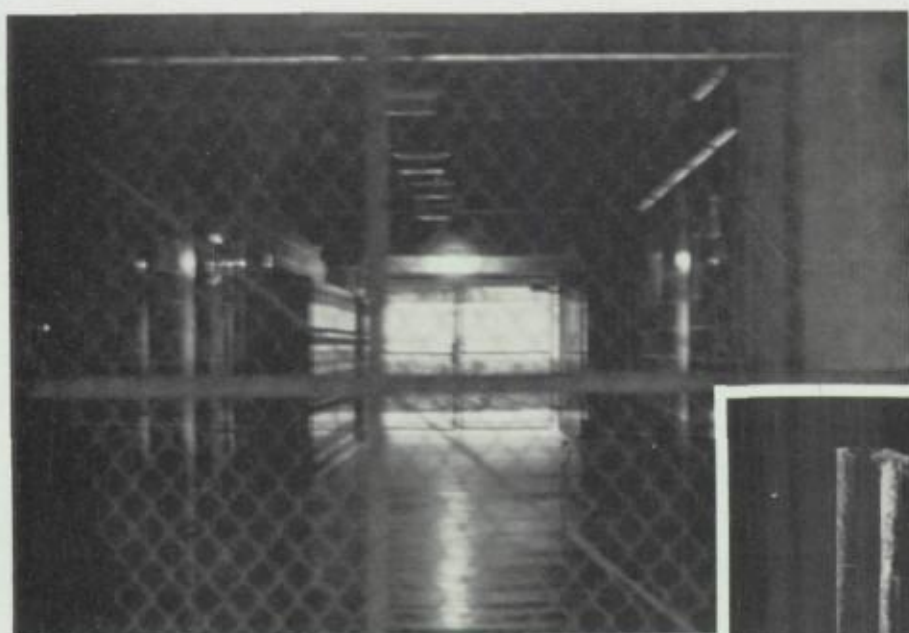

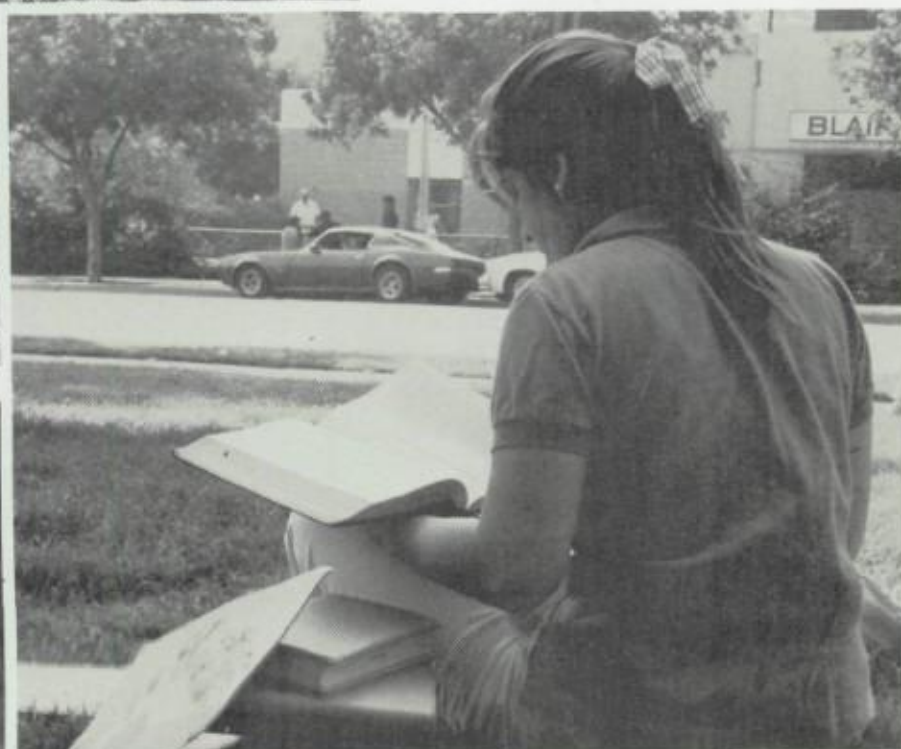

The Rose Parade has come a long way in ninety-four years. Today, thousands of people travel across the country to see the colorful floats and bands. The celebration has become an integral part of our city, and it is another reason that we are proud of Pasadena.

IT WAS THE BEST OF TIMES . . .

. . . but it seemed as though it was the worst of times when summer was suddenly interrupted by registration. Although the students dreaded this unavoidable task, their dreariness was not to be found at the first football game. After weeks of victorious games, our annual Homecoming finally arrived. This glorious occasion was reigned over by King Glenn Jackson and Queen Darnetta Smith. Christmas holidays were right around the corner, with New

Year's Day close behind. Not letting all the fun and excitement deceive them, students began their preparation for finals. Following the semester break the joy of spring began to fill the air. After months of diligent rehearsal, the extravaganza known as Kaleidoscope captivated audiences once again. Finally our fun-filled year came to an end when the seniors proudly paraded through the Rose Bowl for their long anticipated Graduation.

We Are . . .

The 1982-83 cheerleaders prided themselves on many things this year but perhaps their best asset was their uniformity. Their excellent year was due in part to the time they spent at Camp Unity in Santa Barbara. This summer camp was something Blair cheerleaders had never attempted before. Each girl brought home many outstanding ideas for routines as well as ribbons and awards. In addition to this, the Song Girls successfully achieved the honor of second place among a group of 24 squads. This was made even more amazing when it was

announced they missed first place by a single point. They were graded highly on their intricate and precise routines as well as their originality.

The Varsity Cheer was made up of six very creative girls. Their spirit seemed endless as they cheered the teams on to victories. One would always find these girls working hard to improve their new routines. Being all Juniors, Blair eagerly awaits their return next year.

The Song Girls did a fantastic job this year of uniting the student body at pep rallies and football games. They worked

... Red Hot!

diligently throughout the summer and after school to invent and practice difficult new routines which they performed with great precision.

The Junior Varsity Cheerleaders added vigorous support to Freshman and Sophomore football and basketball games as well as helping in the crowd at Varsity contests. Their responsibilities included painting signs and bringing treats for their football and basketball "brothers."

Despite a small squad, disagreeable weather and excessive absences, the

short flags were as enthusiastic as any of the former squads at Blair. Twirling flags filled the air as the four member squad waved to cheering crowds. The girls returned from Camp Unity with the idea of double flag routines which they reserved for special events. This further enriched their vast collection of cheers.

Advisor Mr. Rowley effectively guided each of the 22 girls through a stimulating year. The 1982-83 Pep Squad was by far one of the most exciting and colorful ever!!

Let Me See You Get Down

Beginning with afternoon practices during the summer and enthusiastic participation at Camp Unity in September, the 1982-83 Tall Flag and Drill team squads went on to bigger and better routines. With their hard working drum major, Brad Land, and their spirited captain, Zabrina Horton, at their side, they were a tremendous success. Besides bringing to Blair, new ideas, routines and awards they brought back SPIRIT!

On the field with the cheerleaders, Michael Culross and Alan Spee could be found promoting school spirit. They were picked from a field of six contestants who competed for the positions of 1982-83 mascots. The two attended exciting assemblies, the thrilling football games, and the enthusiastic pep rallies at lunch time to arouse spirit throughout the crowds. We look forward to seeing Michael and Alan next year.

Jam With the Band

"The band was small, but I was very encouraged by the activities and talent of the students," said Mr. Douglas Rowley, a former band president in the Tournament of Roses Band. Mr. Rowley, a high school

graduate of P.H.S. and college graduate of Cal State L.A., was new at Blair.

His main focus for his first year was to change the band from a marching band to a pep band as many colleges have, due to

size. To accomplish this, he added synthesizers, an electric guitar, and an electric bass. The crowds danced wildly in response to the band's renditions of the latest tunes.

The drum corps, due to leadership among the students, has remained very organized and cooperative. With the quality of playing and the purchasing of new uniforms, they added not only to the excitement of the games, but to the visual aspect as well.

Everyone enjoyed the beat of the drums. Mr. Rowley encouraged, "Keep up the good work, guys!"

NOSTALGIC ROMANCE

On November 12, 1982, the mighty Vikings defeated the La Canada Spartans with a 7-6 victory. However the minds of the players were not completely occupied with the game. Many of them had their thoughts focused on the Homecoming Dance which was to take place that evening. The theme for the court this year was the Romantic Look, and with lovely taffeta dresses and handsome black tuxedos, the court made a sparkling entrance at half-time.

As the band played and the procession of cars circled the field, the romance grew. The game progressed and Blair gained a 7 point lead. Then the Spartans scored to lower the lead by 6 points. But fortunately, they missed the two-point conversion and Blair won!

The dance was just as spectacular. With dim lights and exquisite decorations, the court led the evening with a first dance, and from there, the evening was a grand success!

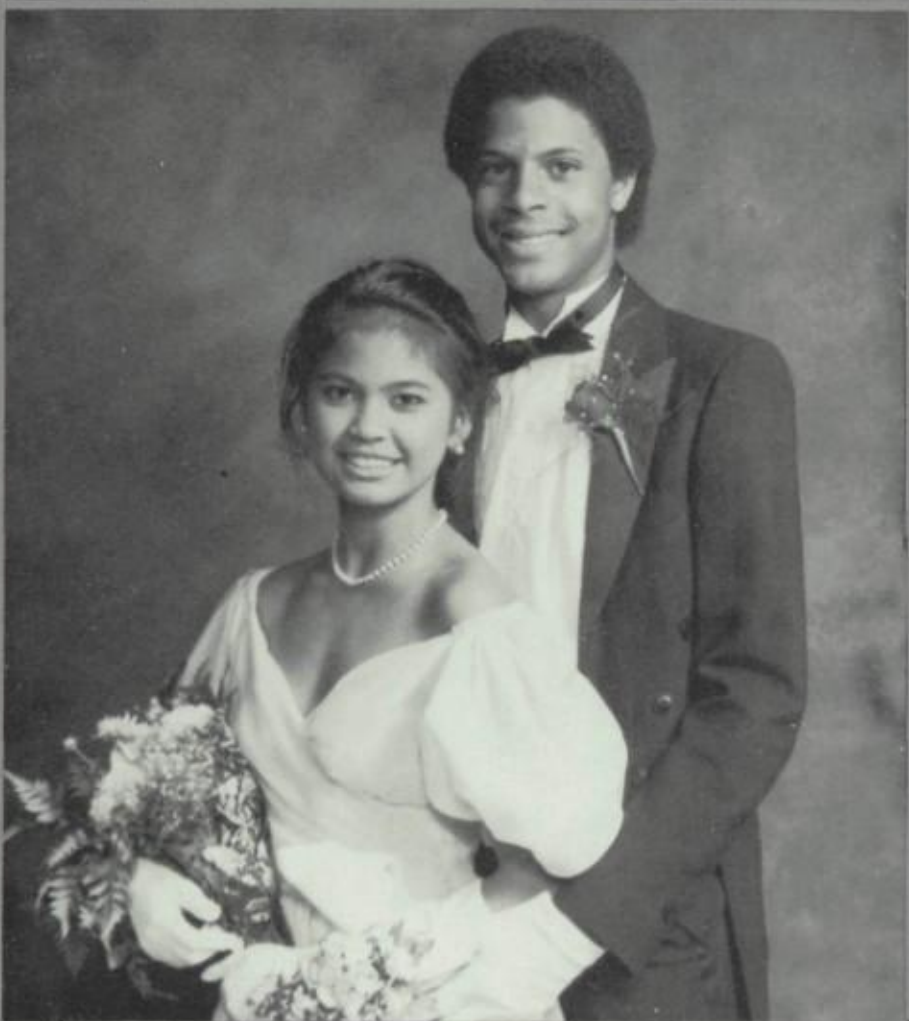

Preparation and activities for these events involved a school assembly which proved beneficial in adding to the spirit and excitement at the game. Many alumni joined in these festivities, sharing their remembrances.

This Homecoming, as did all of Blair's, will be full of memories for everyone and will remain in the minds of the students for years to come.

Our Student Body Government

The A.S.B. experienced many new changes and additions to the class this year. With the new advisor, Ms. Wyckoff and additional members such as class representatives, vice presidents and newly elected commissioners, they all had to work together in order to achieve all of the goals they set at the beginning of the year.

Ms. Wyckoff arranged to have assembly rehearsals at lunch on the day before the assembly. Then Heidi Evans and Ms. Wyckoff would view each of the participants and if they were unorganized and not ready, they would not perform. If there were too many unprepared groups the assembly would be canceled. The rehearsals helped improve the assemblies

tremendously. The pep commissioner arranged many pep-rallies that took place on Fridays in which there was not an assembly.

For Homecoming, A.S.B. felt it was better to have an election ballot, due to everyone leaving at lunch. The candidates' pictures were posted in the A-campus show case for all studentbody members to view. This helped for students to associate names with faces. The elections ran smoothly and there was more participation and less complaints. The election ballots and photographs proved to be effective.

A proposed constitutional amendment was brought up concerning the elections during the spring semester to be open to

juniors, sophomores, and freshmen. The A.S.B. felt that the graduating seniors would be less interested in the officers returning the following fall. An election was held and the constitutional amendment was passed.

On January 19, 1983 the A.S.B. sponsored a Leadership Conference. This was a rewarding experience for all, in that it allowed Blair students to listen to a wide variety of speakers and then convene in discussion groups to discuss controversial issues of Blair High.

TIME: 7:30
PLACE: Blair High School
COMPETITORS: Varsity Baseball vs. Faculty
EVENT: DONKEY BASKETBALL!!

Yes, that's right folks, the most hilarious event of the year hit our school on November 11, 1982. For sixty minutes, members of the Varsity Baseball Team and the Faculty performed various feats with the enthusiastic support of the crowd. The usual object of scoring points was a minor facet of this game, with the first and foremost aim being to stay seated on one's ass. Cooperation among the donkeys was

seldom present, and the majority of the game was spent trying to persuade the stubborn creatures to move.

The Faculty surprised the Students with an overpowering victory, leaving the students in awe of their ability to handle the donkeys. What the students failed to realize was that teachers have dealt with that level of mentality for years.

ROSE PARADE

Planning for the Rose Parade began many months before the first of January. The elections for the Rose Court were held in October and November. Many Blair seniors tried out for the position, including Tim Cofer and Matt Stadler, who broke the tradition of female entrance only. Students from Blair also helped in the decoration of the flamboyant floats. One of which featured a human canon that shot 50 feet into the air. Another float was

carried on the shoulders of approximately 30 men and women.

New Year's Eve will be remembered by everyone. The first to arrive on the route were the campers. Some reserved their spots up to three days in advance. By 7:00 p.m. December 31, the marshmallow fights and fun had begun. With the ringing of midnight, fireworks and cheers were heard throughout Pasadena.

MY THREE

ACT II

AT RISE: Several hours later. The boxes and baskets have been taken off the commode, and the decorated Christmas tree placed there. Otherwise the room arrangement is the same as in the previous act.

Jules is sleeping in his armchair. Alfred is stretched out on the floor near the gate, the coconut cage near him. Joseph is asleep in a chair, his head on the table. The lamps are turned low and the moonlight illuminates the room and the sleeping figures. We hear thunderous knocking on the outside door of the shop. The knocking is repeated. Jules is the first to wake. He yawns and stretches, goes to the lamp on the L. wall, turns it up. The knocking is heard for the third time, louder. He goes to Joseph and wakes him.

JULES. Someone's trying to get in. (Turns lamp at U. L. up.)

JOSEPH. Huh? Probably the Three Wise Men paying us the traditional visit. (Knocking is heard again, still louder.)

JULES. Impatient aren't they? (Turns up lamp U. R.)

JOSEPH. I'll take a look. (He goes into shop. Presently an angry voice is heard)

HENRI. (Off Stage) Are they deaf in there? Where the devil is everybody
Alfred wakes, gets up, joins Jules, puts cage on commode.)

JULES. Doesn't sound like the Three Wise Men to me. (Joseph holds aside the bamboo curtains. Henri and Paul enter. The react to the two men in prison uniforms. Paul carries two suitcases. Henri carries his portfolio.)

HENRI. What the devil . . . Convicts!

Vocalists Strive for Perfection

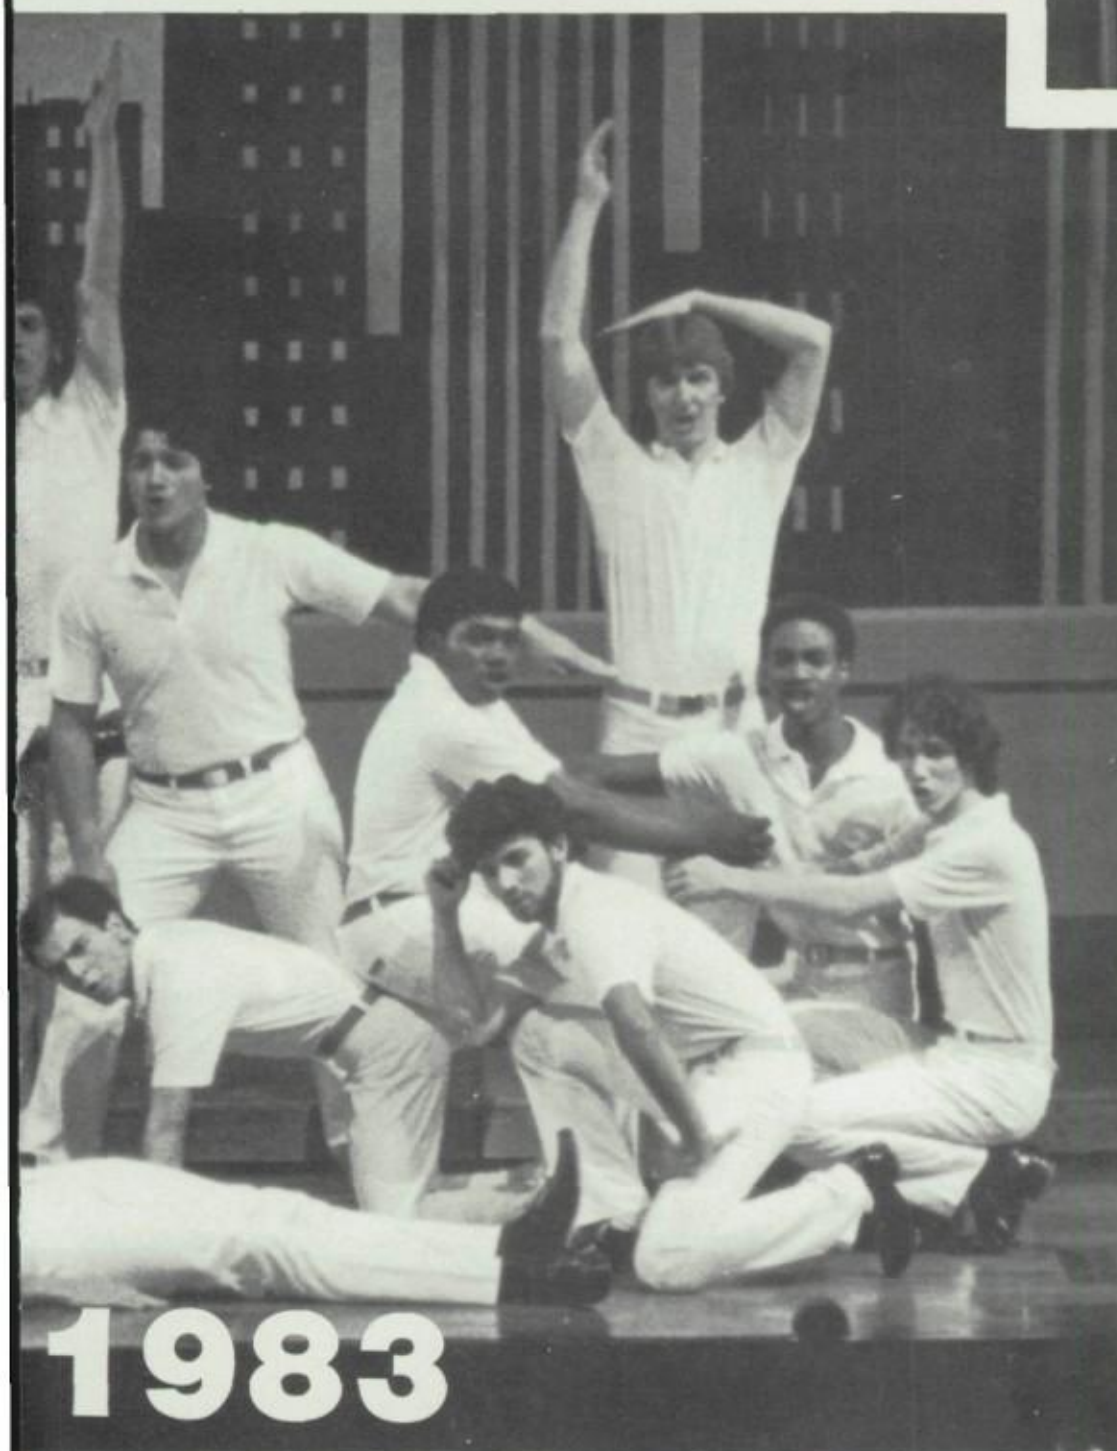

It is the close of first semester. All through Blair hints and whispers are passed among the choir members that the annual Kaleidoscope tryouts are approaching. They know that, if chosen, hard work and the sacrifice of their lunch break are expected of them. Diligent students vie for the available spots, and, when the cast has finally been chosen, the anxiety begins. Long, strenuous practices bring the promise of an excellent show.

With opening night approaching, the

cast is overcome with a feeling of tremendous pressure while learning those last few dance steps and memorizing those last few lines.

Why does this cast of about seventy-five members spend four months learning, memorizing, and struggling for perfection? The enjoyment, gratification, and overwhelming fulfillment gained through the experience can only be recognized by those who participate.

Top: The powerful pyramid of the male members of the cast drew plenty of applause from the audience. **Left:** A towering skyscraper is quickly constructed to the tune of "One Brick at a Time." **Above:** Like a proud father, Mr. Coday glows with happiness as he joins his cast for a final curtain call. **Immediately Above:** Tracy Trenham coyly whispers sweet nothings to Hug Le, who pretends not to hear.

SIP

Every two weeks a concerned group of people, under the title of the School Improvement Committee, and headed by Bob Miele, met to discuss areas of desired improvements at Blair.

Topics of discussion this year included the proposed eight period day, the purchase of a new copy machine, suggestions for lunchtime activities, and the Staff Development School Plan. But the biggest concern of the group this year was the lack of appropriated funds. Those who will continue to serve as members next year are hopeful for a greater account.

GRAD NIGHT '83

A Night of Elegance and Sophistication

The Prom of 1983 was most definitely a night to remember. It was not only a night of elegance and sophistication, but also a night well earned. Despite lack of participation and enthusiasm among the senior class members, financial burdens were overcome, and the prom was a major success.

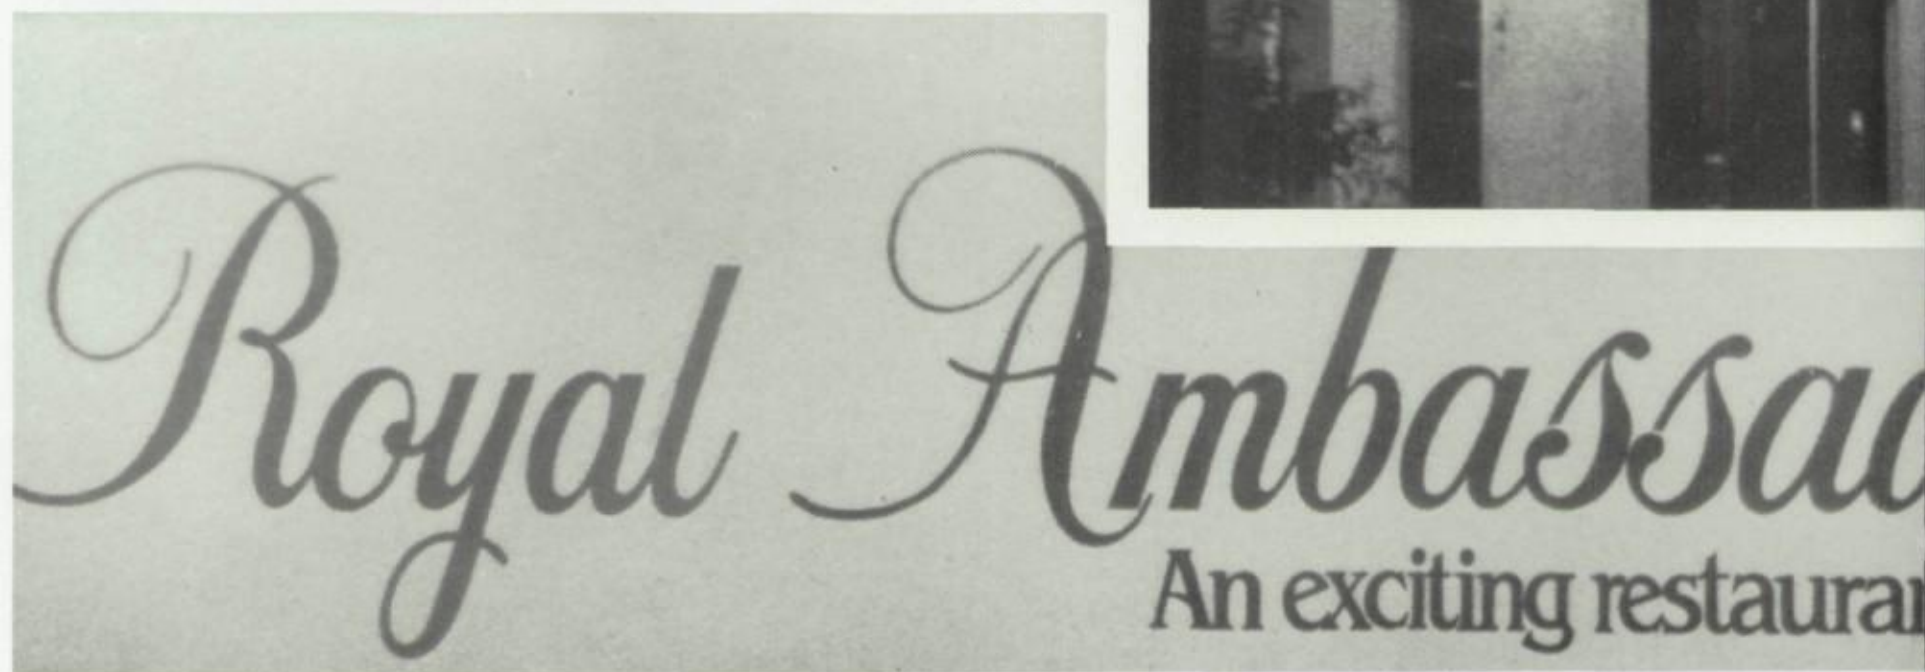

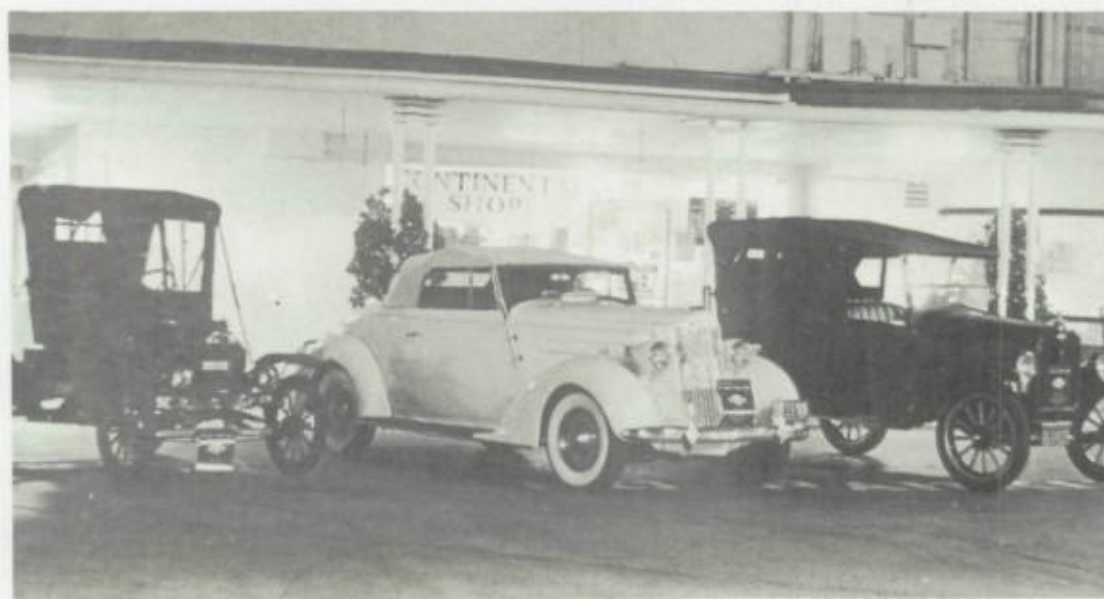

Through hard work, discussion and debate, the romantic prom site of the Am-

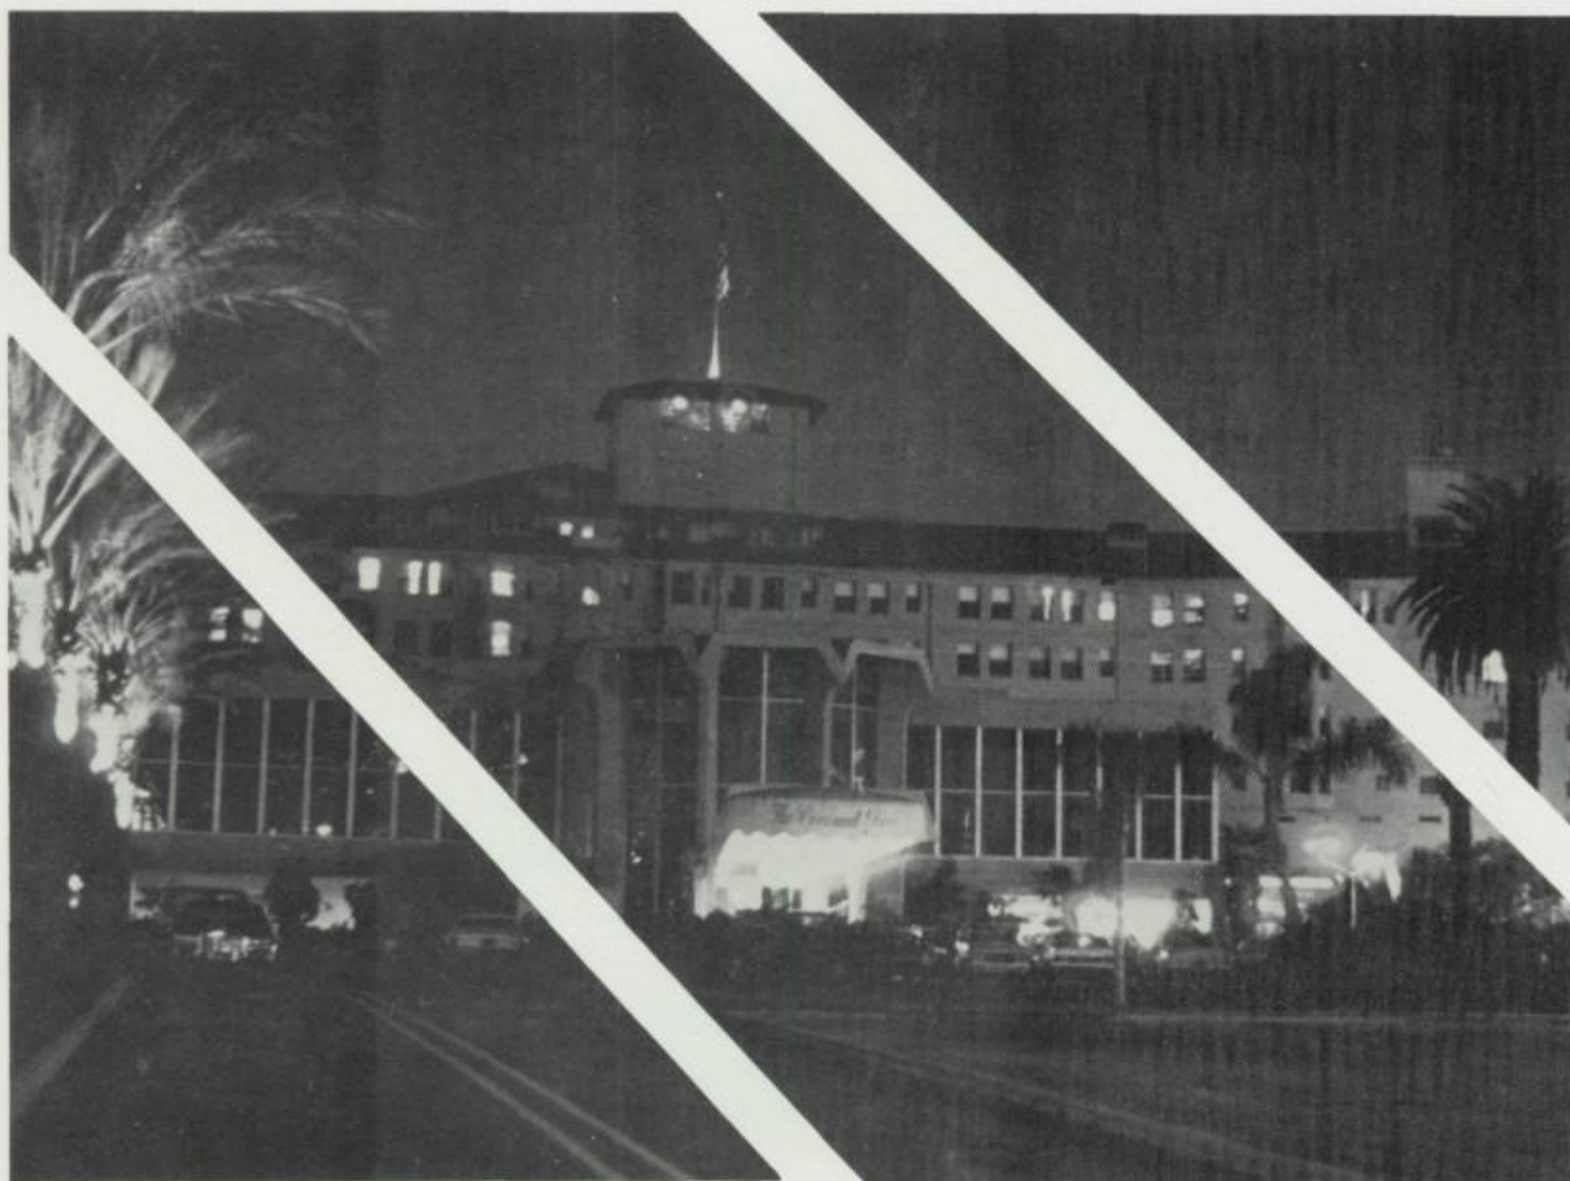

bassador Hotel in Los Angeles was chosen and the date was set for June 3, 1983!

Unlike previous years, a disc jockey was chosen as the source of music. This change in tradition was to give a wanted variety of music, as opposed to the usual prom band.

The Prom Committee Chairman, Shelly Knowles spent an extreme amount of time and energy on this year's prom. Shelly

commented, "The Prom at first seemed as if it were only a dream. But with our hard work and determination, we proved not only to the staff, but the underclassmen as well, that the Prom Committee could unite the Senior class and produce an activity to show the spirit and enthusiasm we really had."

All My Life I've Wanted

As we stand on the threshold of a new adventure, we pause to look back up on the trails and tribulations, the testings and the triumphs we've all shared.

We hurried along with the courage of our youth to slay the dragons of life that stood in our way. Proudly we pushed onward to at last call ourselves Seniors! High school friends, pranks, and school spirit; these facets of high school life, intertwined with ribbons of achievement, become our shield with which we will face tomorrow.

Late to class, got to hurry . . . Exams to

take. Did I study enough? . . . All I can do is keep my fingers crossed . . . Relax you will do fine! . . . Teacher, teacher did I graduate? Hold your breath the verdict is in . . . Off to the Rose Bowl, no time to waste . . . Is my gown on right, my hat on straight? . . . Friends to see and pictures to take. Finally our day has arrived, with some hellos and some goodbyes . . . It's been a hard long road from freshmen to seniors, but looking back . . . We will fondly remember our high school years.

NORTON SIMON MUSEUM

Pasadena is definitely one of the intellectual centers of Southern California. The California Institute of Technology attracts the best-of-the-best math-science students from all over the world. The Pasadena City College is recognized as being the top junior college in the country. Pasadena is also the proud possessor of the Norton Simon Museum, acclaimed for its art and sculptures. As in Pasadena, Blair has very high academics and its faculty is among the best in the city. It is for this reason so many Blairites have gone on to higher learning. To you, the hard-working faculty, we dedicate this section.

Fort Blair

6:00 A.M. — reveille

Joe, a typical Blair soldier, has to wake up very early to be on time to his first drill.

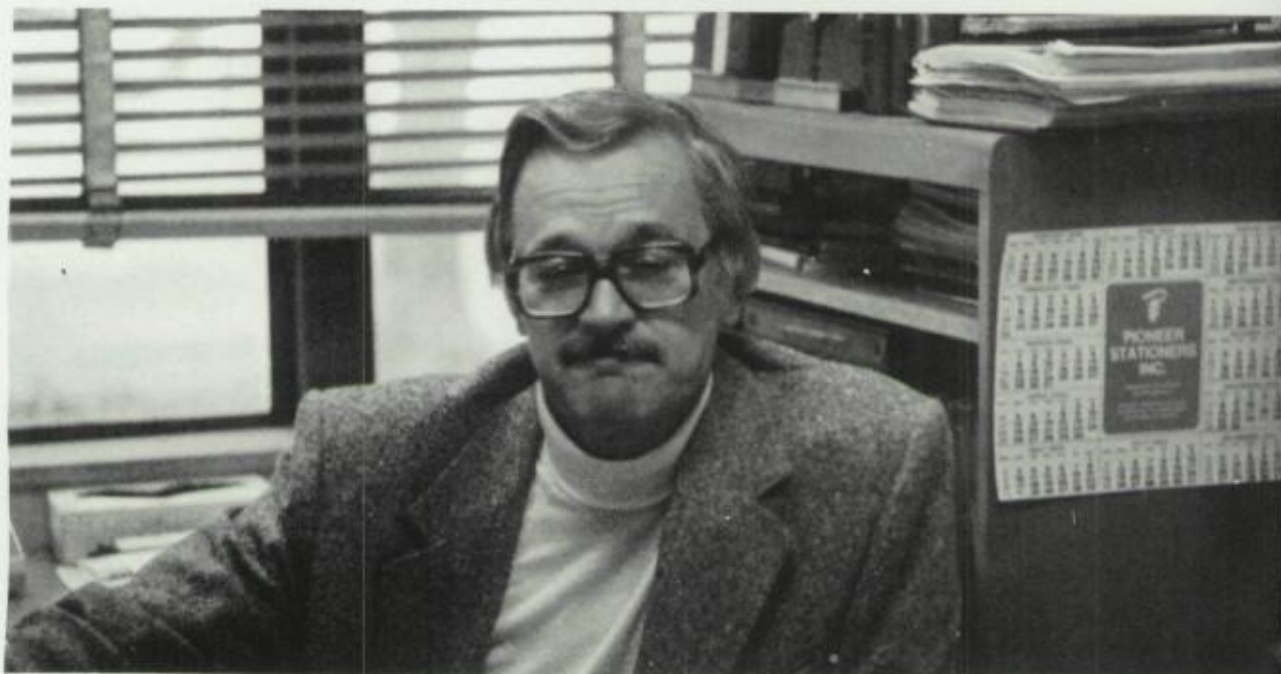

6:30 A.M. — breakfast in mess hall Joe has the average military breakfast of potato chips, cookies, and soda.

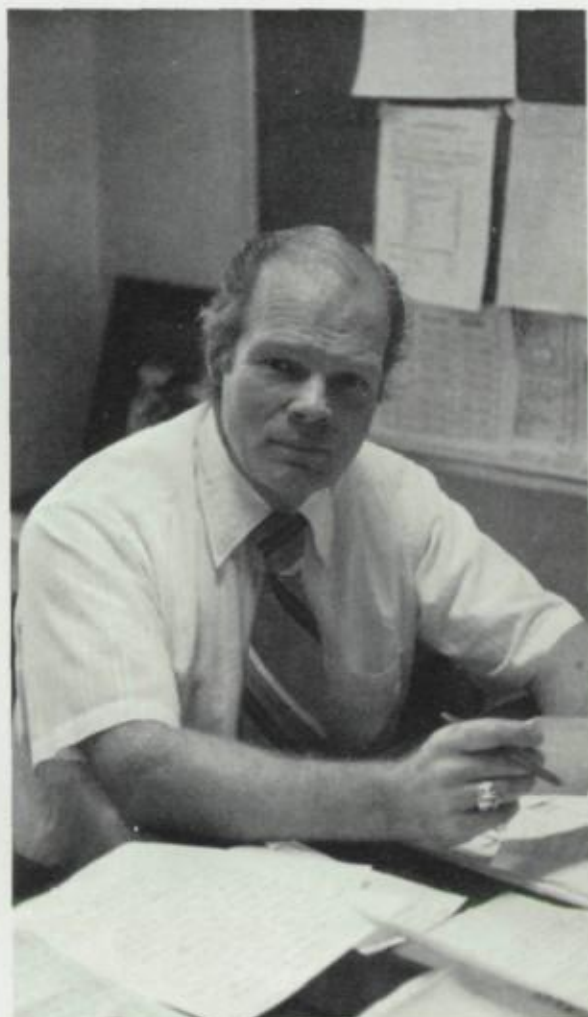

7:50 A.M. — first drill begins
General Parcell inspects the troops, assisted by Colonels Olson and Morrow. Soldier Joe inevitably does not pass inspection and is sent to Lieutenants Halstead and Lesley for disciplinary measures. The rest of the troops are instructed in combat skills.

11:36 A.M. — lunch in Fort Blair lunch room daily menu: hamburgers, pizza, french fries, candy.

2:20 P.M. — last drill ends
Troops begin their assigned camp duties. Joe empties the garbage and hoses out the latrines. Great fun. Really. Sure.

6:00 P.M. — dinner in mess hall
Most soldiers actually eat a balanced meal at this time. Maybe the food is better.

7:00 P.M. — dinner ends — free time
Soldiers go to the game room to watch television, play video games, smoke, or play cards. Joe plays twenty-three games of Pac-Man, seven games of Donkey kong, and three games of Zaxxon, wasting his allowance as usual.

11:00 A.M. — bedtime — lights out
Soldier Joe sleeps with the teddy bear his mother sent him and a love letter from his girl back home. His bed is lumpy, but he is still happy. Whoever said, "It's not just a job . . ." was very right.

While you may think security guards are loafing around, they are always on the lookout for all suspicious happenings: behind every door, on the job, courageously anticipating those who dare to cross into their domain. Beware! These guards know what they are doing and all times seem invincible. So don't be surprised one day when leaving class a bit too early. The next person they catch might be you!

"6 to 4"

(Sung to the tune of the hit song, "9 to 5")

Working 6 to 4,
(What a way to pay the mortgage)
But with unemployment
I guess a job's a privilege!
I work very hard,
Typing fifty words per minute,
A secretary's job
Will drive you crazy if you, let it!

6 to 4
For coffee and dictation,
My boss' praise gives me
Such great elation!
I try to do my job
To the best of my ability,
I love my job,
And I say this with sincerity!

Good Show!

Certainly you are cognizant that our school has an English department. However, it is doubtful that you perceive how fascinating the courses are, ranging from English 1A to Creative Writing and World Literature. Classes are perusing Shakespeare's classics, watching videotapes, analyzing idyls, learning about belles-lettres from other countries, and sampling the contributions of America to the literary world.

Pedants are becoming more involved in their reading assignments by enacting scenes from plays and sharing their personal explications and tenets with classmates in impromptu analyses and discussions.

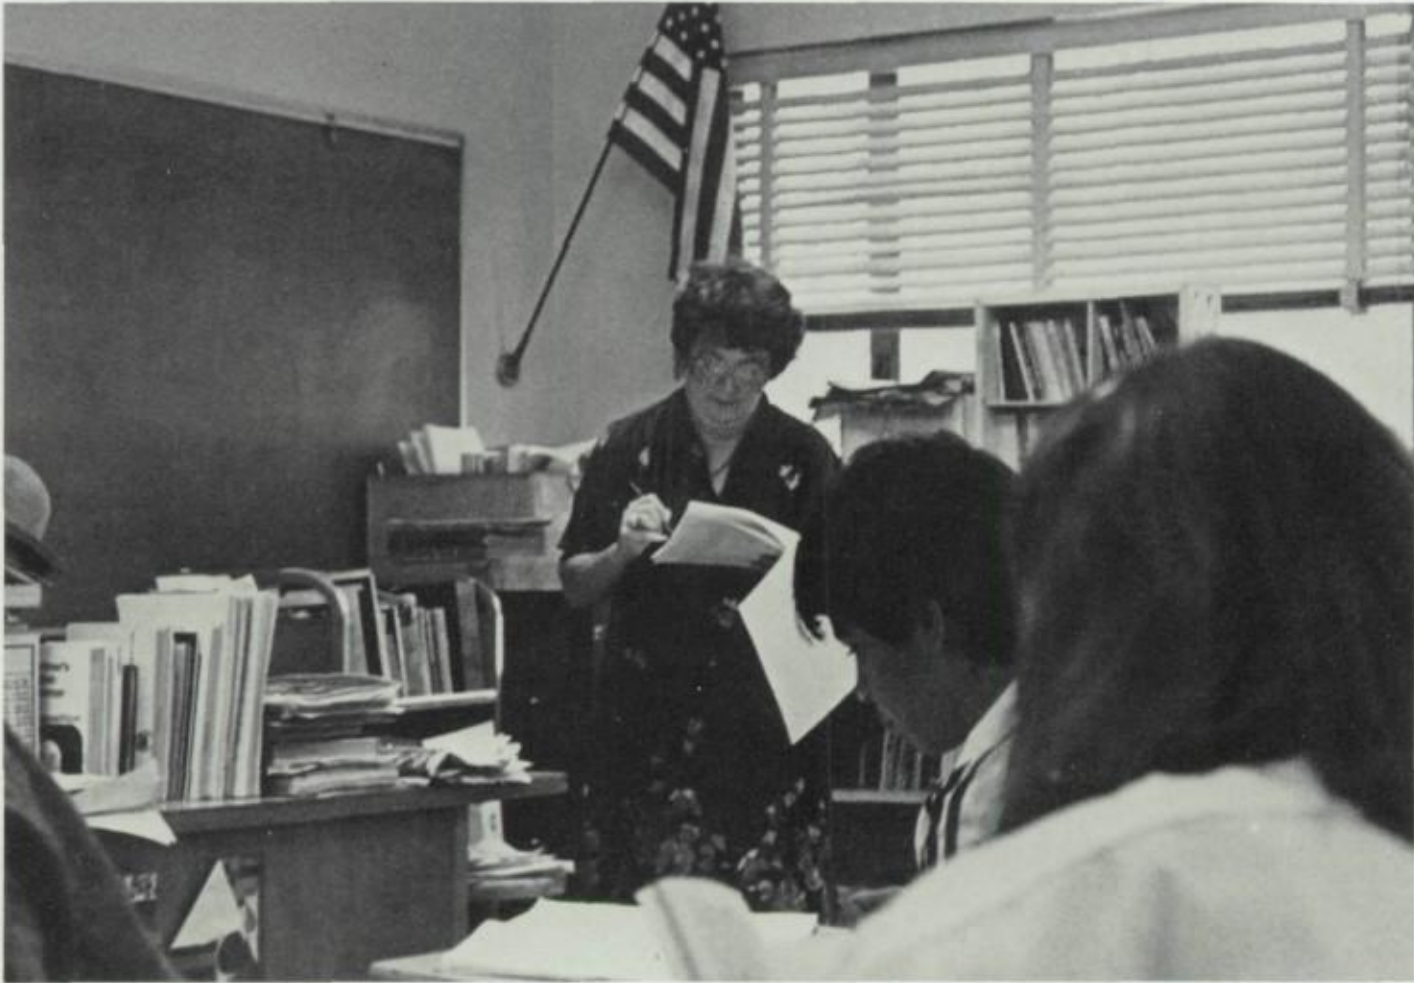

It is easy to see why English remains one of the most enjoyed academic subjects, with many students seeking careers in English-related fields.

NOTE: If anyone can put the above into plebian English, please contact a member of the yearbook staff ... soon!!

3) Geometry
4) Algebra II
5) Advanced Math
6) Calculus

PROVE: If one wants to go to college, then Blair offers the recommended courses.

STATEMENTS	REASONS
7. Basic Math	7. If one takes Basic Math, then one learns the basic skills necessary to survive in Algebra.
8. Algebra I	8. If one successfully completes a basic Math course, then one proceeds into Algebra. More needed elementary rules are taught.
9. Geometry	9. If you feel you want to go on, then the next step is Geometry. Theorems, definitions, corollaries, and if-thens are taught.
10. Algebra II	10. If you enjoyed Algebra I and want to extend your knowledge, then Algebra II is for you.
11. Advanced Math	11. If you came this far, then Advanced Math comes next. First semester deals with Trigonometry and second semester deals with Analytical Geometry.
12. Calculus	12. If you can both spell and say implicitly differentiation and derivatives, then you will have a chance of passing.

Blair does offer the recommended courses in order to go to college.

Culture Shock

Step on into the bus, folks. If you want to see the entire foreign language department of Blair High School, Pasadena, California, we'll have to hurry! Step on in, folks. Come see the sights. Here we go!

Good afternoon, ladies and gentlemen. I am sure you will enjoy your tour. For your personal safety, due to the large number of unpredictable, ferocious animals on the campus, we ask that you please keep your arms, legs, alcoholic beverages, and punk rock albums inside the bus.

Coming up on your left is the Spanish department, famous for its field trips to Mexican restaurants. Notice the two men in the corner eating tacos. They are the Spanish teachers, Dr. Battaglia and Mr. Liden.

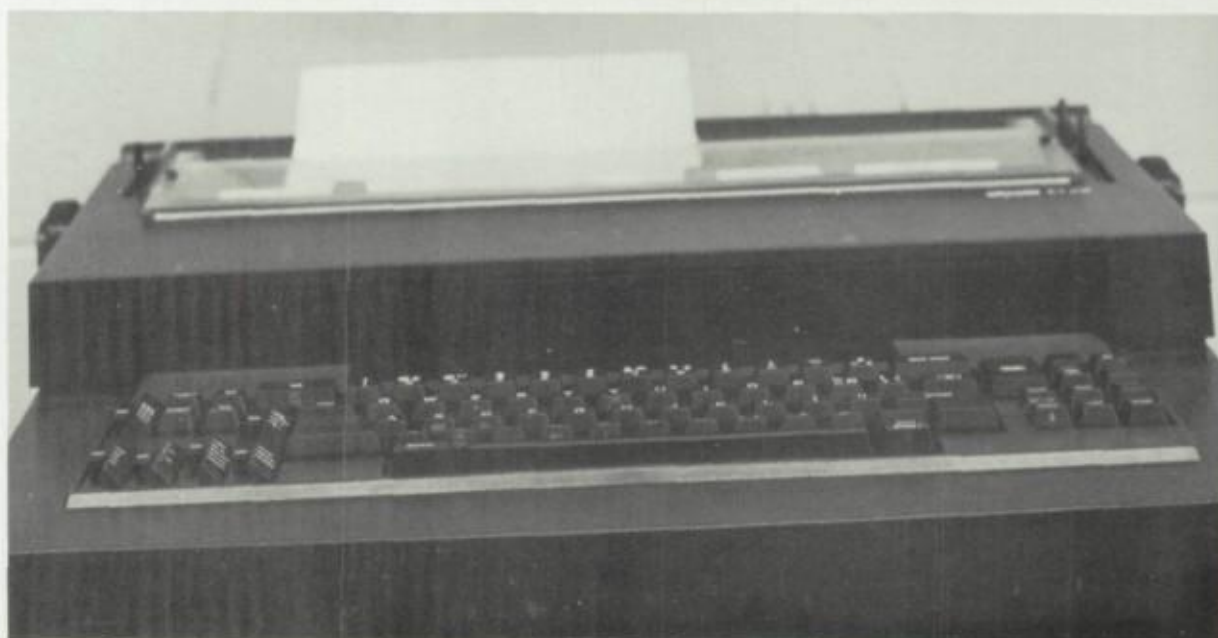

Next, to the right, is the French department. The men wearing berets are the teachers, Mr. Joiner and Mr. Liden.

To your far left is the German department. Can you see the Volkswagen factory? The head mechanic is the German teacher, Mr. Joiner.

Our last stop is at the Latin department. The scholar translating ancient Roman writings is the Latin teacher, Mr. Creeth. Hello, Mr. Creeth! How's the wife?

Well, this concludes our tour of the Blair foreign language departments. Please wait until the bus comes to a complete stop before exiting. Thank you for touring with us, and I hope you enjoy the rest of your stay in beautiful Pasadena.

TO: All Blair Students

FROM: Yearbook Staff

SUBJECT: Business Department

OBJECTIVE: To develop vocational skills necessary in the business field.

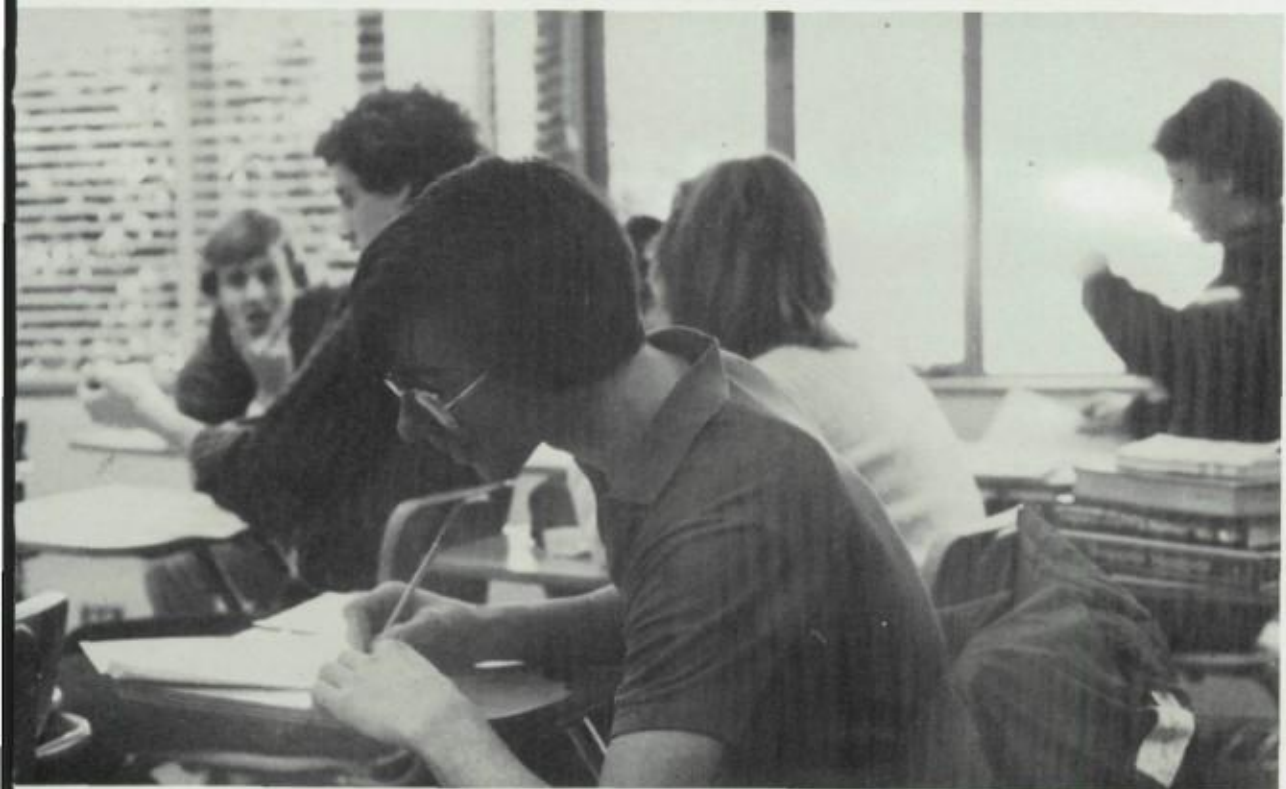

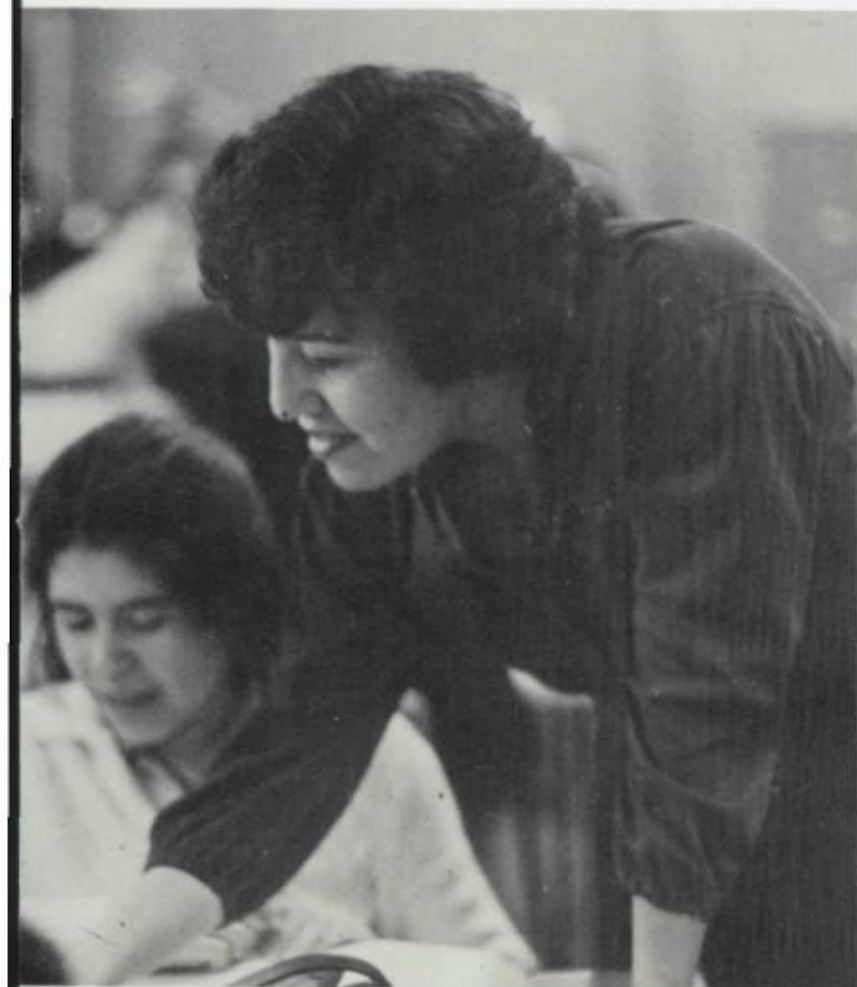

The business department hereby invites any students who are interested in this field to come and see what they have to offer.

Word processing and accounting jobs are now in demand and there are many rigorous courses offered that not only train you for these jobs, but also prepare you for future jobs in business.

Hard work is recognized with awards, scholarships, and grants given to seniors and graduating juniors at the end of the school year.

Hear Ye!

Fellow students of Blair who have an interest in art. Today we will suit your delight.

First up in our department we have ceramics which includes a wide range of projects dealing with clay and pottery. Do I hear a bid for one semester or for a one year course? Next up we have cartooning and art. You have the choice of anything from exotic designs to unique creations in either of these courses. Who knows, you might become another Leonardo da Vinci. Do I hear a bid for this subject?

Crafts and jewelry are next on our agenda. Both topics have a variety of fields in which to explore.

Last up on our list is art history which is more appealing to deep lovers of art. In this course you will get a brief background of the various types and styles of art works throughout history. May I possibly get a higher bid for this subject from one of our educated scholars here?

Well, this just about ends our auction. Next year, these same courses will be offered for the same cost: just a little imagination and effort!

Sing Along

(Sung to the tune of the Blair choir theme song, "While We're Young")

Blair has three choir classes to love,
The teacher, Mr. Coday, is a cut above,
One class is first period,
Another is at lunch,
And we think you'll like the new
Musical Comedy Workshop
A bunch.

Through the year from September to June
You'll find yourself humming a choir tune,
None can refuse,
From the first minute to the last,
If singing is what you choose
You'll wish you'd joined choir
In the past.

Though you may not really have the knack
For football, baseball, tennis,
Or for track
If you love music
Bring your talent and use it,
And shine before the crowds
Cheering our choir!

Choir!

Sung to the tune of the hit song,
"Fame")

Choir!

I want to sing forever,
Music makes we want to fly!
Singing harmony together —
I know it's hard work but I'll try.

Choir!

Out on the stage in the spotlight
(just wait 'til we're on Broadway!)
For showing us all how it goes right,
We'll always remember Coday.

We Can COPE!

Being a mother is very hard, for it takes lots of patience, love, and responsibility. Blair's COPE program is presently directed by Ms. Covington, who helps to teach the young mothers about parenting and child care. After a girl has her baby, she can return to school with her child and during the day the babies are cared for in the COPE nursery. This allows the girls to attend classes during their pregnancy and after.

Next semester, the COPE program will be expanded so that girls who have babies between the ages of six months and two years can participate also without having to find a sitter. Right now, the program only includes babies under six months. So far this program has been successful and its expansion will help other young mothers continue their educations after becoming pregnant instead of dropping out.

We're Special

Blair's Special Education department encompasses a large range of programs which help students with physical and mental learning disabilities. The program allows those who are not disabled.

Some of the courses offered are Speech Therapy, Deaf Communication, and Adapted P.E. classes along with the normal daily curriculum of regular classes. Special Ed. students are hopefully mainstreamed into regular classes, depending on their abilities. Everyone has some type of handicap, some more than others, and Special Ed. wants to give all their students a fighting chance.

Roll Call

Both fall and spring seasons were successful as teachers and students played well as a team. The courses were also well balanced. Here is a brief summary of the teachers roll in the last two seasons.

J. Ballard — involved in helping students become more skillful in Touch Football, Baseball and Basketball.

C. Brown — helped by keeping students in shape with such courses as Tennis, Volleyball and Badminton; also taught a fitness class.

C. Buckner — improved the Blair teams by teaching some valuable techniques in Tennis and Basketball; also involved in teaching fitness.

G. De Forest — taught everything there was to know about Tennis; enhanced foot movement in Dance and Fitness.

P. McCummins — gave students the chance to use their upper-body by offering such courses as Volleyball, Badminton, Tennis, Swimming and Water Polo.

D. Molloy — emphasized running through such sports as Cross-Country, Tennis, Volleyball and Fitness.

H. Robinson — coached Varsity Football; in spare time shared knowledge and experience in Tennis, Volleyball, Badminton and Fitness.

G. Scholles — showed how to keep your whole body in shape by teaching classes such as Weight Conditioning, Golf, Volleyball and Basketball.

B. Steelhead Senior — kept every muscle in those Blair bodies in great condition by offering skills and useful activities in Weight Conditioning; also coached the Frosh/Soph Football Team.

"True sport is always a duel: a duel with nature, with one's own fear, with one's own fatigue, a duel in which the body and mind are strengthened."

(Yevgeny Yevtushenko)

Pasadena doesn't have the size to house a professional sports team but we do have something that lives in all true sports fans' minds as the ultimate in football. That is the Rose Bowl. Since the 1920's, over 100,000 people flock to the Rose Bowl on January 1st to see a confrontation between two of the top-ranked teams in college football. It is also the Rose Bowl that ends all our high school careers in a blaze of glory. Blair's athletics is a major source of pride in Pasadena. This year we were especially blessed in athletics as so many teams made it to post-season play. To you, the athletes of our school, who made us proud to be a part of Blair, we dedicate this section.

Vikes Reach C.I.F. to Cap Off Winning Year

The Vikings once again had a winning season, led by Coach Robinson and Assistant Coaches Ben Steelhead, Lou Riley, and John Brown. Although the team lacked experience, the first three games proved that that was not a strong factor. At this point, the Vikings were undefeated and looking for another win. The next week, when playing Ontario Christian, Blair suffered a 7-6 loss, ending the streak abruptly.

At P.C.C. for the second home game of the season, the Vikings had a good start against Santa Paula, which turned into a 28-14 win for the Vikes. The first league game, against Temple City, was very close. The Rams led the game until the final two minutes, when the Vikings made a brilliant play for seven points. Ray Skinner passed to senior Andy Provence, who raced to the end zone, breaking numerous tackles. A key block by Mickey Pulley made the play possible. The final score was 24-17, with the Vikings on top, and Blair had won its first league game.

The second game against San Marino found the Vikings once again coming from behind. In this game, the Varsity

achieved another comeback through the efforts of Ray Skinner, who threw an excellent pass to Darryl Austin in the final quarter for a touchdown completion. This was Blair's second league win. To have another league victory, the Vikings would have to defeat Monrovia. Knowing they must win to gain the league title, the Vikings jumped in front at the start of the game. But the lead did not last long, as the Wildcats came back quickly to even the score. Blair never managed to regain the advantage, as penalties and turnovers contributed to the loss.

Coach Robinson questioned many of the calls that the referees had made during the contest. He particularly objected to a penalty against Ken Terry that halted a promising drive and led to an interception ending the effort. Varsity now had two losses. To add to the humiliation, the contest was stopped with twenty-six seconds remaining, due to a series of technical foul calls against Blair.

In their next game, the Vikings soundly defeated the South Pasadena Spartans 21-0. The team was truly functioning as a unit at this point.

The Homecoming game pitted Blair against La Canada in the closest match of the season. Both teams played sluggishly in the first half, neither one able to score. Blair put the first points on the board on a touchdown run by Harry Johnson. The score remained 7-0 until La Canada managed to come back with less than a minute left. The score was 7-6 with Blair still in the lead. In a momentous decision, La Canada decided to go for the win, trying a two-point conversion. Two delay of game penalties put La Canada back, hurting their chances. When the Spartans started the play, the Viking defense quickly swarmed in, crushing La Canada's hopes for the win.

The Vikings ended up with a 4-1 record in league play, 8-2 overall. Although Blair missed the championship, Varsity captured a C.I.F. berth. This was Varsity's third consecutive winning season.

Next year, the Varsity will need to fill some positions, including quarterback and three of four defensive backs, as the Vikings will attempt to have four consecutive C.I.F. berths.

A hard hitting Blair line makes a hole in the Spartan defense for Harry Johnson.

Sophomores Show Promise

Led by Coach Gerald Scholes and Assistant Coaches Todd McIntyre and Steve Scharre, the Sophomore Football Team displayed skill and talent, as it ended its season 5-5.

Todd Vrandenburgh led the offensive and defensive teams. Tight-end Reggie Triplett was also an offensive asset. Famous Irwin, fullback, strong safety, and Chris Robinson, quarterback, were also major contributors to the team's success.

The change from the foothill League to the Rio Hondo League made a big difference to the team. Every game was a challenge, and the level of difficulty was greatly increased. Awards were given to: Reggie Triplett — Most Valuable Player, Todd Vrandenburgh — Outstanding Offensive Player, and Famous Irwin — Outstanding Defensive Player.

The Freshman Football Team, coached by James Cousins, assisted by Andy McIntyre, had a slow start. However, with the encouragement and skillful direction of Coach Cousins, the team began its league games full speed ahead.

The record at the end of the season was 2-7. Brian Gibson led the offensive line, while Vernon Bennett followed through with defense. Dietric Hendrix displayed his multiple talents as linebacker.

Kenny Williams was given the Most Valuable Player Award, Brian Gibson, the Most Dedicated Player Award, Vernon Bennett, the Most Improved Player Award, and Tim Sams, Honorable Mention.

Runners Struggle With New League

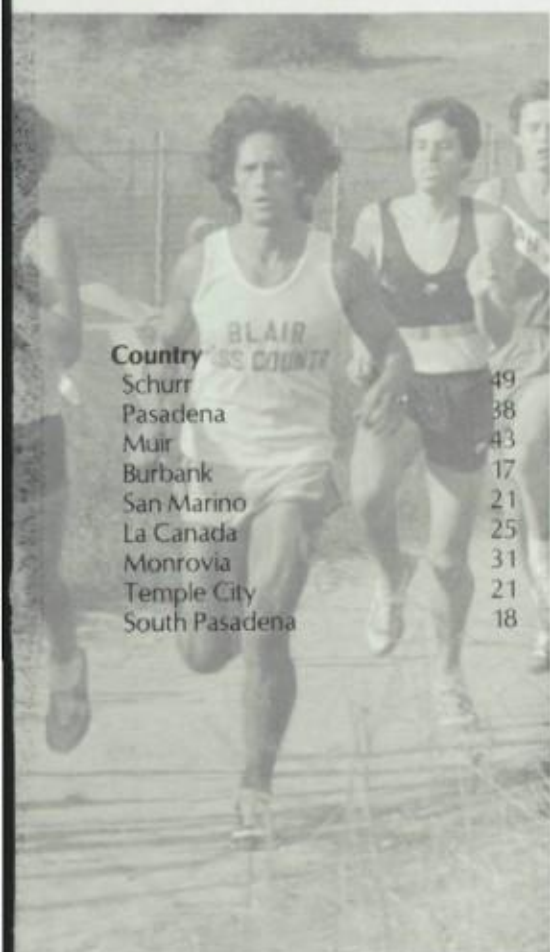

The Blair Cross Country Team was faced with many obstacles in their new league. New tracks and new rivals presented stiff competition for the runners. Despite these problems, the team finished with a respectable 2-4 record. The two victories were at the expense of Muir and Schurr high schools.

Fifth-year Coach Don Molloy pushed his young team to the limit and expects high standards for next year. He loses only three seniors' season.

Leading the team were Trinidad Alcaraz, Suresh Krishnan, and Lawrence Robertson. Francisco Robles, Tom Seeker, Paul Bodenshot, and Stanley Herzog were other major contributors to the team. Eleazar Vita and Ted Kock led the sophomores.

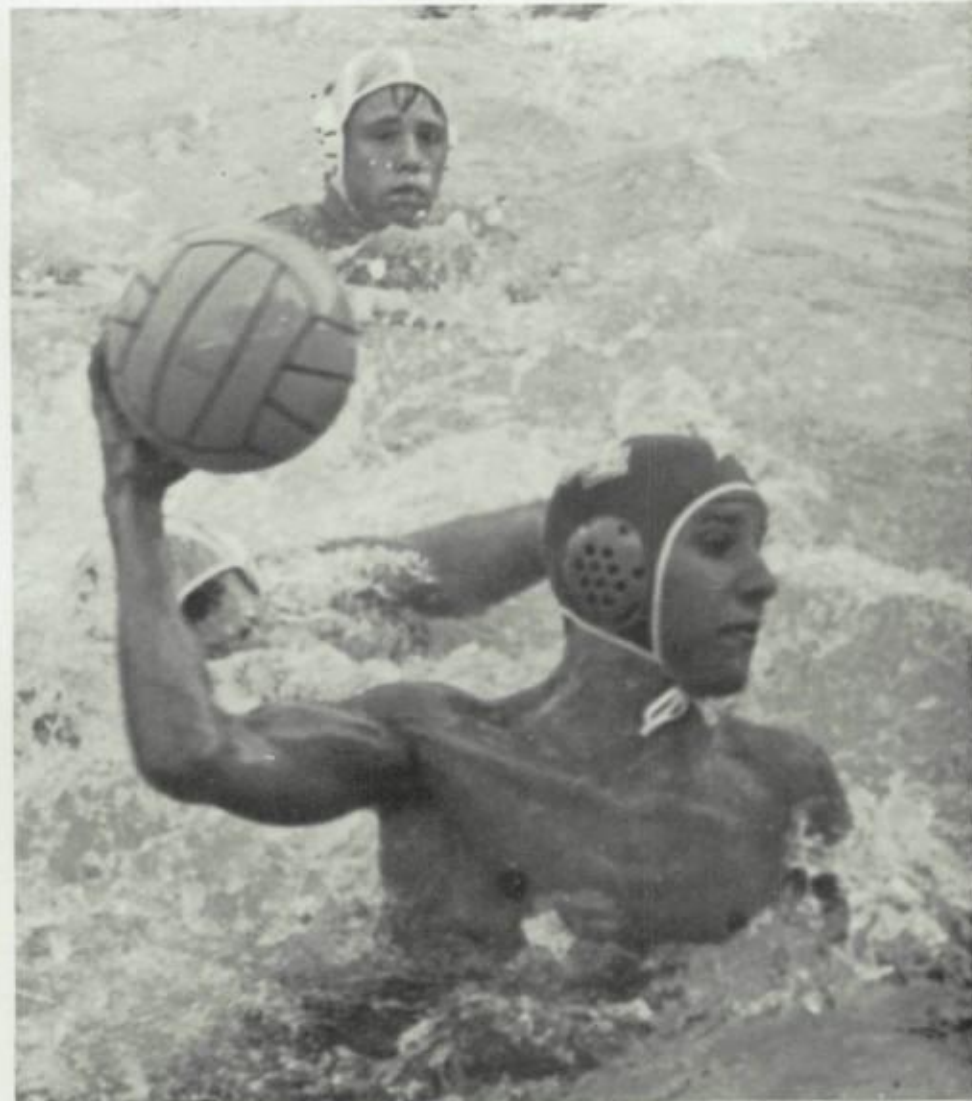

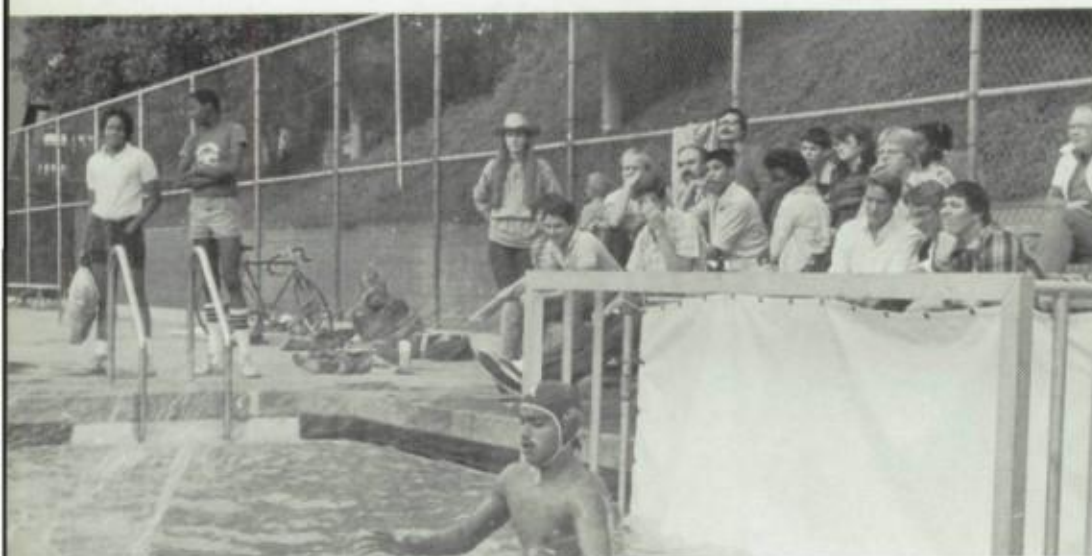

The Girls' Varsity was anchored by juniors Karen Baldeschwieler, Sheri Castro, and Jessica Lambert. Mr. Molloy was pleased with their performance and eagerly awaits their return next year.

WEB OF TERROR

Poloist Emerge Victorious

The 1982 Waterpolo Team, led not only by veterans, but also by first year Varsity players, was as skillful as the team that preceded it. Despite the need of a usable pool at the beginning of the year, the waterpolo team, due to excellent coaching by Peter Cohen, roared to a smashing season.

Non-league play was highlighted by the Montebello Tournament, where the Vikings reached the finals, but lost a hard-fought match against Wilson High School of Hacienda Heights.

Blair completed league play with an excellent 5-2 record and 10-4 overall. The Varsity team was led by seniors Jan Sherry, Jo Wade, and Greg Wade. These players were the key to the success of the team. Jo scored an amazing 112 goals, breaking the previous Blair record. Jan showed his great skill by scoring 75 goals. Greg, with his speed and determination, accounted for 90 goals. Also valuable assets to the team were Jeff Jones, Kevin Turk, Brad Pickering, and Goalie Dave Ochoa.

Blair entered the first round of the C.I.F. playoffs, where they disposed of La Quinta 20-11. In the second round, they met Santa Fe. Santa Fe was ranked very highly in its league, but the Vikings, with their talent, pulled off a surprising 13-9 victory. For the first time in Blair's history, the waterpolo team made it to the third round of the C.I.F. playoffs.

Definitely their biggest challenge, the Vikings faced number one ranked Servite of Anaheim. Servite, with players of massive stature, overpowered the Vikings in a 12-4 win. Even though this game brought the waterpolo season to an end, the Vikings once again showed that they were a team of much unity and strength.

The Junior Varsity team, coached by John Hoffman, consisted mostly of underclassmen and had a good season learning and developing into strong players for future Varsity teams. Key players included Robbie Hendrix, John Maisterra, Pat Bodenshot, John Chew, and Monica Gonzalez.

Sprinters are Spirited

Exhibiting the results of long hours of practicing and determination, the 1983 Viking Track Team proved to their rivals to be a strong contender in their new Rio Hondo League. The runners were led by head coach Don Molloy while the field eventers were led by assistant coach Ben Steelhead Sr.

Although some team members began practicing during first semester, the team did not actually form until February. Coach Molloy demands three things from his runners; the commitment to practice every-day, the physical preparation for competition, and the upkeep of school work. As for the strong points of the team, Richard Bryant led the sprints, Harry Johnson, the hurdles, and Trinidad Alcaraz, distance running. There were also many hopefuls that coach Molloy assured as potential successors. These runners are; Tom Seeker, Paul Bodenshot, Anthony Ruth, and Suresh Krishnan.

The key to the Vikings success was the one hundred percent effort by every team member to score in every event and the hard work and determination which eventually led to victory.

Tennis Has a Smashing Season

It was a most unusual year for the boys' tennis team. Due to a league change, the Vikings were faced with new competitors and new techniques. Knowing that the new league was a competitive one, the boys' tennis team practiced a set of rigorous daily exercises all year round.

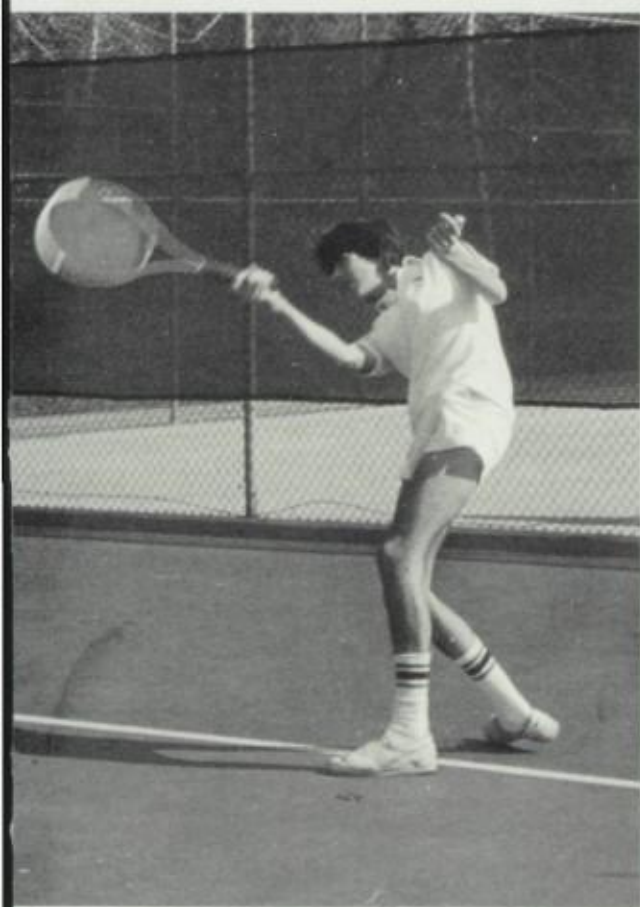

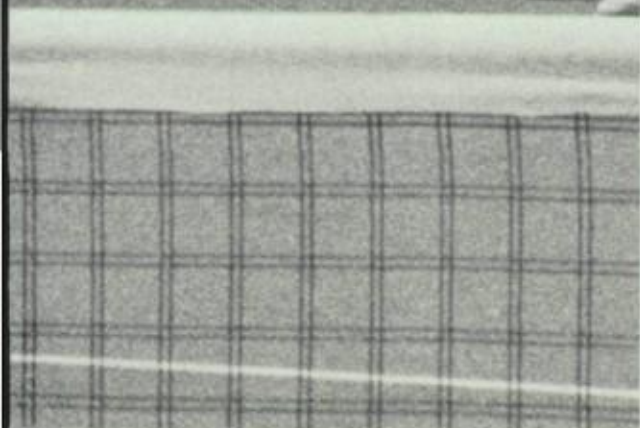

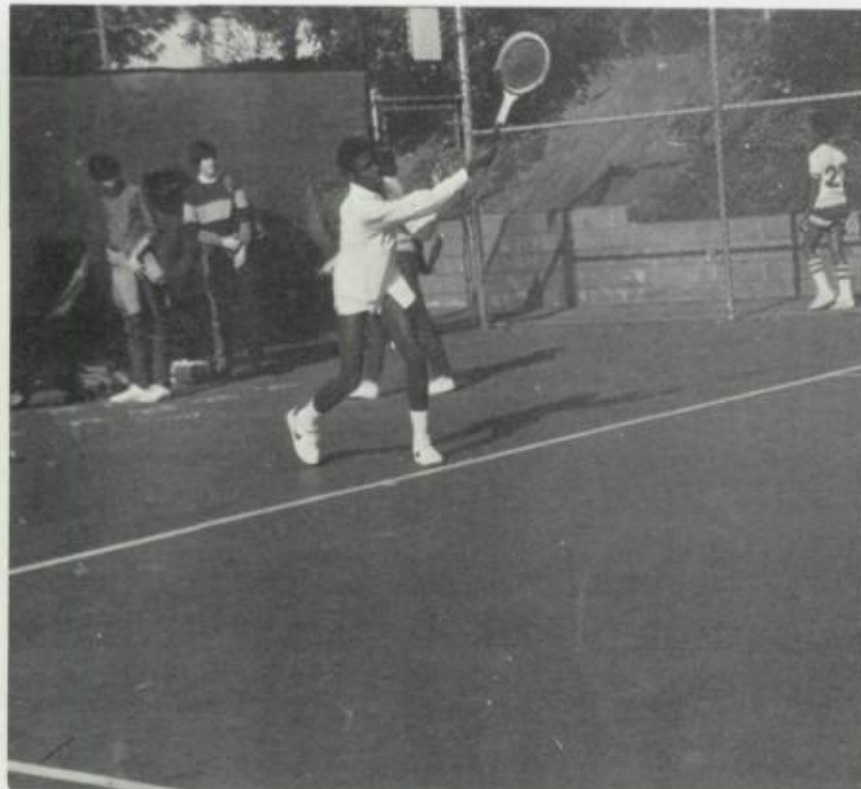

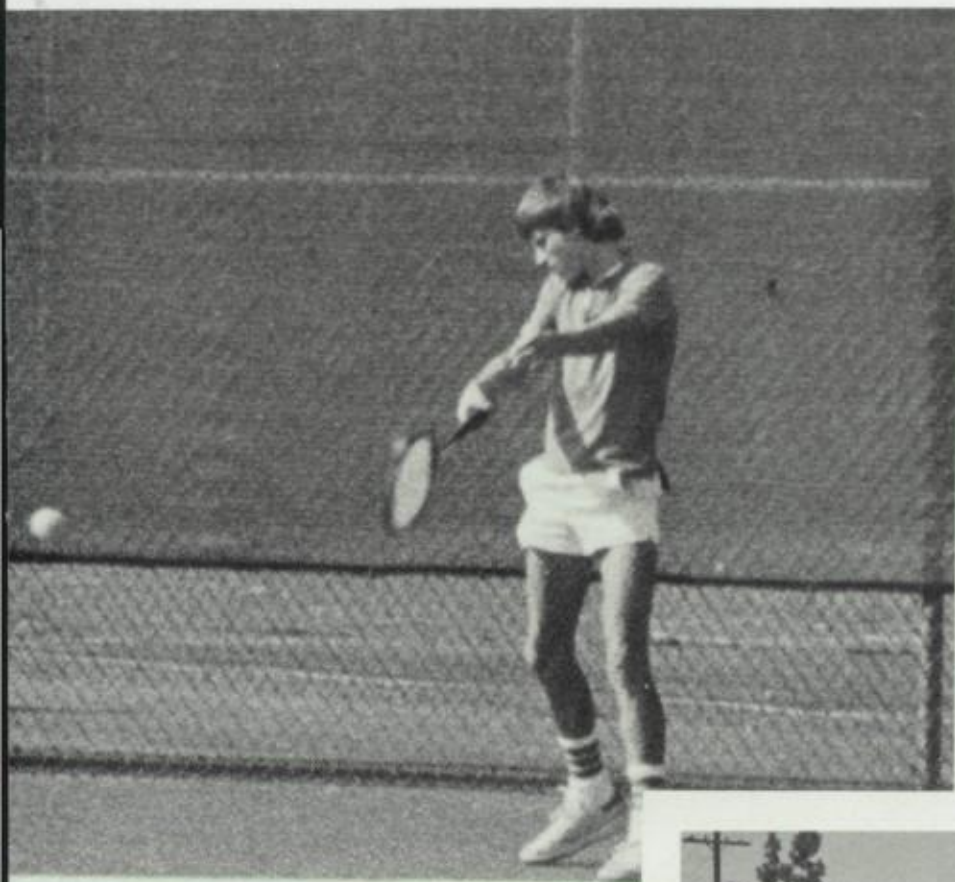

Even though the Vikings lost many of their experienced players due to graduation, the undersized, no-name Vikings led by impetuous Coach Charles Lamb overcame this hindrance.

Leading the singles squad was Loren Land, Peter Gertmanian, and Nicolas Woods. Their spirit and talent were inspiration to the entire team. Standing out in the doubles department were Peter Trepp, Charles Blinkenburg, Max Riedel, and Pierre Eldnor.

As the tennis team was young in both years and experience, they showed that they could pull together, play as one, and have a prosperous season that they could be proud of and remember with dignity.

Team Excels

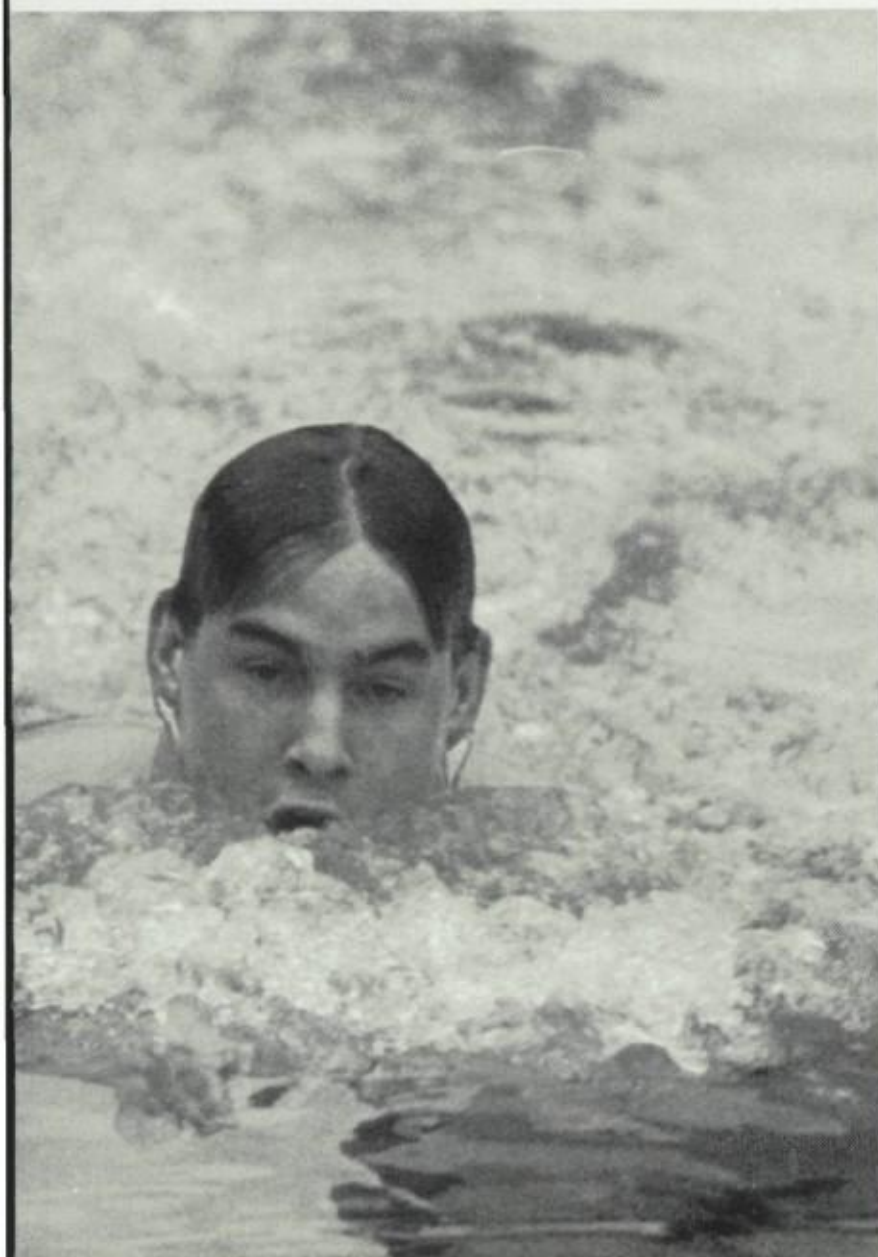

Benefiting from the early morning and afternoon workouts, this year's boys' swim team under the coaching of Patricia McCummins, had a prosperous season which exhibited their skill and ability.

Due to the close down of the pool, the boys' swim team started practicing only a few weeks before their first meet. Even though they had this tremendous setback, this didn't seem to hinder their performance.

Entering a new league, the team members found this season a very challenging one, but with their longevity they seemed to overcome this factor.

Most of the teams' success depended mostly upon their returning Varsity swimmers. Excellent performances were made by Jan Sherry, Jo Wade, Greg Wade, and Brad Pickering.

Even though many of the top swimmers will be graduating, Coach McCummins has high hopes for next years team.

When Coach Ty Gaffney called his first practice, he envisioned the start of a building year. But this was not to be the case. An unranked, unnamed, (un-"Rog"enized) team comprised of primarily juniors, played a difficult pre-season and then stormed into league and took their first Rio Hondo League title in Blair's short soccer history. Coach Gaffney waited a long time for a title, and the team of 1982-83 finally did it!

With key victories over Glendale and P.H.S., the team finished pre-season with a respectable 4-2-1 record. After tying South Pasadena and San Marino, Blair began its emergence with a whopping 6-3 victory over hapless Monrovia. The low point of the year came in the form of a 3-0 defeat at the hands of mighty Temple City. This was to be the only loss suffered in league and left Blair in fifth place. The team began to gel in their rematch with South Pasadena when they held on for a 1-0 victory. After hard-fought wins against San Marino and Monrovia, Blair began what will be remembered as the incredible "hell-week." In five day, Blair faced first-place La Canada twice, and Temple City once. The team knew they controlled their own destiny and made the best of their opportunity. Sophomore Eddie Perez's first half goal held up in a heart-stopping, 1-0 victory over La Canada. Blair gained a 3-2 revenge match victory over Temple City when Faustino Ramos set up Perez for a last minute goal. Blair clinched the title when Paul Bodenshot split the nets with a tie-breaking goal to complete a 2-1 triumph over La Canada. These three crucial victories catapulted Blair into first and gave Coach Gaffney his first title.

There were many reasons for Blair's overwhelming success, but probably the most important was Rio Hondo League M.V.P. Faustino Ramos who finished with a magnificent 17 goals. Other key players were defensive star, Sam Puffinburger, rightwing Eddie Perez (9 goals), and half backs Paul Bodenshot (7 goals), Servando Carrillo, Matt Inman, and Mike Miele. Contributing highly to the late season surge were step-in full backs, Joe Bogaard and Tom Seeker. Jeff Koch played goalie and did an admirable job in his first year of Varsity.

As the team jammed into CIF., they were greeted with the news of being 8th ranked in all of 2-A Soccer. This year will always be remembered for the unity and cohesiveness displayed by the soccer team in their quest for the title. Many of the players adopted a phrase, that became a sort of motto: "The few, the proud, the soccer team." This was truly an unforgettable team which had an unforgettable year. Yea!

BASKETBALL.

C•H•A•M•P•I•O•N•S

Talent and strategy was the key to the overwhelming success of the Varsity basketball team. The team, under the coaching of Jim Hennacy, glided to an impressive and exciting season which will always be remembered as one of the best in Blair's history.

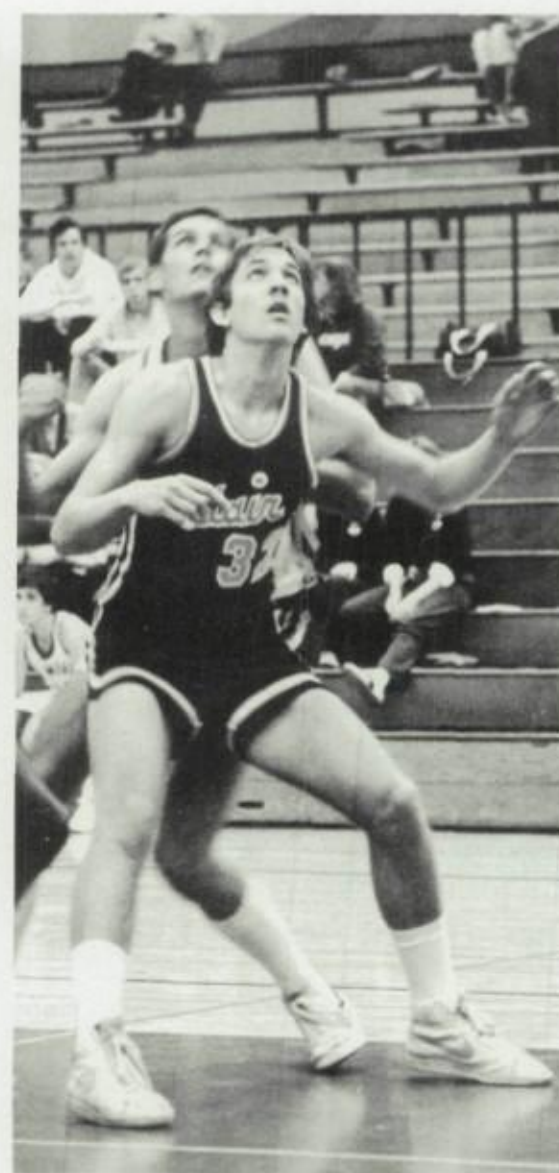

The Vikings had an outstanding pre-season finishing with a 12-3 record. During this time they entered three tournaments, winning one and placing in the others. Pre-season play brought the Vikings up against many teams who were in more competitive leagues. Despite this disadvantage, Blair won all of their games except for three, thus showing that they were a team that should be taken seriously.

The team was triumphant due to the superior coaching of Jim Hennacy. Coach Hennacy feels that basketball is a team effort; there's no individuality. The team's success was also due to the intense practicing schedule. The team practiced nine months out of the year and approximately fourteen hours per week. Coach Hennacy only expects the best effort from his team. This is another factor that made the team so victorious. Among the contributors of this outstanding team were: Darren Robinson, Darrin Underwood, Dorsey Smith, Shawn Perrone, Glenn Jackson, Vaughn Rex, John Carlson, Troy Johnson, Philip Johnson, Langdon Mills, and Stephen McKinney.

One of their toughest games was against P.H.S. Never in Blair's history had the Vikings beaten P.H.S., but with Blair's genius they upset P.H.S. for the first time ever. Most of the players were psyched for the game due to their driving effort to be recognized as the best team in Pasadena. Blair was aware of the power of P.H.S., and they practiced diligently prior to the game. The Vikings overwhelmed P.H.S. and accelerated to a grand victory. Darrin "Too Tall" Underwood scored an amazing twenty-four points to lead in scoring, but it was, as always, a team effort.

The Temple City game was one of high scoring and good defense. Key players in this game were; Glenn Jackson, who scored a game high twenty-seven points, Darrin Underwood, who scored fifteen points, and Dorsey Smith, who did his part by scoring twelve points.

To cap off the season, the Vikings won a hard fought game against Monrovia. In this game where the score was close from beginning to end, the Vikings showed their

true championship quality. With only fifteen seconds left in the game and the score tied at 56-56, Darren Robinson scored a fifteen footer. After increasing the score by two points, the ball was stolen. However, it was quickly recovered by John Carlson, who threw the ball into the hands of Darren Robinson. He was then fouled and therefore allowed to attempt two free throws. With only seconds left, Darren made both shots to win the game and clinch the title.

The victory against Monrovia enabled Blair to qualify for post season play for the fourth consecutive year. With this win, Blair devastated every team in league by remaining undefeated. Their number two ranking gave Blair great hopes for a C.I.F. title.

J.V.'s Have a Hoopful Season

The Junior Varsity Basketball team had an action-packed season which left its opponents spell-bound.

The team had three leaders: forward Ken Campbell and guards Scott Bass and Leroy Parker.

As Blair conquered it's opponents in the Rio Hondo League, it was less difficult than they had anticipated.

Beginning their practicing schedule as early as November, the J.V. team developed an efficient offense. Defense proved to be the weak point, however, this factor did not threaten to put them in a losing position.

After witnessing the early efforts of his team, Coach Tim Guy eagerly hoped for a league championship.

Key games that displayed the J.V.'s competence were victories against league-leading Monrovia and cross town rival Muir. M.V.P. candidate Leroy Parker was instrumental in both victories.

Most of the players will continue on to the Varsity level, leaving Coach Tim Guy to look for more players that can produce a winning record.

Young Netters Shoot Forward

Facing difficult pre-season competitors, the Frosh/Soph Basketball Team had a reputable record. Guided by coach Nick McKeever, the Vikings managed to play a strong, aggressive, man-to-man defense and a high scoring, disciplined offense.

Key wins that boosted the Vikings' morale were against San Marino, La Canada, and Temple City. In these games the Vikings were considered underdogs, but with good strategy and able performance the Vikings prevailed against these teams, showing the championship quality they are known for.

Outstanding players on the 1983 team were Charles Hendericks, Robert Shaw, Randy Rogers, and Chris Boyd. These players all displayed excellent skill and technique throughout the season.

Although this year's Frosh/Soph team was smaller than many of the teams they faced, their quickness and determination overwhelmed their opponents.

Baseball, Hot Dogs Apple Pie, and Chevrolet

If you ever stopped to talk to one of the Varsity baseball players, one thing would become quite evident; baseball was always on their minds. But they had just cause to boast, the 1983 Varsity Baseball Team, coached by Joe Ballard and Dave Armatorio, played a challenging and rewarding season.

A change to the Rio Hondo League had no major effect on the difficulty of play. There is always a dominant team in each league and Temple City proved to be the one this year.

The team's biggest drawback was the loss of five of their seven starters due to graduation. Top players include; Jose Carlos and Damon Wing, who have the best double play combination, Andy Provenance, Luke Acosta, and Ray Skinner.

The philosophy of the team is simple and straight forward; winning is the most important goal to strive for.

As far as accomplishments, the team hopes to grow as baseball players and make it to the playoffs in the new league which means beating Temple City. Not only did every member of the team prepare physically for the season, but they were dedicated to their sport which was quite obviously the key to the Vikings success.

Spikers Give It Their All

The Varsity Volleyball team, led by Coach Pat McCummins and team captain Mary Perez, had an exciting but trying season. Despite the new league and lack of participants, the team improved tremendously. Coach McCummins commented, "I had to put a whole new team together and they played well under the circumstances." The senior members were Jackie Bicket, Lorie Dusenberry, Lynn Dimacali, Maya Monteroso, Leoretha Wells, and Kecia Twine.

"Fire Up" was the Junior Varsity team's main cheer, which is exactly what they did. Under the excellent coaching of Herb Cohen and leadership from co-captains Aileen Galindo and Kim Johnson, the J.V. team achieved an excellent 13-1 record. Their only loss was a hard fought battle against La Canada. They also earned the title of Inner-City Champs by defeating Muir, Pasadena, and Marshall High Schools.

The Girls Varsity and Junior Varsity Tennis teams were greatly affected by the recent league change. Both coaches Gayle DeForest and Charles Lamb felt that the new league was more challenging. This encouraged both teams to strive toward becoming more competitive.

Practicing daily helped the girls to improve their skills and techniques. They learned to work both as a team and individuals in their practices and matches.

Varsity and Junior Varsity had a trying year. Though they put up a tough fight, the Vikings were unable to defeat most of their opponents. But this didn't effect the girls, they enjoyed themselves and learned where improvements could be made.

Young Talent; New Challenge

With several returning swimmers and outstanding newcomers, Coach Pat McCummins was able to lead the Girls' Varsity Swim Team into a successful season. From the beginning, the girls swam with dedication and enthusiasm in order to build its fundamental strength in preparation for competition.

The Vikings began practicing early in February, swimming an average of 200 lengths before and after school, not to mention Saturday morning workouts.

Among the outstanding newcomers was Emily Wade who helped returning swimmers Susan Oyakawa, Leanne Robertson, and Tami Galindo lead the team on.

The team opened the season with a win over San Gabriel 79-64. The dominant swimmers were Emily Wade winning the 500 and 200 Free; Leanne Robertson the 100 Free and 100 Breast; Susan Oyakawa the 50 Free; and Yanina Gallardo the 100 Back.

CIF??? CIF??!

CIF?!!

CIF!!!

The Girls' Varsity Basketball Team, under Coach Joe Ballard, proved to be a determined group of athletes. The Vikings opened the season with wins over Burbank 40-28; Pasadena 43-32; and Marshall 38-35. A hard fought game against Muir was the team's only preseason loss. Along with this excellent preseason record, the team received the first consolation trophy in the Alhambra Tournament.

The Vikings lost their league opener against Temple City, but the team rallied together to defeat La Canada and South Pasadena High Schools. The South Pasadena game turned out to be an "utter massacre" with Blair scoring 81 points to their 19. Suzy Sanderson had a team high of 31 points. After the game Crystal Brooks said, "We are going to CIF!" With all the skill and enthusiasm of the team plus steady guidance from Coach Ballard, the team was well on its way towards CIF.

The Junior Varsity team, led by first year coach Dave Armotorio, had a good season learning and developing into strong players. The team was led by Sophomore Nadirah Scott and Freshman Lola Hill. **AFTERWORD:** The Varsity team achieved its goal for a CIF playoff berth by defeating San Marino and Monrovia High Schools. Spikers Stride to Victory

The Girls' Varsity Track Team emerged once again under the direction of Mrs. Gail DeForest. With her support and the experience of returning members, the girls proved that hard work and dedication are the key ingredients to a successful season.

The team, comprised mainly of sprinters, was led by returning seniors Celwyn Scott, Pam Dugan, and Pam Nears in sprints, Maritza Nieves in Hurdles, and Tracey Lawson and Leoretha Wells in field events. The distance squad, hampered in recent years by lack of participation, had many new faces. The squad was led by Karen Baldeschwieler.

The team opened the season with a win over Alhambra. The meet, which was eventually cancelled due to rain, gave Coach DeForest the opportunity to view her team in action. Contributions from veteran and new members helped to fuse a competitive team.

Aside from the usual league meets, talented team members also participated in invitational meets such as the Pasadena Games and the Mt. Sac Invitational.

Top Right: After winning her first race, Holly Smith asks, "Is there a doctor in the house?" **Above:** In the 2-mile, Karen Baldeschwieler . . . etc. knows that the last mile is the longest.

Energy Pays Off

The Girls' Softball Team, consisting of underclassmen, played diligently and successfully throughout the season. With the hard work exerted at afterschool practices, Coach Jane Wyckoff was pleased with the enthusiasm and energy that her team revealed.

With no returning seniors, new coach Jane Wyckoff relied upon the experience of returning members to get off to a fulfilling start. Among these players were: Valerie Robinson, Rosita Cesari, Renee Ellison, Deanna Furlong, La Tarsha Garland, and Winette Graham. The returning players were aided by outstanding newcomer freshman Rhonda Price at first base. Rhonda, who is a fantastic, well-rounded player, also assisted with pitching. Other members of the infield were: Michelle Calloway, a solid player, at catcher; Valerie Robinson at shortstop, and Winette Graham at third base. The pitchers were sophomores Alicia "Smurf" Pineda and Jackie Goldsmith. The outfield was comprised of LaTarsha Garland in left field and fine performances by newcomers Dee Willis, Kim Stevens, and Kim Johnson.

One of the best aspects of the Blair student body was its diversity. Students of all racial, religious, and economic backgrounds could be found on campus. Social groups mixed fairly well, producing one of the best high school atmospheres anywhere.

The variety of activities in Pasadena well suited the diversity of the Blair population. Blairites were observed in a number of locations, including "New Wave" discos, video arcades, and, of course, numerous "fast food" outlets. These locations, where students could relax and be themselves, were an important part of Pasadena to Blairites, for here they met and spoke with their peers.

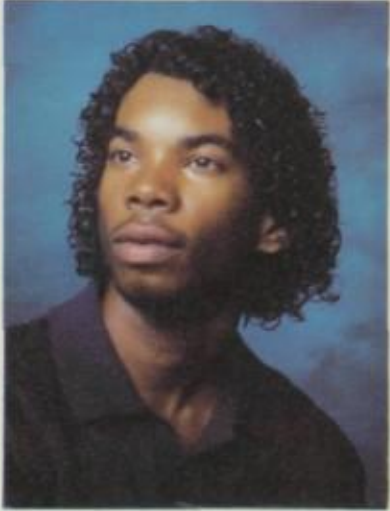

It seemed like yesterday, being only freshmen at registration, that fate brought us to Blair. Now high school is over and now we will look back on our years at Blair, remembering all of the good times, the memories that will last forever. Senior Ditch Day, long awaited, has come and

gone. Our Prom at the Ambassador Hotel was a Night to remember and to treasure. Baccalaureate brought back memories of the year and released us into the world to conquer. Grad-Nite and Graduation were the climax of our year. Well, what will it be for the Class of 83? . . . Who knows?

Memories . . .

... Light the Corners of My Mind

*"It doesn't matter if we never meet again,
What we have said will always remain.
If we get through for two minutes only,
It will be a start.*

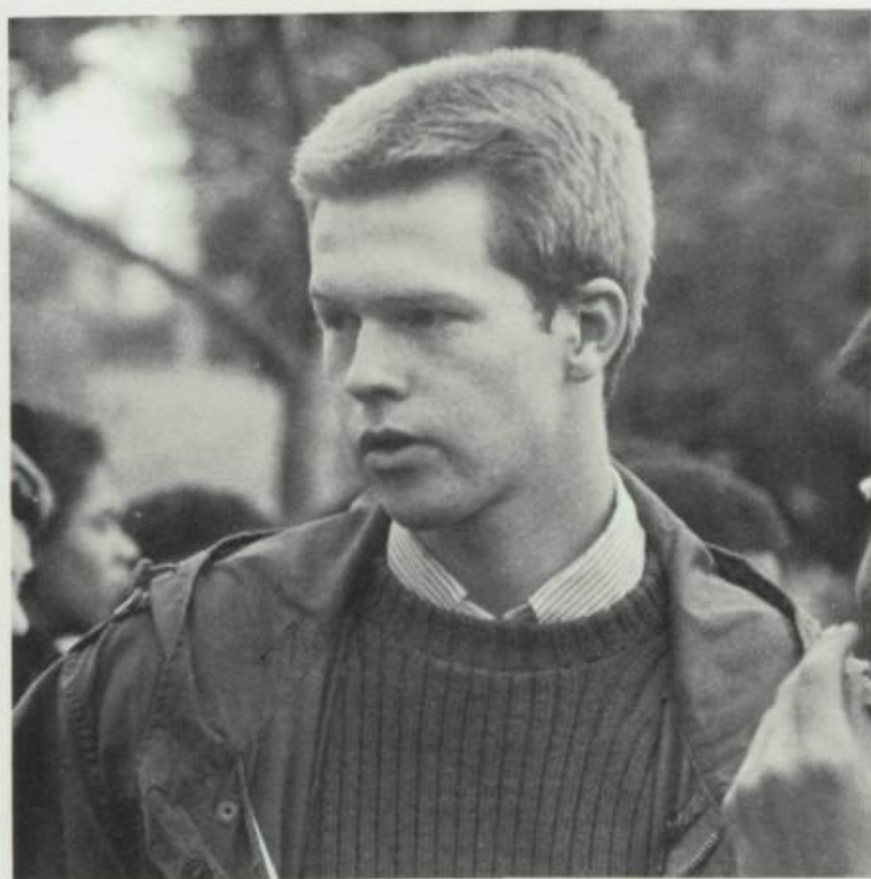

*For knowing that someone in this life
Loves with a passion called hate
And what you give is what you get!
(The Jam)
John Jeffries*

*"It's hard to believe we are finally leaving.
We have experienced so much, gotten away
with a lot, and through it all, have grown
into mature and caring human beings. Thanks
for the memories, Blair, we have had a blast.
Mary Jenkins*

*"Reach out for what you strive for
Reach out for your pride
Open up that closed door
And let your conscience be your guide.*

*Reach out for seniority
Catch it in your hand
Cause the class of '83
Is taking the stand."
Lisa Marie Jones*

*"Give the world the best
you have, and the best
will come back to
you."
Lucie Jimenez*

*"If you think you can fight against
Darth Vader or be an L.A. Raider
If you think you can, you can win a marathon in
Boston or play tennis with Tracy Austin.
If you think you can, you can be what ever you want
to be just put your mind to it
then go out and do it.
I'm going to be the best at whatever I do because
God endowed me with the power to be what
he wants me to be."
Love you mom,
Heidi Evans*

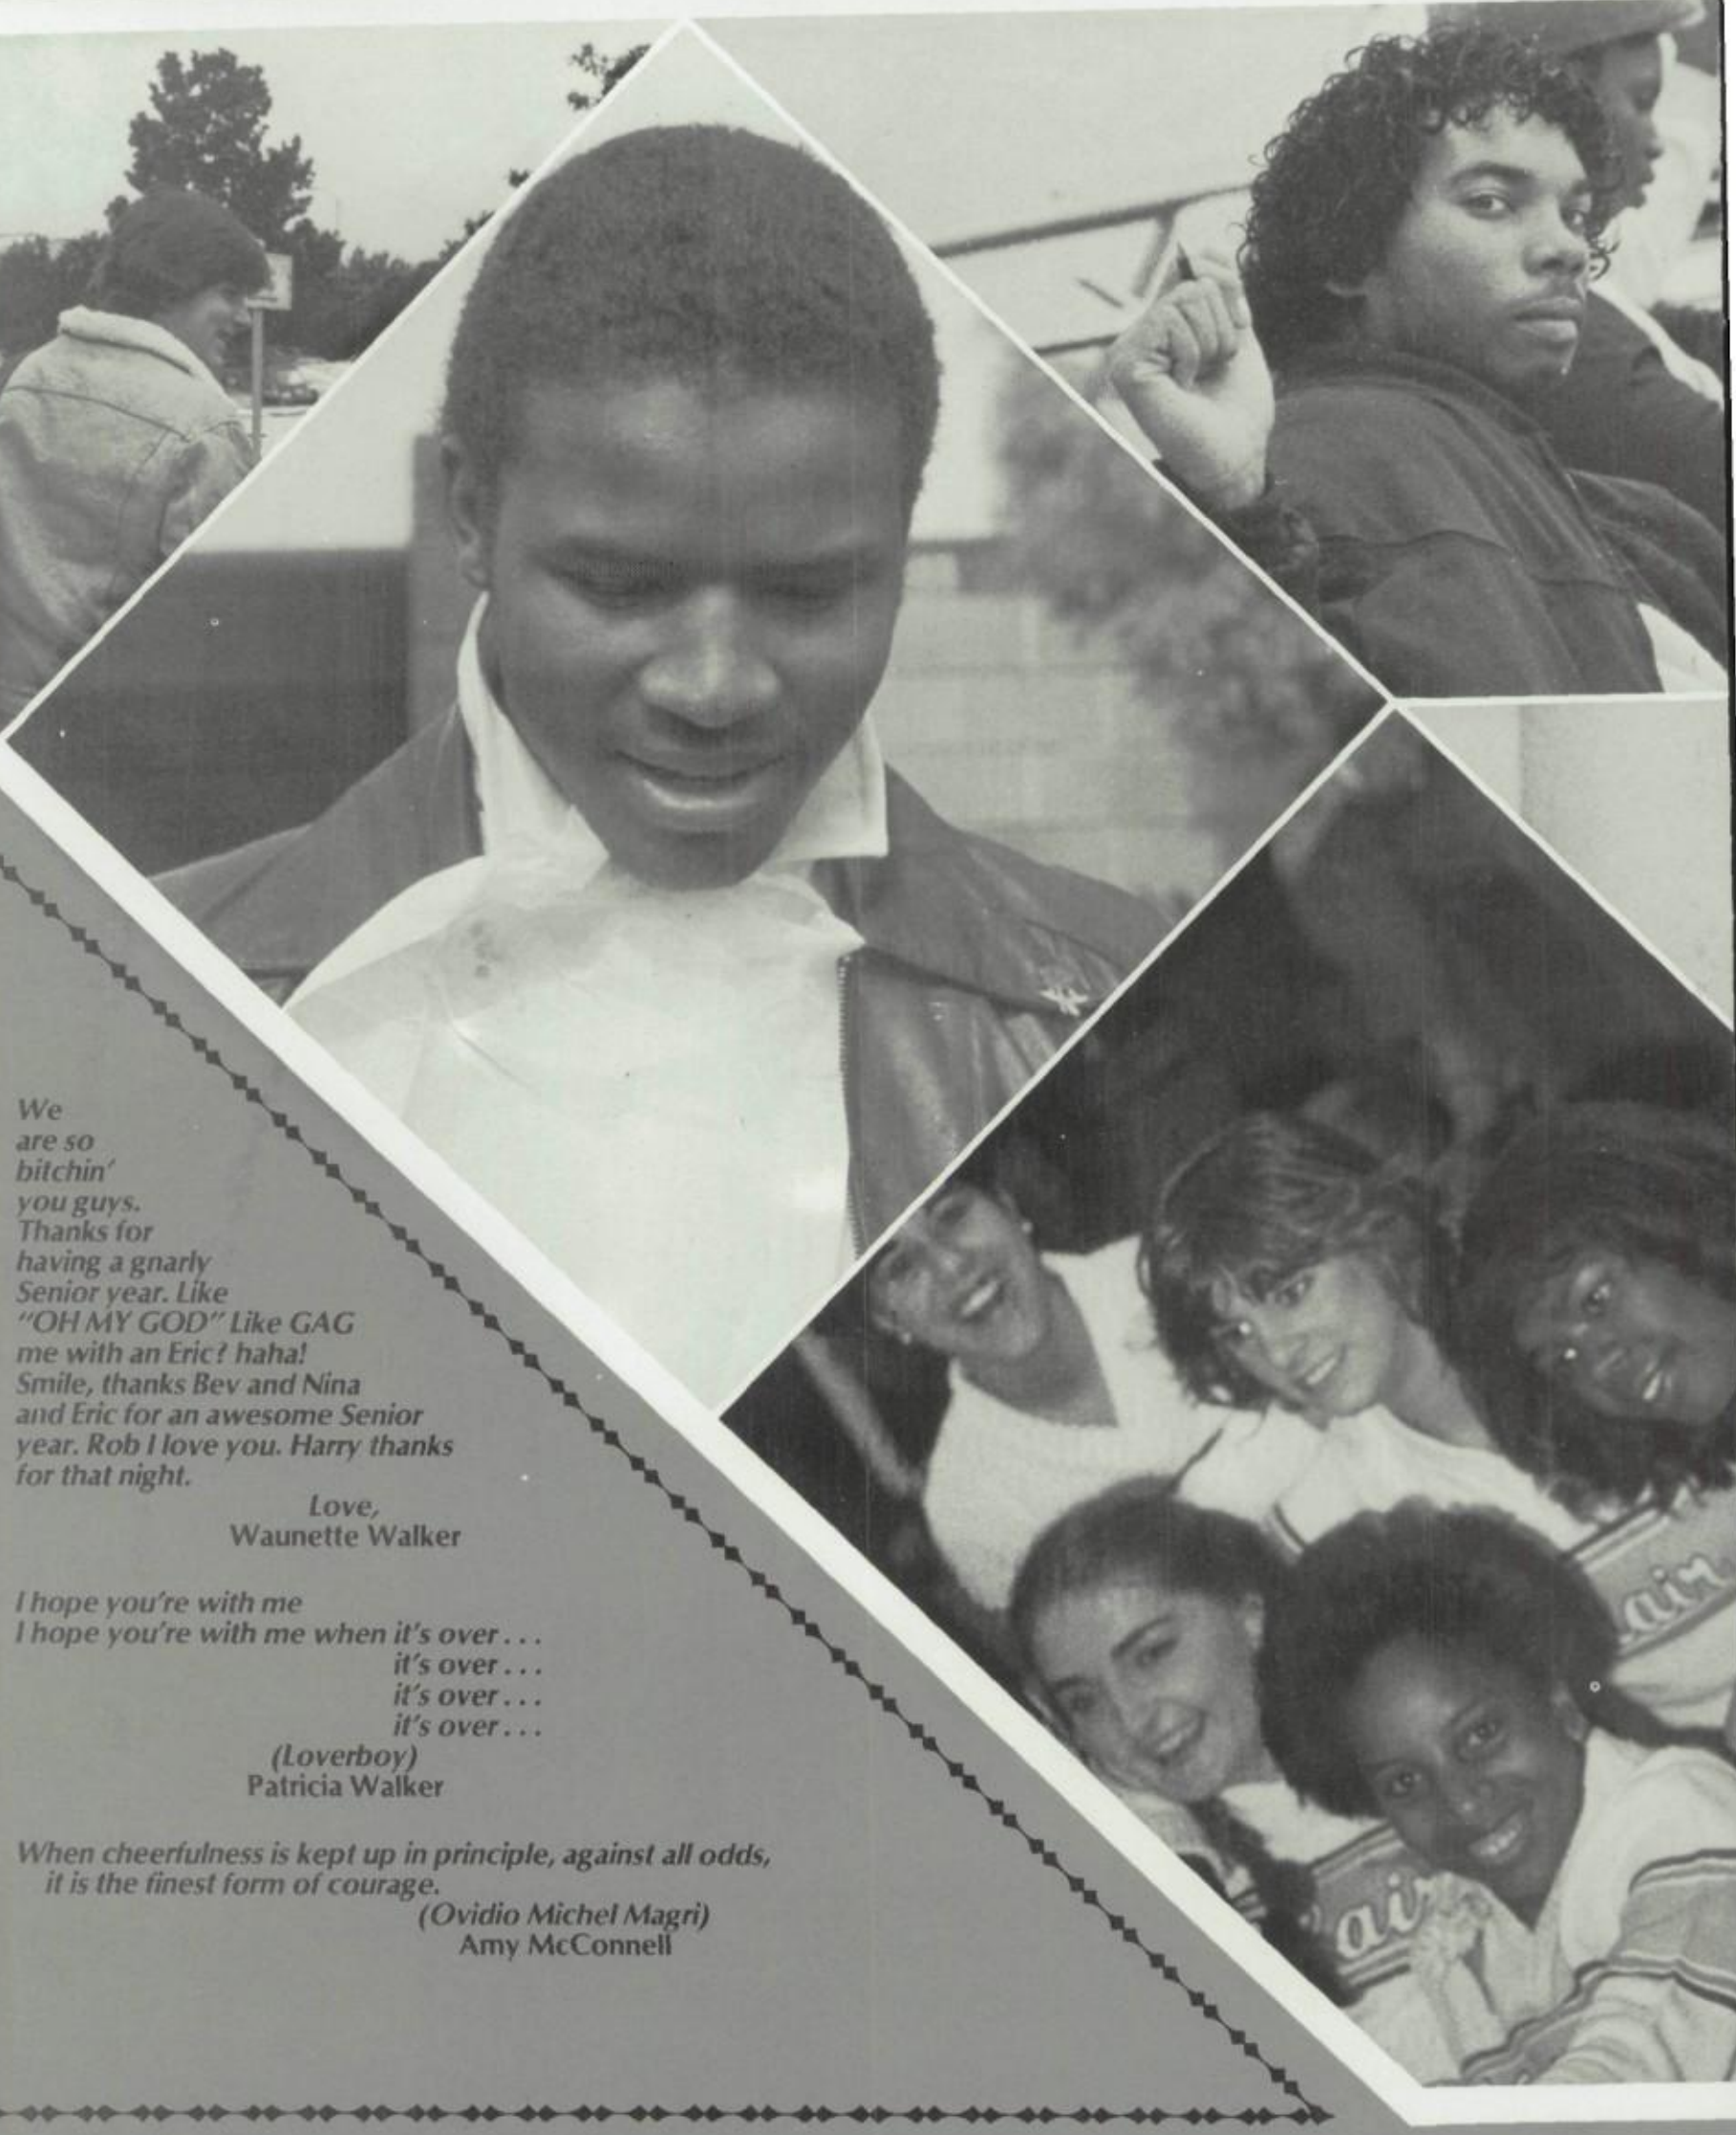

*"Hold fast to dreams, for if dreams die,
life is a broken winged bird that cannot fly."
(Langston Hughes)
Angie Parker*

*"Life is so strange when you don't know.
How can you tell where you're going to?
You can be sure something could change.
And then you won't know. Destination unknown.

Juniors Have Class

This year saw the Class of '84 finally break through. The class established itself as a unified power in everything from assemblies to fund-raisers to sports events. They kept an even pace with the Seniors in funds despite the fact they had one less year to do it. After this year of hard work, the juniors eagerly anticipate the joy and glory of being Seniors next year.

The Class of '84 actually began their climb last year when it was announced the traditionally Senior Varsity Cheerleading Squad, was all juniors. When these girls made their first appearance, the class rallied behind them, and made their voices heard in approval. At every football and basketball game, throngs of juniors could be seen in support.

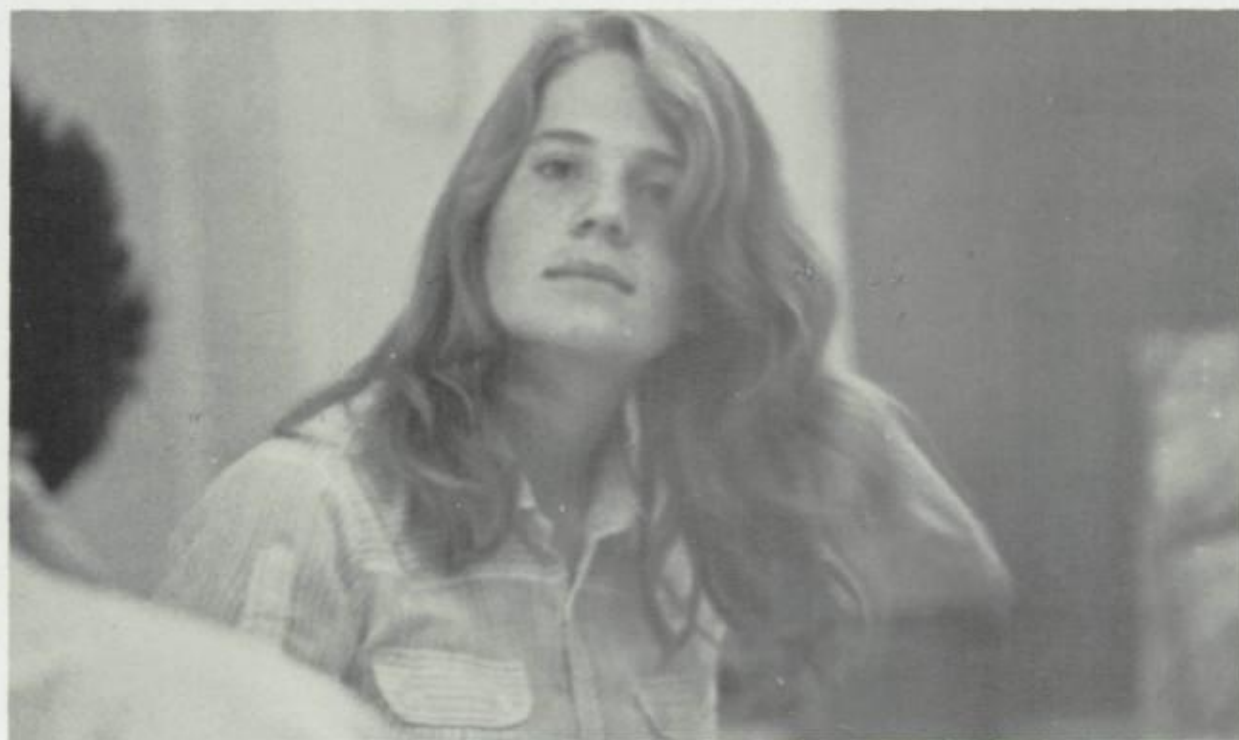

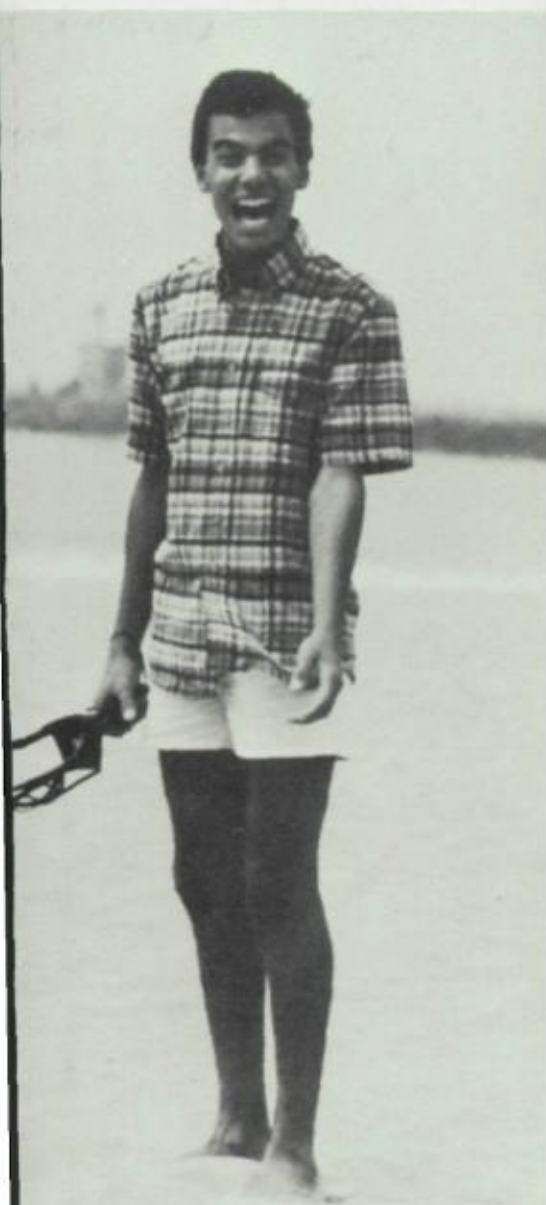

The juniors showed their spirit in many diverse ways. The mascot try-outs were dominated by juniors in quest of displaying their spirit. The Halloween assembly came alive when a group of juniors performed their "Flashing Businessman Drill-Team Routine." Perhaps the juniors' best aspect was their wit. In response to the money-hungry seniors' call, "We got spirit, yes we do! We got spirit, how 'bout you?" the Junior Class loudly proclaimed, "We got MONEY, yes we do! We got MONEY, how 'bout you?"

These penultimate seniors certainly did have money. Their list of fund-raisers seems endless. They went from candy to car-washes, from pom-poms to pop, from flowers to floats. Good attendance at meetings, positive attitude, and enthusiastic support were all instrumental in the success of these events.

Many people were responsible for the Class of '84's prosperity, but perhaps the most important was tireless Advisor Gladys Roshko. Her method of treating the officers with the greatest respect and always being there to help out when needed was one reason for not only their achievement but also their overall image. As the old cliché goes, the Juniors can hardly "wait 'til next year!"

"Sophomoritis" Anyone?

No longer the guinea pigs of the school, sophomores realized that their status was growing. Becoming more familiar with the faculty, the rules, and the everyday routine, the sophomores began to make themselves at home. As the 1983 school year came to a close, the sophomores realized that they had finally hit the half way point. The difficulties of getting started were behind them, leaving only the good times to come.

The Class of '85 organized many new and exciting activities. The creative ideas that came from various sophomores, such as the dog wash, and the umbrella sale soon were eliminated. All was not lost, however, as the following sophomore fund raisers made up for earlier failures. The other scheduled activities followed through with flying colors. They held a very successful car wash, candy apple sale, and a See's Sucker sale. Unlike every other class, the sophomores dreamed up new and original ideas. Instead of selling Homecoming flowers, they organized a trip to a T.V. game show. Not only to earn money, but to have some fun as well. Nell Covington, a new teacher at Blair was the Sophomore Class Advisor. She did a very good job maintaining the discipline that was needed at class meetings. Emily Wong and Marcus Dawson, the semester presidents, also contributed a great deal to the organization of the fine activities. The sophomores are well on their way to becoming one of the most successful classes at Blair.

The Class of '85 didn't need assemblies as spirit boosters. They were already filled with the enthusiasm needed at sports events. They just came for the fun. Being a sophomore is almost as hard as being a freshman, but in a different way. sophomores can't use "being a freshman" as an excuse for getting lost, or acting silly. sophomores are easily spotted, mostly because of their ability to get along with others. Everyone agrees that the Class of '85 has the potential to make their final years at Blair extremely beneficial.

Freshmen Emerge With Spirit

Lost and confused, the freshman class found itself surrounded by new faces, new teachers, and a completely different atmosphere from the one they had left behind. Little time elapsed before this group of newcomers gathered together to plan for the years ahead.

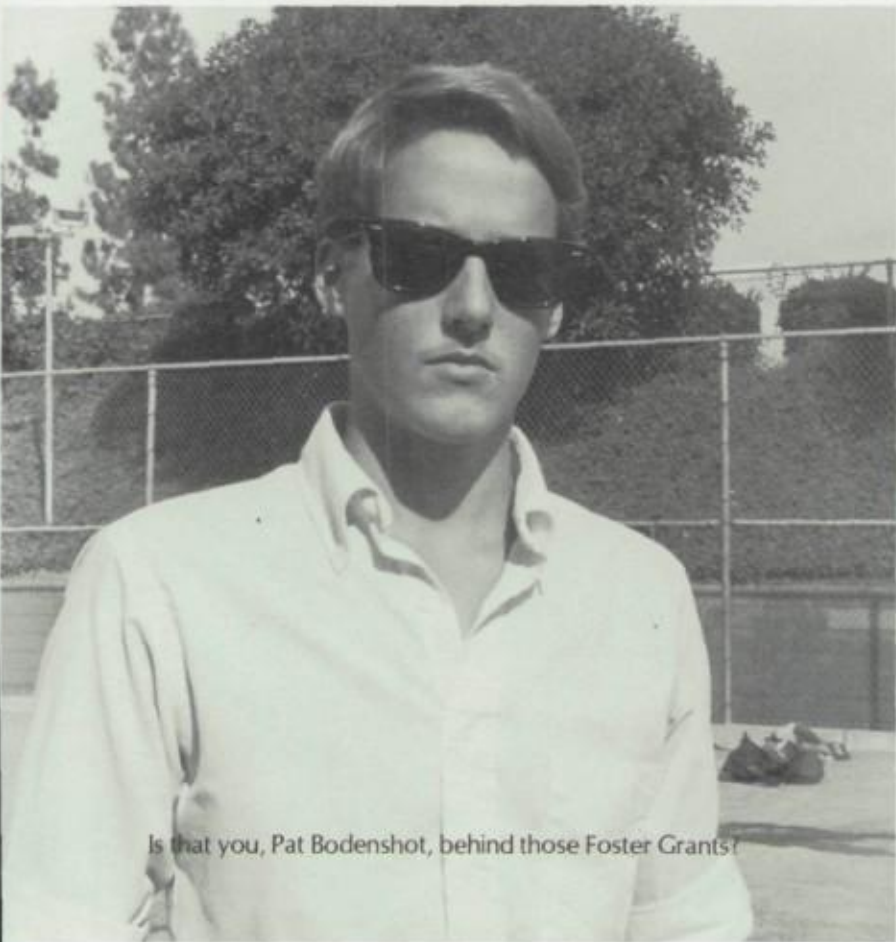

Raising money, however, was not the primary focus of this interesting class. With the new-found freedom and choices that high school offered them, they engaged themselves in countless numbers of activities offered at Blair.

The Class of 1986 lost no time in the confusion that usually accompanies in the first year of high school. They showed a surprising amount of participation and enthusiasm at pep assemblies and various sport events. Looking forward to three more exciting years at Blair, the freshman class proved its emerging Viking spirit!

LODGE 672
B.P.O.E.

Pasadena is a city made up of many different clubs, groups, and organizations. Some of Pasadena's more established clubs are the Elks, Kiwanis, and Rotary. These clubs take an active role in helping the youth of today get a head-start on life through scholarships and awards. Blair, too, is made up of many productive clubs and organizations. Clubs are a way in which the students explore outside interests while in the community of friends. L.A.S.A. and Ski Clubs have built firm foundations and have very high membership. Zonta, Key, and Interact took on major projects all over the city. This section is dedicated to all you club members who made the school a place to remember.

Members Enjoy Tea For All!

Once again, Blair's C.S.F. Club enjoyed a successful and enterprising year. Under the supervision of Mrs. Judy Taylor, the industrious club members found innovative ways to create activities while sustaining traditions. They organized the first annual C.S.F. Christmas Tea, to which all teachers and C.S.F. alumnus were invited. The mouth-watering feast was prepared by club members and enjoyed by all! C.S.F. initiated a program offering tutoring assistance to Blair students and it was a great service to the student body. Their active year was brought to a close at the

senior awards banquet. The members graciously provided flowers and refreshments in celebration of their well-deserving classmates.

The California Scholastic Federation has maintained its distinctive and reputable name throughout our school's entire history. The organization will continue to develop in its recognition of outstanding and academically inclined students at Blair High School.

ZONTA

Z Comes Alive

The 1982-83 Blair Zonta Club combined their annual projects with some new exploratory efforts to have another productive campaign. Under Advisor Mrs. Hernandez, the club brought in many new members and had excellent attendance for all events.

As usual, the Z-Club continued their support of the Roosevelt school for handicapped children. Every two weeks, the club journeyed to the school and spent time entertaining and teaching the kids as well as learning from them. The Christmas and Halloween visits were made extra-special when the club held parties and dressed-up. The members always left realizing how lucky they were and thankful for everything they had.

The Z-Club undertook a new project this year which involved the raising of funds. The project was the funding of a water well for a third world impoverished country. The club realized the importance of this when informed of the contaminated water supplies in so many countries. This plan was carried out through candy sales and car washes. Another major effort was the revision of the Zonta Constitution. This was done to ensure maximum participation in all events. Officers for this year's Z-Club were President Alise Stellwagen, Vice President Paula Chan, Treasurer Katya Armistead, and Secretary Jeannie Pursel.

GAMING

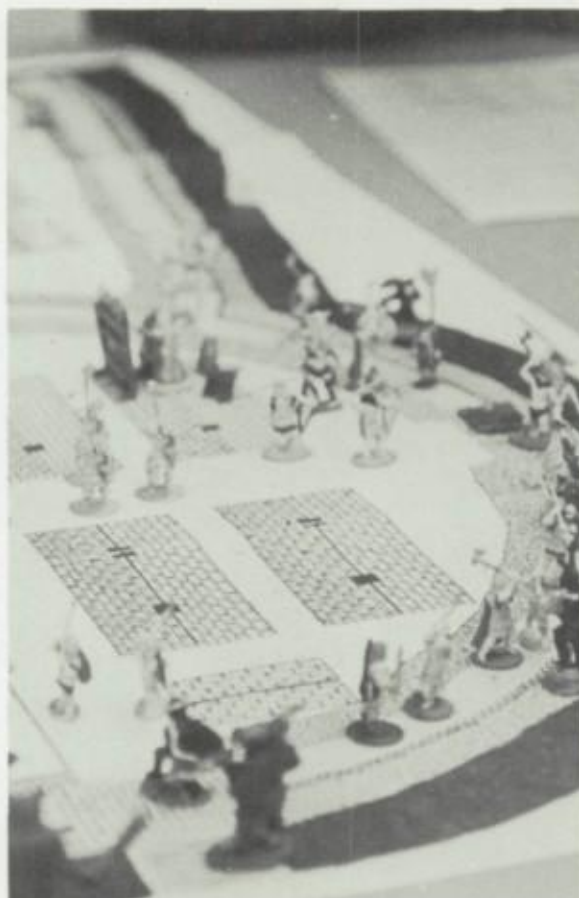

Imaginations Run Wild

Imagine this: it is a Friday, overcast night and a full moon is peeking out from behind the thick fog. We are in the middle of nowhere and the moonlight is shining down on two dozen unrecognizable beings engaging in a . . . human sacrifice??! Who are these madmen anyway?! Why, it's Blair's Gaming Club, of course!

This was the club's fourth year and undoubtedly the most productive of them all! These extravagant minds were gallantly led by President James A. Krieg, Vice President Robert Kirkpatrick, Treasurer Mike LeFlore, Secretary Eleazar Vita, and Head Pigeon Trainer And Chief In Charge Of Dry Bread Uwe Roth. They utilized the club primarily as an outlet to vent inner hostilities, to fight cavity creeps, and to fearlessly go where no man has gone before. While most clubs were discussing candy sales and car washes, the Gaming Club was preoccupied with plans of providing financial support for a military coup in an African nation to be named only under subpoena by the Senate subcommittee.

It was a genuine challenge for Advisor Mr. Chuck DeVore to attempt to keep this

unpredictable behavior under control. The most realistic benefit of the club was that it kept the small population of homicidal maniacs off the streets at lunchtime on Tuesdays and Thursdays.

CARTOONING

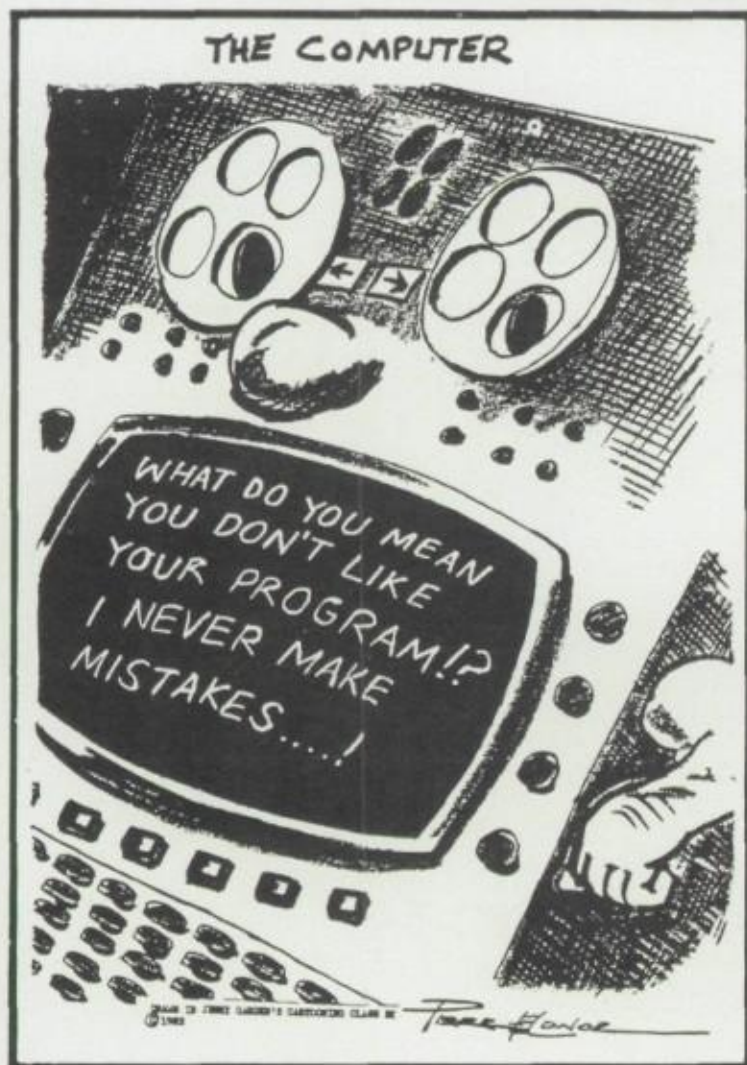

Cartoonists Gain Praise

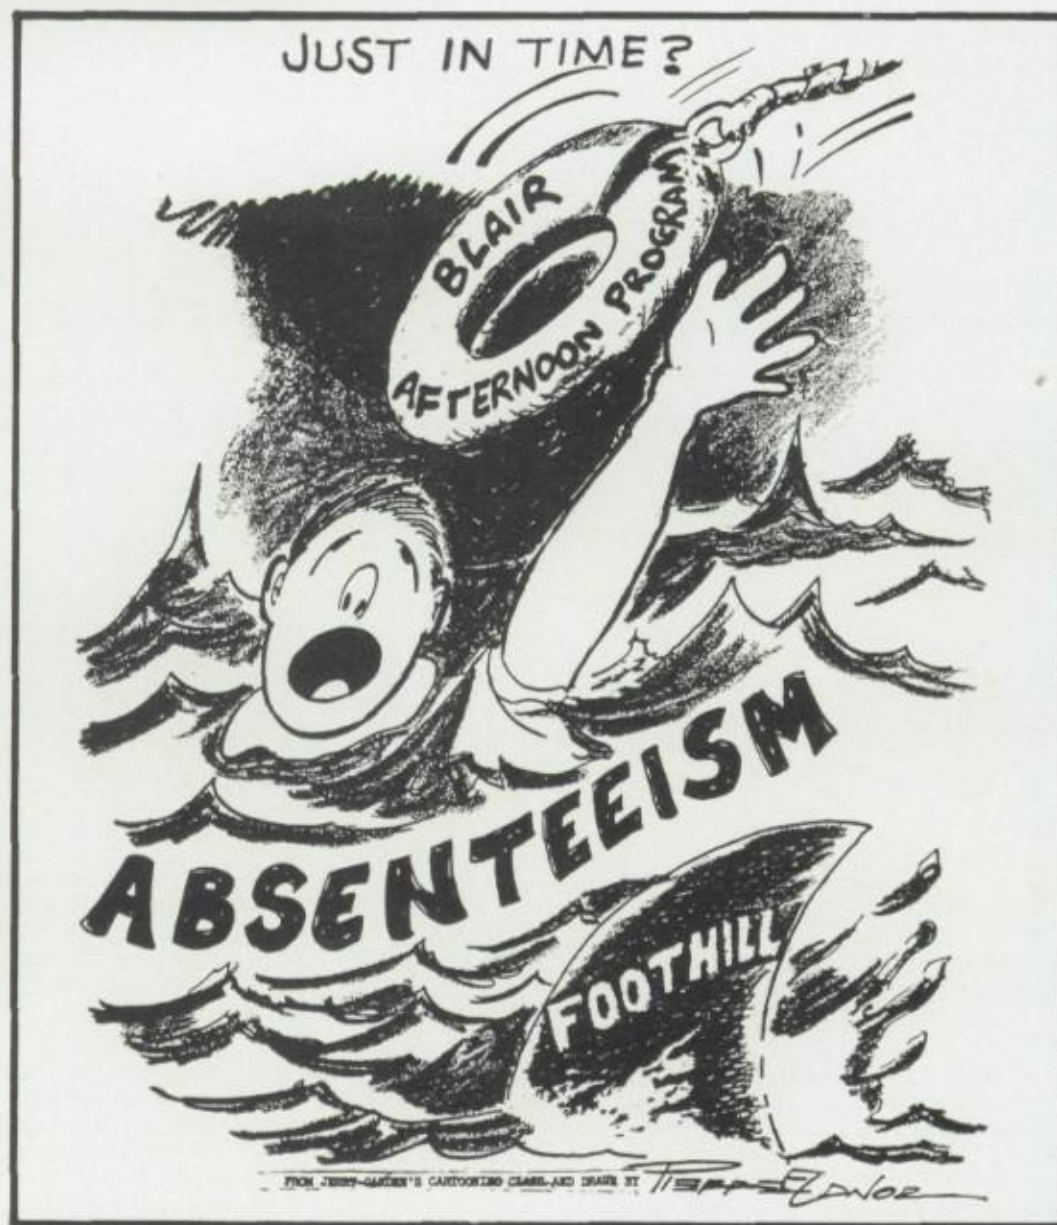

With the guidance of Mr. Jerry Garden, the 1982-83 Cartooning Club has been praised by well-known public associations. Blair's skillful cartoonists have produced some of the finest cartoons in the district which have frequently graced the editorial pages of the Pasadena Star News.

President Matt Caradonna and Vice President Pierre Eldnor carried on the club's goal to further the know-how of cartooning to all Blair students.

You can see Mr. Garden's progress with these talented individuals in our school newspaper, The North Star.

Top Right: Amy Fung and Sandy Zen have a friendly competition in Chinese Chess. **Top Left:** Timothy Kuo and Cecilia Yeh get out their aggressions in an unusual way.

Asia Comes West

Throughout its development, the goal of the East-West Club has been to unite Eastern and Western cultures within the Blair campus. The advisor, Mr. James Hsu, and the officers: President Janet Yang, Vice President Sandy Zen, Secretary Lulu Fou, and Treasurer Thien Mac accomplished this feat capably. Their dedication and diligent work for the club were quite apparent. The members gathered frequently for casual luncheons, bowling trips, picnics, and athletic events. They organized the first annual Chinese Chess Contest and after a grueling competition, Huy Trinh and Kwong Wun reigned as the victorious winners. The Christmas holidays were celebrated with a dancing party held in the cafeteria. Inevitably, the combination of good music, good food, and good company made it a successful evening. The East-West Club's activities came to a climax at the traditional Asian Queen Contest. The queen and her court made a glowing appearance before the student body at a well-attended assembly.

One of the more recent varieties of the club was the membership of a few "Westerners." They became familiar with various facets of the Asian culture and it was an eye-opening experience for everyone.

Top: Mr. Hsu frantically makes sure that the food gets in the picture while the club members pose at their Christmas luncheon. **Above:** Kwong Wun and Shuji Sugihara carefully pile the Chinese delicacies on their flimsy paper plates. **Above Right:** Buyng-Woon Cho inconspicuously tries to play footsies with the mysterious woman next to him. **Immediate Right:** Janet Yang appears tickled pink as Kwong Wun chooses his next victim. **Far Right:** Lulu Fou displays her gratitude and appreciation for all of Mr. Hsu's hard work.

SWIM

Swimmers Left in the Cold

This year's athletic program suffered from a severe budget cut. Our two swimming pools were forced to shut down during the winter months on account of the expense needed to heat them. Advisor Miss Pat McCummins, President Susan Oyakawa, and Vice President Leanne Robertson overcame this obstacle and managed to keep their club busy in other ways. The Swim Club treasury was overwhelmingly profitable last year and the girls were fortunate enough to be able to omit time consuming fund raisers. Instead, the swimmers painted bright, encouraging, and spirited banners for the water polo games. They also trained intensely outside of the pool to prepare themselves for the demanding spring swimming season.

Below: "This sure beats doing 20-fifties on the 45 seconds," exclaims a relieved leanne Robertson. **Below Right:** Susan Oyakawa, Julie Lyne and Rose Ann Virzi share a few jokes while painting signs.

INTERACT

Inter-Action

"On my honor, I will try:
To serve God,
My country and mankind,
And to live by the Girl Scout Law."

Blair's Interact Club traveled back in time to the good old days of Girl Scouting. Members assembled every Wednesday at Villa Esperanza and met with Troup 391. In this particular, heartwarming group all of the girls were mentally handicapped. There was an abundance of eager participation in games and singing and it was a valuable experience for everyone.

Interact also serviced the community by wrapping gifts and food baskets for the Salvation Army during the Christmas season. Advisor Mr. Ed Wallar, President Shelly Knowles, and Vice President Anne Esbenshade directed all of the club's events throughout the year. Interact's unceasing generosity was characteristic of the club's goal to aid the society in any way possible.

Journalists Triumph in '83

The 1982-83 North Star staff produced an informative newspaper. The ideas and inventiveness of the staff members progressed through the fall and spring editions. They worked enthusiastically to create a 6-8 page publication which included mind boggling crossword puzzles, captivating articles, and controversial editorials.

In planning this year's fund raisers, the staff pulled together to come up with new approaches for profitable results. There were candy sales in the fall semester and the Christmas ornaments sold in December earned a very merry profit.

Working diligently, co-editors Kathy Zirbel and Brent Watts promoted writing skills under the direction of Miss Virginia Berretini, whose radiance and encouragement showed in her staff's work. At the beginning of the year she observed the journalism classes of other high schools and at U.S.C. with hope of achieving new literary skills.

Through the dedication and organization of the staff, the North Star became a prominent and familiar part of Blair High School.

BICYCLE

Cyclists Endure

Blair recognized a new activity club in 1982-83 as Mr. James Dangerfield and Mr. Ray Joiner gathered a group of riders who in their first year showed great enthusiasm in extending their cycling skills.

The group enjoyed leisurely weekend rides, but their main goal was to accomplish the strenuous Century Ride of one hundred miles. In achieving the Century Ride the members encountered the hills and back roads of Tujunga Canyon, Crystal Lake, San Dimas, and the piers of Long Beach. It was essential for the group to be familiar with assembling and dismantling their bikes for long distance rides.

The bicyclists utilized the club to increase their level of endurance and express their dedication to the sport.

Will I.C.C. U at the Meeting?

The 1982-83 Inter-Club Council made a few more steps this year in its quest to become the smoothest running operation on campus. With the addition of a new position, the council became more focused as well as efficient. A.S.B. recognized it as an excellent tool in which to communicate with the masses at Blair, and used it extensively in the Leadership Conference.

With the passing of an amendment last year, the position of Clubs Commissioner was introduced. Brian Stevens was elected as Blair's first commissioner and he did an admirable job. His position consisted of

chairing the meetings and keeping the discussions rolling. Helping Brian with the task were officers, Mark Serrurier and Emily Wong.

In Blair's Leadership Conference, most of the members of I.C.C. were chosen as delegates. They came to represent their clubs and provide the ideas and suggestions brought up by their club members. It was decided that I.C.C. must be utilized to its full capability in order to bring more unity to the school. Although this was not a year of action, I.C.C. built a firm foundation as the governing body of clubs.

Star-Struck Club

Blair's Astronomy Club reached for the stars this year with much enthusiasm. The purpose of this club was to develop the minds of students in science and astronomy. The club members were able to intermingle and make new friends who shared the same interests. Advisor Mr. James Hsu organized several fascinating field trips to the Museum of Science and Industry in Los Angeles and to Griffith Park Observatory. Cal Tech offered a series of science lectures for high school students of which the club members faithfully attended. The highlight of their activities was undoubtedly the overnight camping trip in the mountains. The aspiring astronomers marveled at the intriguing aspects of the stars and our universe.

Astronomy is a rapidly growing club that is looking forward to many years of serving Blair's students with unlimited boundaries to explore.

L.A.S.A.

Latinos Show Their Pride

Since the beginning of the Latin American Student Association, over a decade ago, the club has flourished into one of the most prosperous organizations on campus. Their 1982-83 year abounded with a continuous flow of fundraising activities.

Five dances were held during the year and there were excellent turnouts including the supportive LASA members and hundreds of their friends and acquaintances. Chocolate bars, lollipops, candy apples were also sold on the campus. The club had good reason to fill their activities' calendar with so many fundraisers. The profits were needed to finance the Latin American Students' graduation dinner and dance which was held at the beautiful Agajanian Hall in Pasadena. Some 200 to 250 parents and

relatives of the graduates attended this formal occasion and the music of a specially selected band livened up the evening. Not only were all of the Latino students given a free ticket to the celebration, they were individually presented with a handsome, gold plaque bearing their name. As is traditional, the club awards about twelve ambitious graduates with scholarships to assist in furthering their education.

The demands for direction and organization were great, as were the sustenance and stability of the advisor and club officers. Mr. Mario Gallo, President Rosalinda Meza, Vice President Patricia Guzman, Secretary Nina Berrios, and Treasurer Virginia Paniagua aimed their year long efforts towards unifying the Latin American population at Blair High School.

King Commemo- rated at Blair

The day of Dr. Martin Luther King's birthday attracted a memorable audience to the Blair gymnasium on January 13th, as the students were entertained by slides, speeches, and songs. One of the many songs sung was led by the Mayor of Pasadena, Loretta Glickman, with musical accompaniment provided by the J.C. Singers, directed by Mr. James Cousins. The tribute, entitled "We Salute the King," was carefully planned and smoothly presented by the Black Student Union. The culmination of the week's events in memory of Dr. King was ended with a special luncheon that was held in Mrs. Chandler's room. The B.S.U. members brought a variety of appetizers and entrees that were shared among the Blair faculty. The jovial atmosphere was extended once again through the J.C. Singers who entertained everyone with their lively, spirited songs.

Advisor Mrs. Phyllis Brookins and the club officers, President Leslie Kirksey, Vice President Earnestin Thomas, Treasurer Misty Tolbert, and Secretary Sharonne Bowers guided the B.S.U. through such productive fundraisers as a pickle sale and also the selling of festive, holiday stockings at Christmas.

The Black Student Union will continue to strive towards their main objective of promoting black awareness in our school and celebrating Martin Luther King who set all precedents for racial equality within our society.

SPANISH

Food for Thought

If it seems like the fun-loving members of the Spanish Club have been getting a little chubbier, then it probably isn't your imagination. This club has devoted most of its energies towards learning about the Spanish culture and language through tantalizing and toothsome Spanish culinary delights. Throughout the year the members made several excursions to various Mexican restaurants in the Pasadena area.

Advisor Dr. Jack Battaglia arranged for the club to spend a leisurely day at Olvera Street in Los Angeles. The bright, cheerful atmosphere at the Mexican festivities made it an enjoyable outing for everyone. The members browsed through the small shops and were frequently amazed with the meticulous handiwork of many products. The food lovers of the club refrained from shopping and immediately discovered where the mouthwatering delicacies could be found.

The casual attitude of this club made it a very popular one among the Blair students. The Spanish Club was managed in a very organized manner and the attendance at the club meetings every Tuesday was indeed impressive. Maybe this proves that the best way to get to Blair students is through their stomachs.

Skiers Were In Heaven at Purgatory

Skiing is generally regarded as one of man's most enjoyable pastimes and this year the Blair Ski Club verified this fact in force with a seventy member organization just rearin' to hit the slopes for some "radical mogul bashing vitality and enthusiasm never felt before. Ms. Wyckoff had so much vitality in fact, it has been rumored that none of Ben Steelhead Jr.'s (Co-Advisor) or John Jeffries' (President) vitality was ever even called for. Being local President of the U.S.S.A., she did a fine job of getting massive discounts for everyone on the week long trip to Purgatory, Colorado.

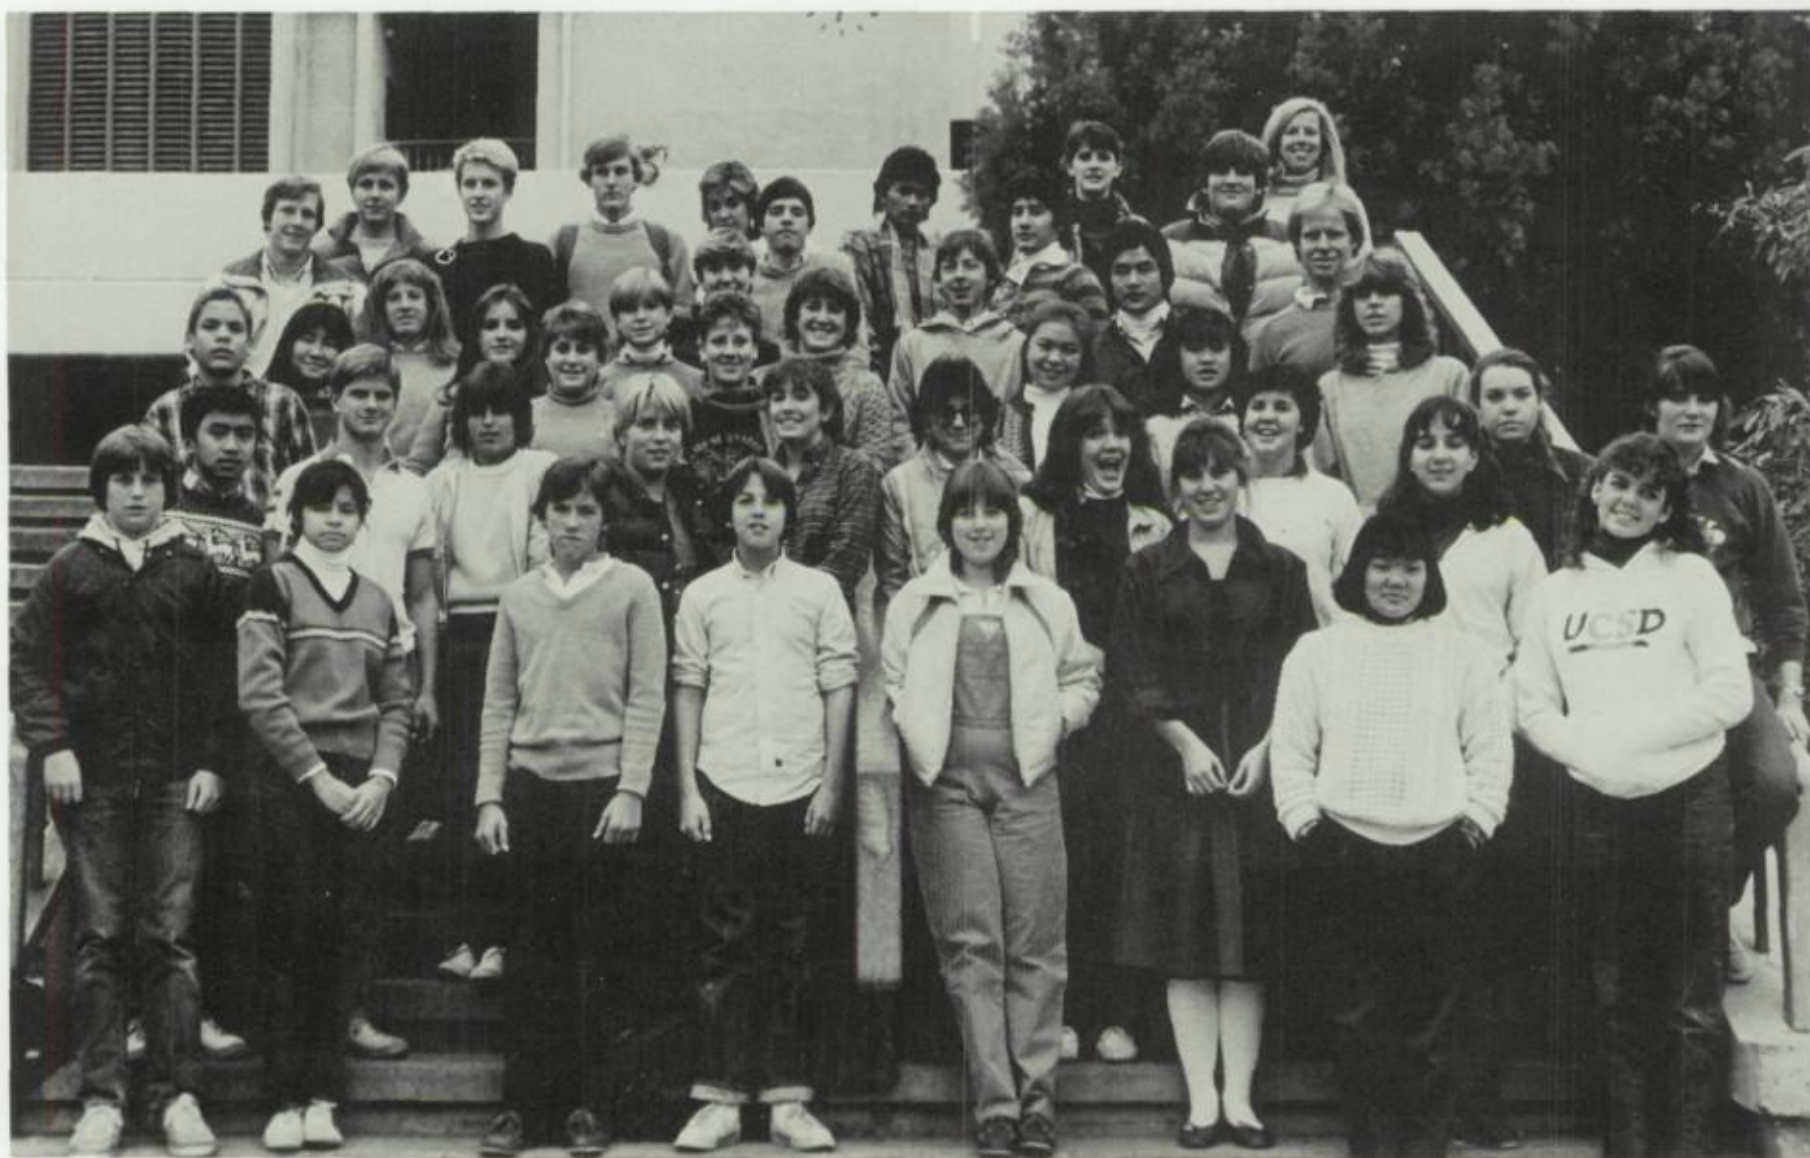

The trip took place during the Eastern vacation and was not an experience soon to be forgotten: phrases such as "mondo party animal," "Why not do it in a hot tub?" and "her moguls were as pure as the driven snow" are still very popular around the snow-crazed clan on the very unskiable Blair campus.

It was a fabulous combination of fun people, fantastic conditions, and a formidable night life that led everyone discover the true party spirit lurking within their wanton souls.

In a year of social discontent and constant clique reconstruction it was a hearten-

ing experience to find an organization where personal arguments were put aside in favor of indulging in the very pleasant feeling of ripping through the snow with the tremendous velocity of a greased MX missile. It was a memory to be cherished, allowing seniors to enjoy each other one last time and enabling all others to realize that there is more to life than the pretentious social revelations of a small, Pasadena school.

Thank you everyone for making it what it was.

TENNIS

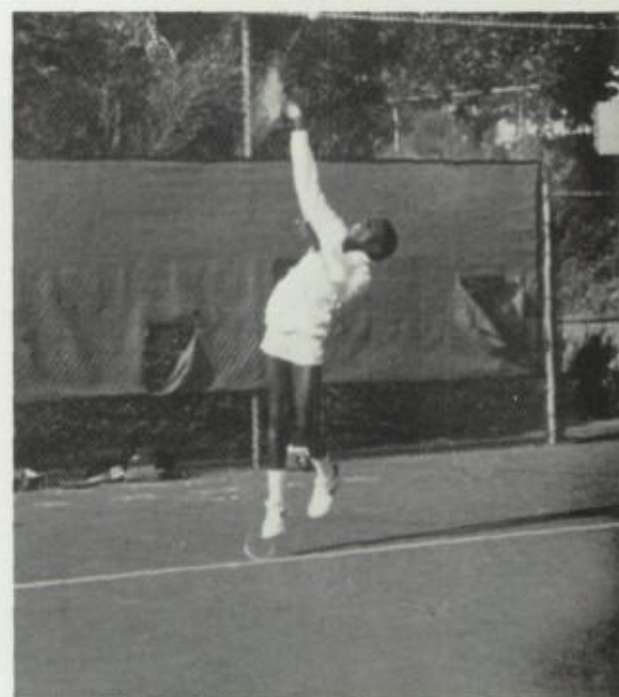

Tenathon Proves Profitable

When was the last time you spent five painstaking hours steadily pounding out forehands and backhands, stinging volleys, booming serves, and obliterating overheads? The 1982-83 Blair Tennis Club successfully endured two Ten-a-thons in the winter and spring months. The members were well rewarded for their physically exerting endeavor. The collection of pledges for each game played and various donations yielded an impressive addition to the Tennis Club's treasury. The Boys' and Girls' tennis teams were hopeful that the money would provide them with

new warm ups and/or uniforms.

A small group of tennis enthusiasts took a private excursion to the Forum to view the dueling exhibition match between two superstars Bjorn Borg and Jimmy Connors. The members had the opportunity to perform an exhibition of their own at the Blair P.T.S.A. Benefit Tennis Tournament.

Advisor Mr. Charles Lamb was delighted in the rising popularity of this club at Blair. He collaborated with President Paula Chan to guide the club's efforts toward developing interest in tennis and increasing the skill level of its members.

Hispanics Unite

There were many Blair organizations dedicated to cultural learning, but one of the most noteworthy was Moviento Estudiantil Chicano de Aztlan. The club members not only gained knowledge of their culture, but also acquired knowledge of themselves. To stimulate the member's interests, Advisor Mr. Aaron Sotelo took his students to universities to observe culture presentations with hope of reaching a gradual recognition granted to Hispanic students on and off campus.

Pulling together, club President Jaime Salazar and the Mecha members initiated a profitable fundraising campaign. The campaign was launched with a dance, car wash, candy sales, and it climaxed with a car show held in mid-December. The crowd pleasing event provided such attractions as custom built cars, four wheel drives, and even some rare collector's items. The proud owners displayed their cars with well deserved trophies from previous contests.

The original purpose of Mecha was to organize and unite the Hispanic community. With the passage of time Mecha became an integral part of the school and A.S.B. came to rely on their support.

Yearbookers

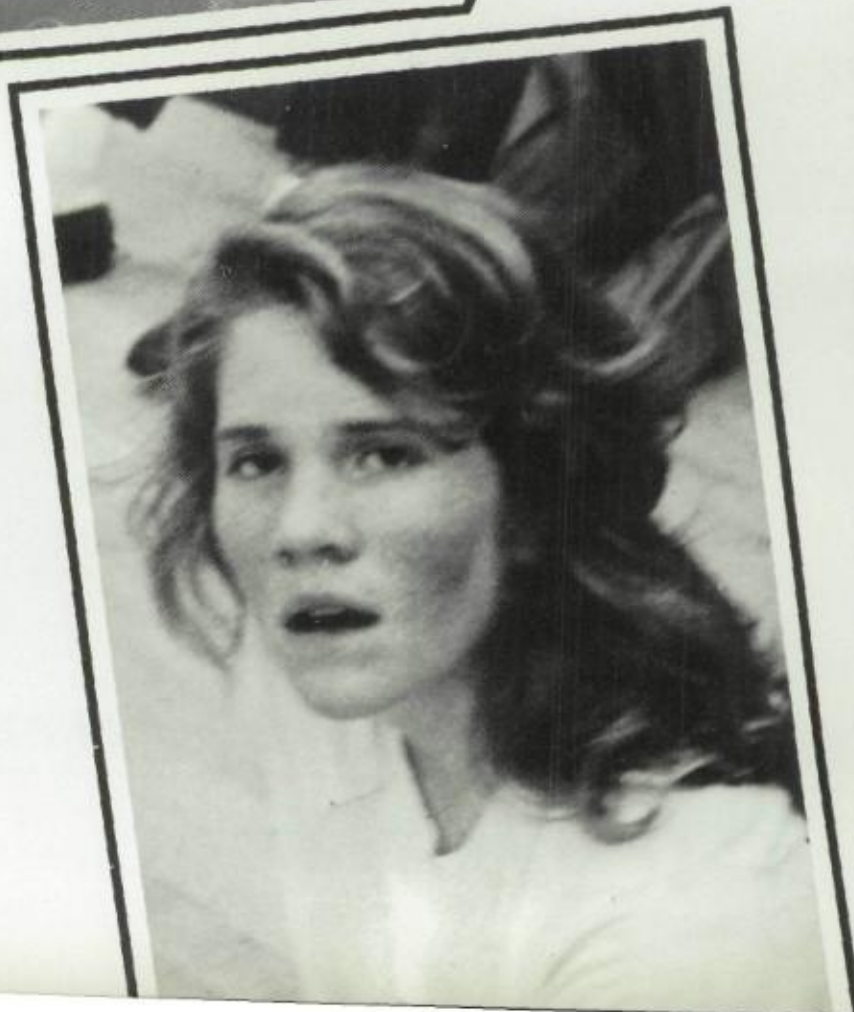

Co-Editor-in-Chief Michael R. Miele's only comfort from the rigors of yearbook.

"Come on baby, not even for a World's Finest?" The Slimy Limey (John Jeffries) strikes again!

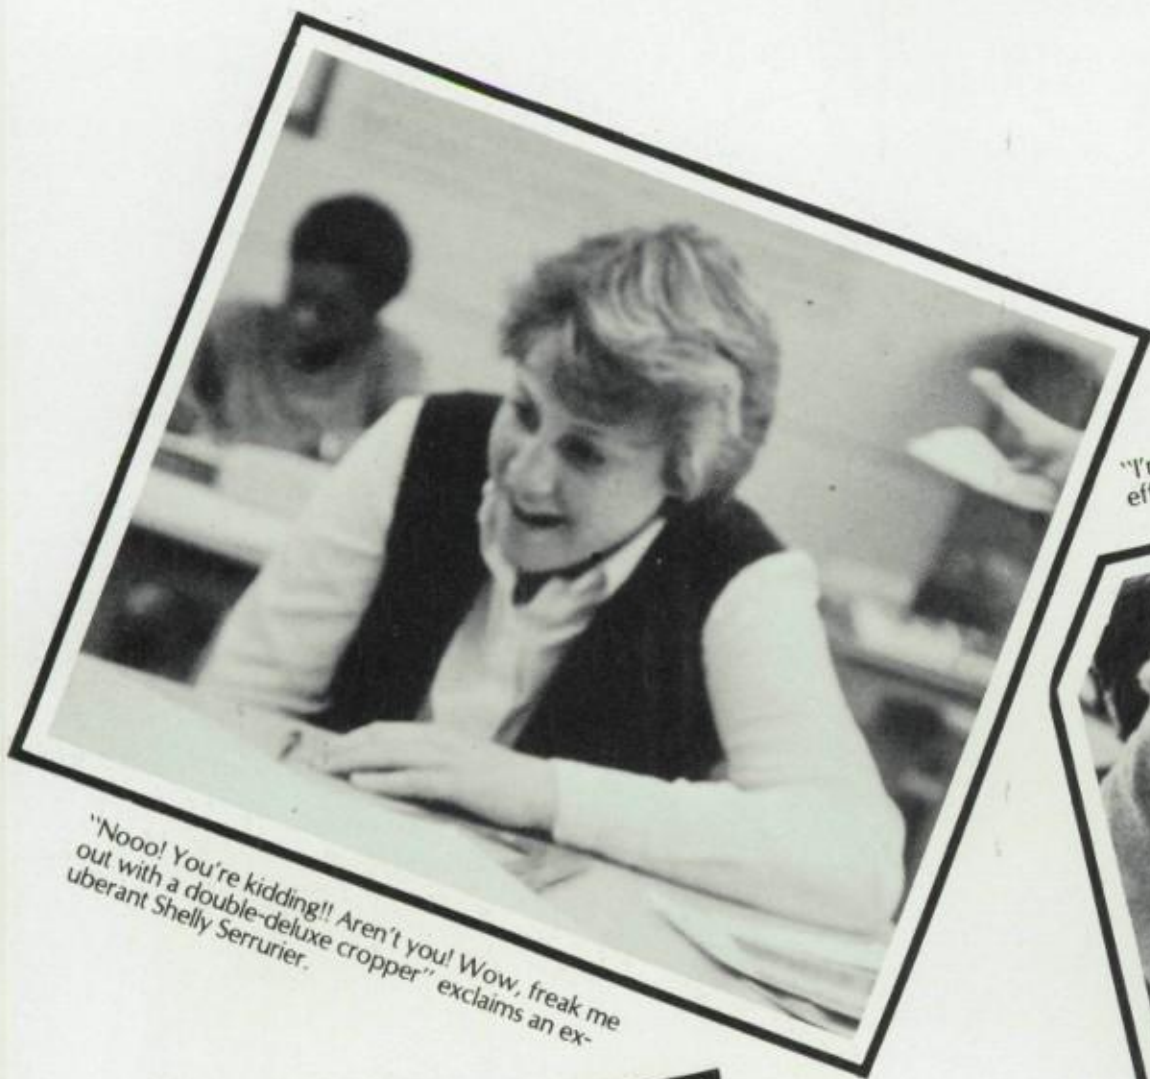

"I QUIT!"

"Come on boys, yearbook could be so much fun!" says Darnetta Smith in her bid to recruit new photographers.

"Nooo! You're kidding!! Aren't you! Wow, freak me out with a double-deluxe cropper" exclaims an exuberant Shelly Serrurier.

No Lisa, we're sorry, it's not alcoholic.

"I'm too darn nasty for my own good," Missy Miele explaining her effervescent personality.

"Life is made of small comings and go-
ings, and for everything we take with us,
there is something that we leave behind."
(*'Summer of '42'*)

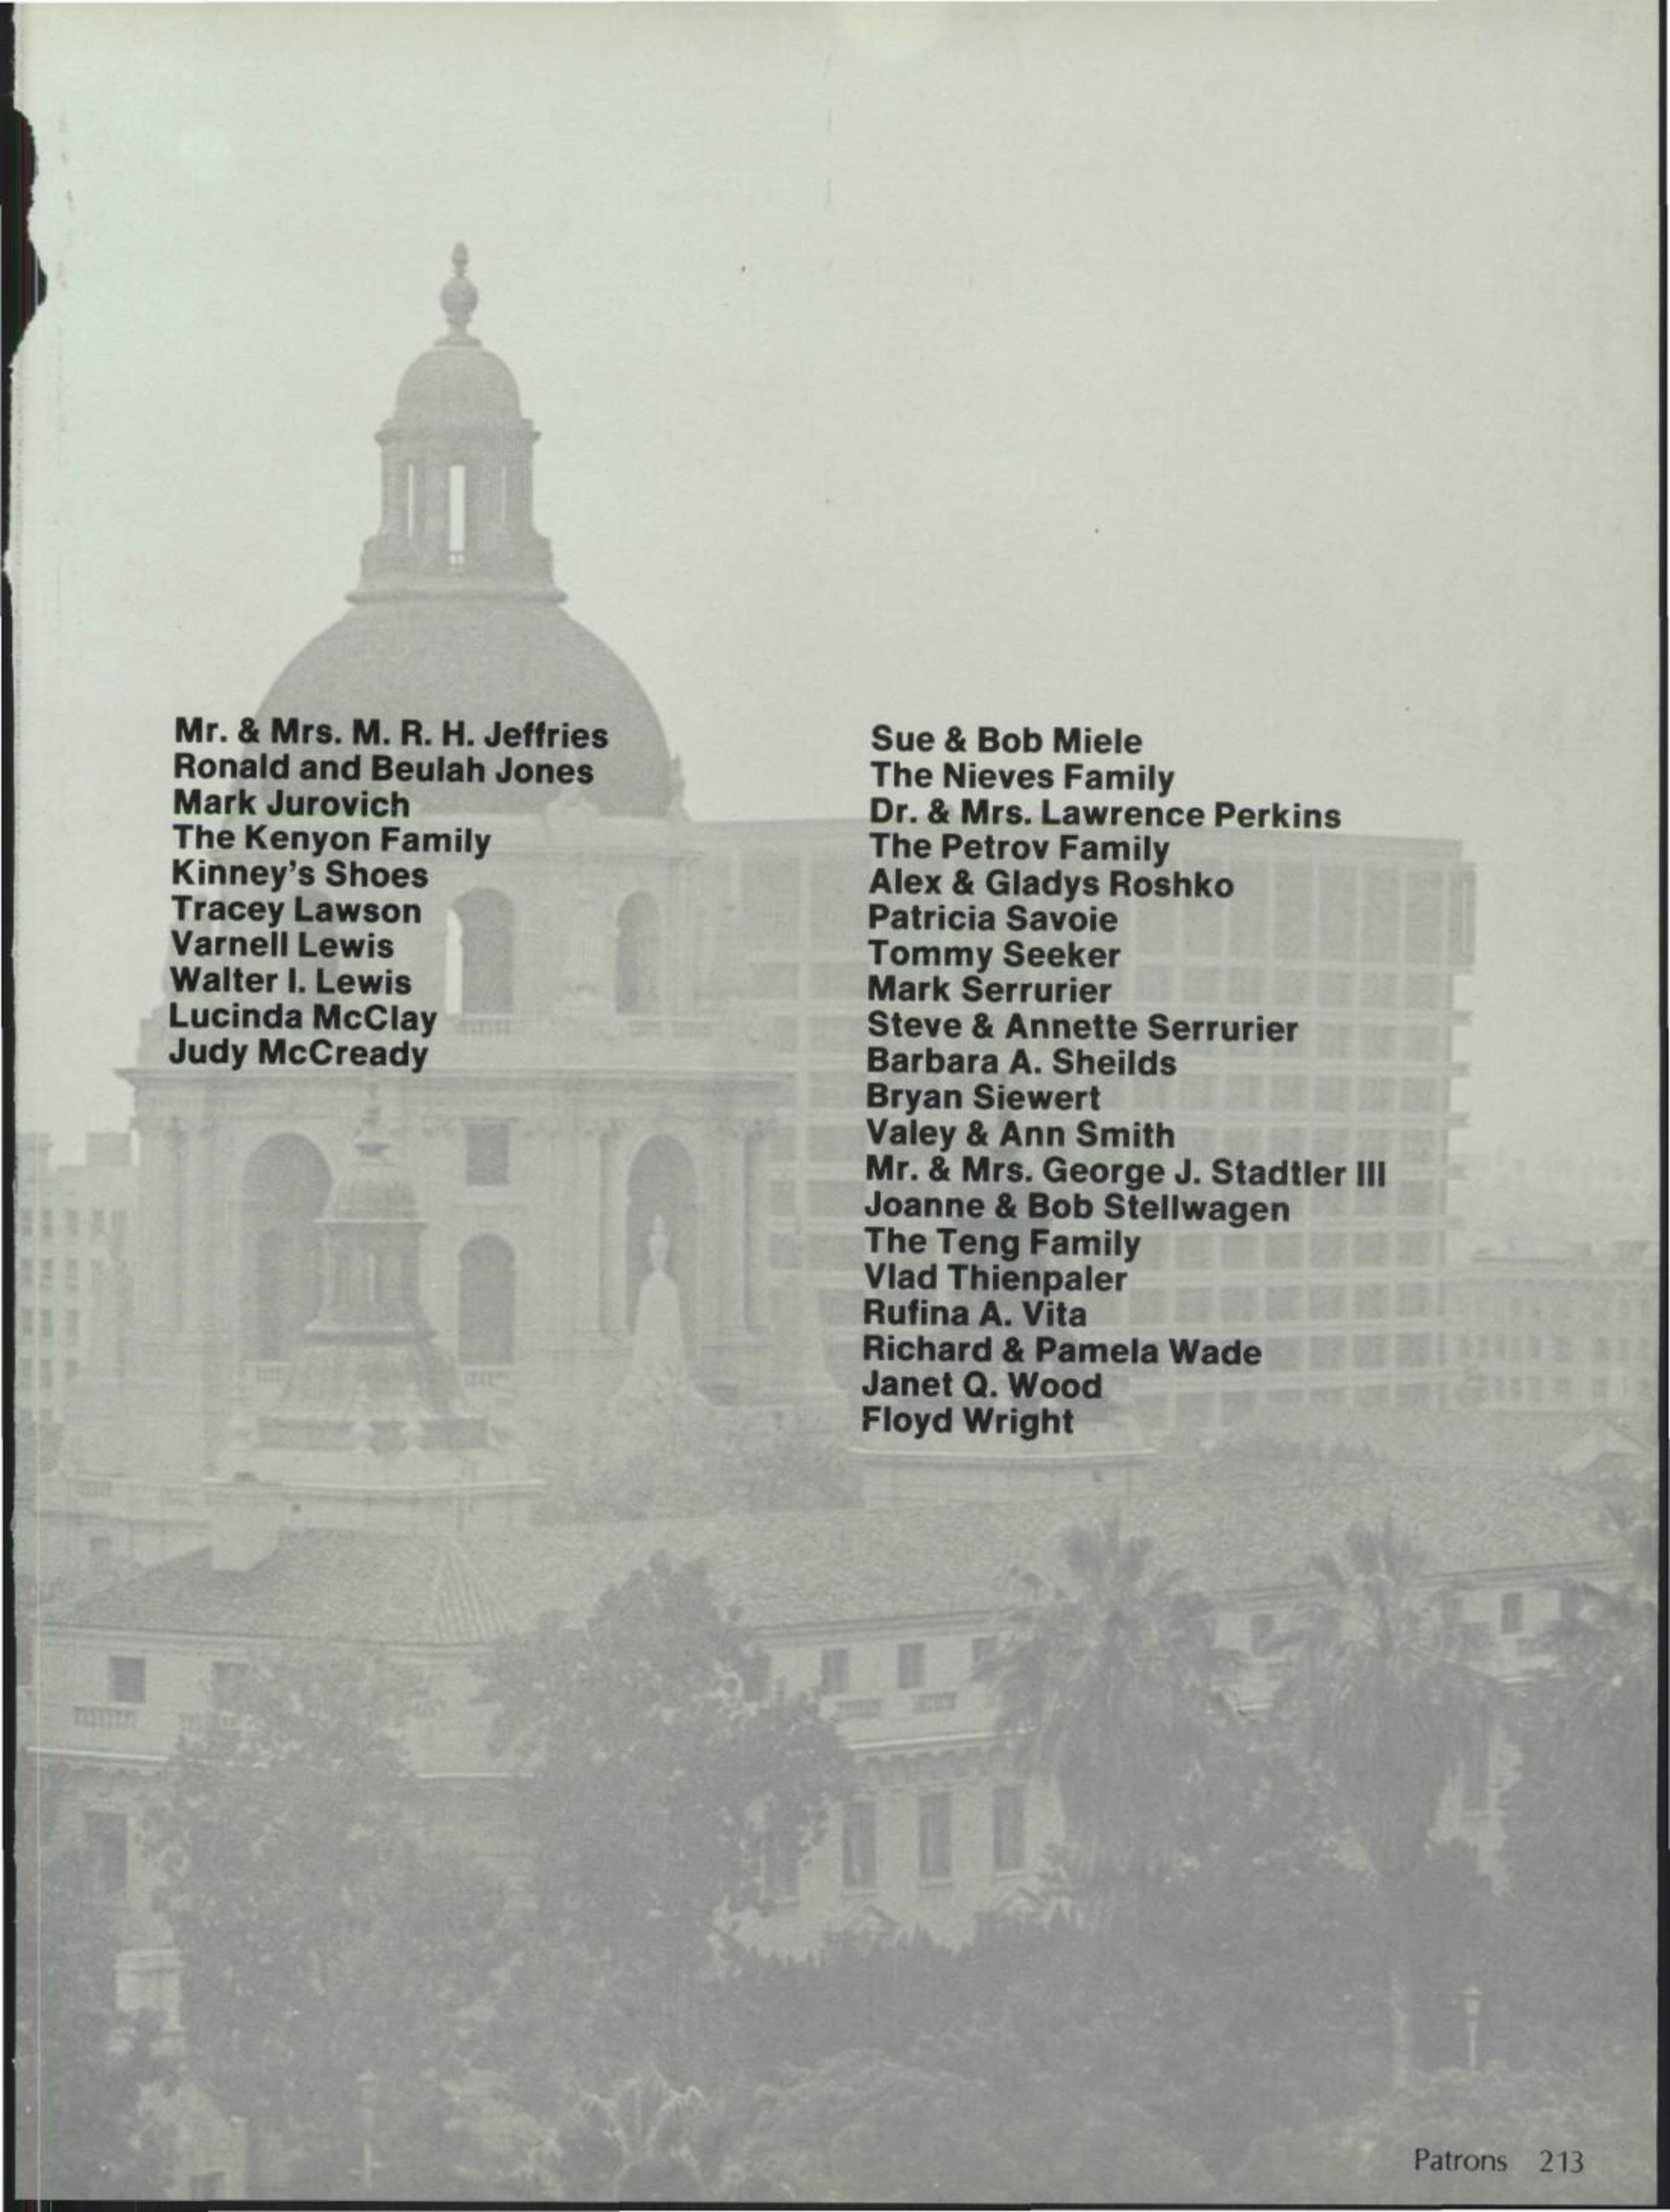

We have toured Pasadena completely. The activities, the clubs, the academics, the people, and the sports: we've seen it all. But what do we best associate with Pasadena? What will live on in our minds forever as the days of youth and joy? When we finally focus on what Pasadena is to us all, we come back to Blair High School. For those of us who are seniors, we say good-bye. Four years of our life were lived in these classrooms, these halls, in this gym. Pasadena has one thing that is common to us all and that is Blair. We close our book now with a dedication to you, the people of Blair High School because you are what Pasadena is really all about.

LISTEN TO THIS:

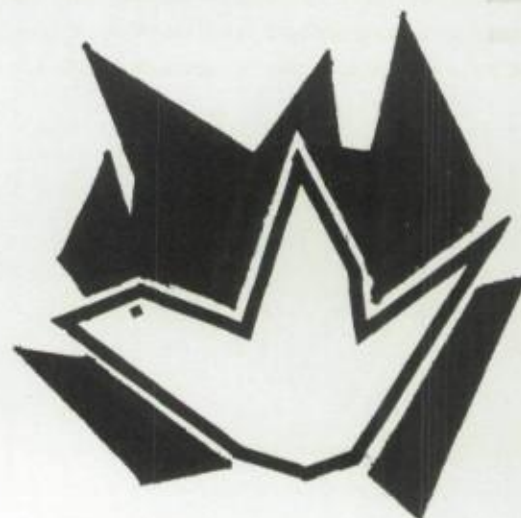

There is an alternative to compulsory military service. If you have moral, ethical, or religious objections to participation in any war or military training, you can be a conscientious objector. The Central Committee for Conscientious Objectors is an organization engaged in a nationwide effort to inform people about Conscientious Objection and related peace issues. Shari,

Yesterday, I watched you go off to school for the first time. Now it's a graduate's cap and gown. For the future, seek me not to approve or disapprove. For I will love and stand beside you no matter the path you choose.

Love Mom

Congratulations Waunette (Pumkin) on your graduation. Remember to put God first in your life, continue your education in a higher field of interest and your success will excel.

ATTENTION ALL SENIORS!

You have now reached the stage in life when you become eligible for draft registration. Having carefully considered all our options, we feel that rather than participate in any form of combat, nuclear or otherwise, we would rather classify ourselves as Conscientious Objectors. This status implies that you are against any form of violence and are not prepared spiritually or mentally, to partake in any form of national military movement.

We strongly urge you to consider carefully all your personal beliefs in this matter and then make your choice accordingly.

Peacefully yours,
C.O. John and Mike

My friend died.
I don't understand you, God.
I don't understand your timetables
 where the living dead live on and long to die
 and one so young, so filled with life and love is gone.
I have to deal with sorrow in my own way.
From the crest of a skier's hill, I need to race the pain
 outrun the tears
 rush past the anger and the loss —

 but the speed of grief transcends my need
 and leaves me spent and lonely still.

Now on this frozen, silent hill,
 o I lay my grief before you to be healed.

Lord, I can find no answers, help me to find acceptance.
Though the pain remains
 let the new day begin for me without bitterness.

 ZIONTA CLUB 184

... A warm September morning,
I dress nice for registration and pictures.
Long line in hot sun means irritating sweat
But I don't notice because I am nervous and . . .

I am a Freshman

That was almost four years ago.
Six classes and they tell me I pick my own teachers,
Who cares? I don't know any teachers
Older people look, and laugh

Because I am a Freshman.

Who cares? I can't help it.
Three campuses: A, B, and C.
But B doesn't count;

it's the gym (is that really a gym?)

Silly system, this place
Funny Time Schedule
Funny Rules
Funny Gym
Funny People
Funny Place

SOPHOMORE SLUMP

Six tough classes or was it seven . . .
ChemistrEnglisAlgebraFrenchlHistorA.P. . . Oh lck!
"Whooooo Did It?!"

Funny Freshman days are over . . .
But that's all right.

Football — Basketball
F. Crutcher — S. Holliday
C.I.F. — C.I.F.

YEA TEAM!!

Join band, could be fun . . .

Why only 8 people?

Fun these people, these times,
Not just faces in crowd
But faces with names
Names of Friends.

"Sophomores aren't bad."
"But you have no money"
"Sophomores aren't bad."
"You have a guy for princess"
"Sophomores aren't bad."
"But what about assembly, Matt the Stat, 'B.A.' "
No Comment

Hard work, difficult classes,
but Junior year is fun.

Parties! Meet People:

"Hi! What's your name?"
"What classes are you taking?"
"Uh . . . well . . . How 'bout them Dodgers?"
(Turn red, shuffle feet, itch ear,
stare at floor, check zipper)

"Which way is the punch bowl?"

P.S.A.T. . . . Foul-up, Oh well, that's life.
The work starts to become too much but . . .
games . . . dances . . . parties . . .
the work somehow gets done.

Yearbook . . . Layouts . . . Deadlines . . . Late hours . . .
Very Different People
Very Funny People
Very Friendly People
Very Good Friends
Very Wonderful . . .
Seniors leave . . . Bye-Bye.

"You're a Senior!"
"Not me"
"Yes you!"
"We have no money"
"Get on the stick and earn it!"
. . . Oh.

Have you heard yet?
College Applications (Why do they ask such stupid questions)
Have you heard yet?
Scholastic Achievement Test (Oh No, Mr. Bill!)
Have you heard yet?
Deadline (Not yet, I'm not ready)
Have you heard yet?
What am I supposed to write about myself?
Have you heard yet?
Puget Sound? Where's that?

The life of a senior is so hectic,
One big head-line:

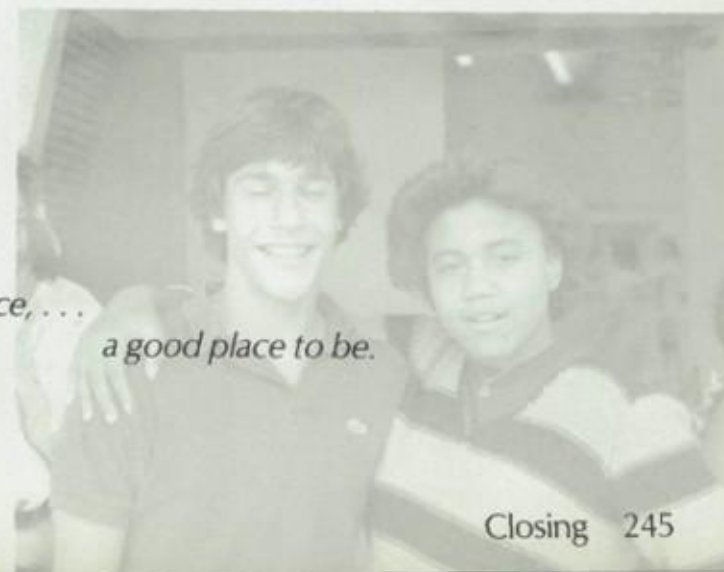

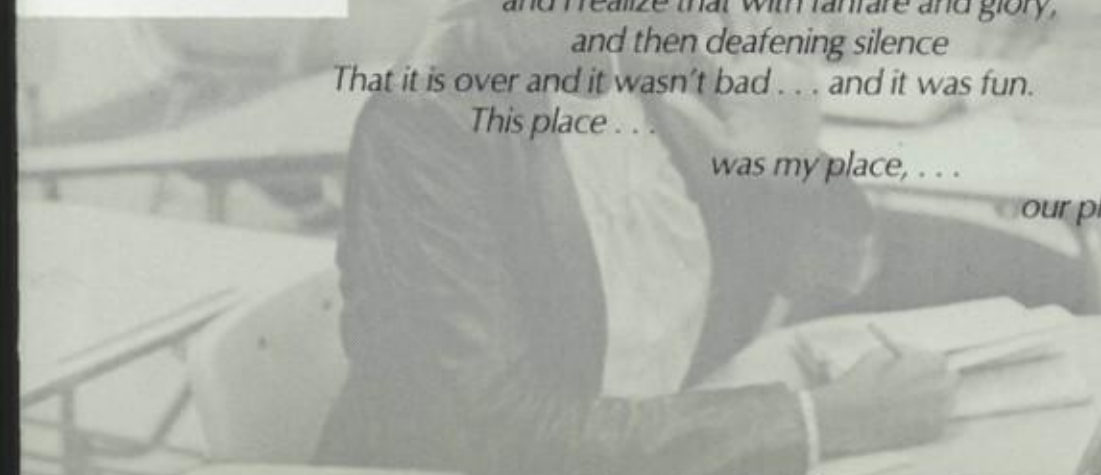

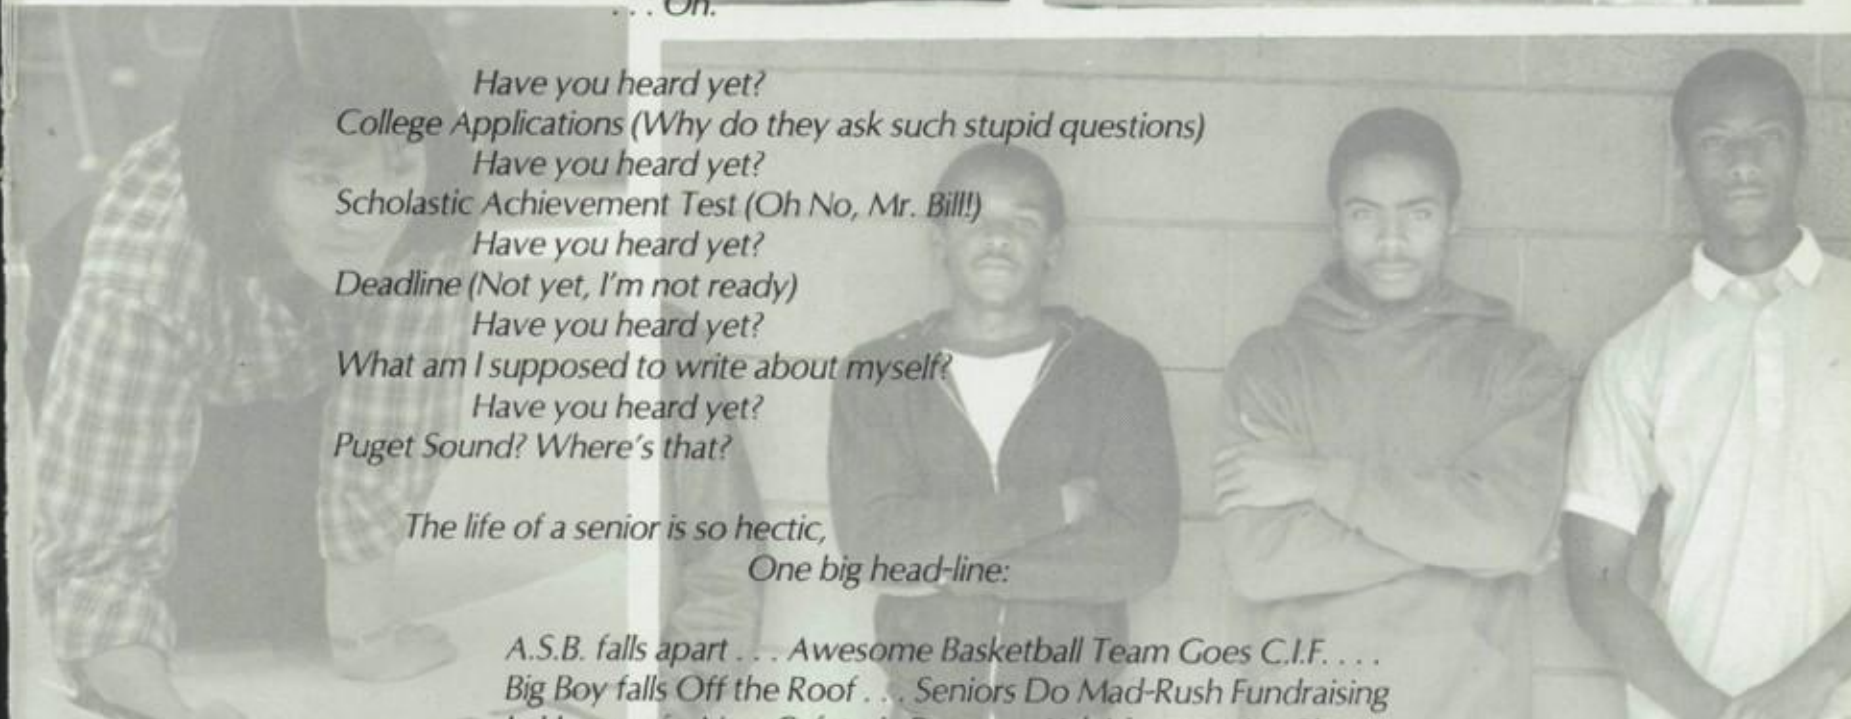

A.S.B. falls apart . . . Awesome Basketball Team Goes C.I.F. . . .
Big Boy falls Off the Roof . . . Seniors Do Mad-Rush Fundraising
In Hopes of a Non-Cafeteria Prom . . . Kaleidoscope is a Blast . . .
. . . and suddenly,

the headlines are over . . .

As I sit here in the empty amphitheatre and
Reflect,
Contemplate,
Ponder these last four years,
A mood of submissive sadness falls over me . . .
and I realize that with fanfare and glory,
and then deafening silence
That it is over and it wasn't bad . . . and it was fun.
This place . . .
was my place, . . .

our place, . . .

a good place to be.

The production of the 1983 SAGA is complete. After countless travels across our smoggy city through various methods and for many reasons, we have published the equivalent of about 2,700 staff-hours of nonstop labor. We've had our heart attacks, our schizophrenic breakdowns, our successes, and our failures. It was hard work, but the returns are immeasurable. However, without the assistance of many non-staff people, this publication would not have been possible. We would like to

extend our thanks to Mr. Jerry Garden for his patience in designing our cover, Mr. Viga Hall for being such an obstinate pain in his rejection of mediocrity, Mr. Reuben Madrid, Mr. Jim Dangerfield, and Bryan Siewert for their fantastic photographic contributions, and whoever designed Liquid Paper for keeping our mistakes to a bare minimum.

Most of all, we thank our patient advisor, Mr. Ben Steelhead, and our dedicated staff for sacrificing their free

time and refusing to die when confronted with massive advertising campaigns, tons of problems, and a \$25,000 budget. With this note, we conclude our yearbook and this school year with hopes that they hold as many memories for you as they do for us.

Your Co-Editors,
Karen Baldeschwieler
and
Mike Miele
